

ITALIAN CLASSES

Why Learn Italian?

Because so much of our world is increasingly globalized and interconnected, it is becoming more and more necessary to learn a foreign language as part of many jobs.

Italian is an essential part of many industries. If you have family connections to Italy and/or if you are interested in **music, art, food, fashion**, etc., a working knowledge of Italian will open up a lot of professional and academic opportunities:

- cuisine
- fashion and design
- car industry
- publishing
- tourism

Do you speak Spanish? Then, you would probably have enough foundation to understand, read and speak Italian -both are part of Romance languages.
