College of Lake County Engineering Pathways to the University of Illinois
Guaranteed Admissions Transfer Program

Who is considered for admission?
• High school seniors who plan to enroll at CLC for the first time.
• Strong applicants are those with mostly A's and B's in high school
• Strong ACT/SAT, Aleks placement test math scores
• Interest in engineering as indicated by essay
• Optional: Students having successfully completed a “pre-pathways” year of study at CLC
• Optional: Students becoming eligible for Calculus II and Chemistry II in the Spring Semester of their first year at CLC will also be considered for admission

How does the program work?
• Students must be enrolled at College of Lake County full time (at least 12 credit hours) each semester
• Students develop an academic plan in consultation with CLC and UIUC advisors
• Students must complete required courses for their chosen track
• It is recommended that students complete the College of Lake County Associate in Engineering Science (A.E.S.) degree
• Students must maintain an overall 3.5 GPA and earn A's and B's in all technical courses at College of Lake County
• Students completing the requirements successfully are guaranteed admission into the UIUC College of Engineering
• An estimated 90 percent of students successfully completing the program at CLC receive their first or second choice of departmental majors at the University of Illinois

Application process
Apply to CLC at www.cclcillinois.edu/enroll
Take the ALEKS math placement test at CLC. Information can be found at www.cclcillinois.edu/aleks
Apply to the Engineering Pathways program online at pathways.engineering.illinois.edu
Include high school transcripts with your application.

Early application deadline: Dec. 15, 2019
Notification: Feb. 1, 2020

Final application deadline: Apr. 15, 2020
Notification: May 1, 2020

Applications submitted after Apr. 15 considered on a case-by-case basis.

What intended majors are eligible?
Aerospace Engineering
Agricultural and Biological Engineering
Civil and Environmental Engineering
Computer Engineering
Computer Science
Electrical Engineering
Engineering Mechanics
Engineering Physics
Systems Engineering and Design
Industrial Engineering
Materials Science
Mechanical Engineering
Nuclear, Plasma and Radiological Engineering

Note:
• Bioengineering does not accept transfers.
• Chemical Engineering is in the College of Liberal Arts and Sciences and does accept transfer students from CLC, but is not part of the Pathways program.
