3	Nov 1, 2010 7:42 PM	I believe the Somethings Brewing cart should have running water for health reasons. Recently a staff member came on the job and didn't even clean her hands before she started working with food.
4	Nov 1, 2010 7:49 PM	i like the care that I get
5	Nov 1, 2010 7:50 PM	Parking lots are TOO FAR from buildings! Ten minutes to get inside is out of line when wind chill is -20!!!!
6	Nov 1, 2010 7:51 PM	Horticulture Building- Rooms always COLD anytime of the year! It would be great if we could have the CLC newspaper available for us to read.

- 20 Nov 1, 2010 8:42 PM The police station is great. I always see the presence of a police man which makes me feel very secure, even coming in at night.
- 21 Nov 1, 2010 8:45 PM there needs to be additional computer classrooms. as a student of paralegal studies, there is one class i'm taking that starts out in one room, and moves to a computer lab for the last hour of class (it's a once/week class). the instructor really wanted a computer lab for the entire class, but was unable to procure one. so we waste about an hour just waiting to get into the lab to do our weekly projects.
- 22 Nov 1, 2010 8:46 PM Counselor staff - Very dissatisfied. Mised to believe an associate degree would transfer to a four year University.
- 23 Nov 1, 2010 8:51 PM Being a night school student, I have come to realize that the part-time teaching staff for night classes can be good or bad. For the most part, I have had good experiences. However, there have been a couple teachers that I have seriously considered filing complaints against because of their attitude and demeanor.

- 46 Nov 1, 2010 10:16 PM Luckily most of my classes are in the new T building with nicer classrooms and washrooms, but I also have classes in the A wing and it is horrid over there. The hallways and classrooms have low light making them dark and the washrooms are old, smelly and always a huge mess.
- 47 Nov 1, 2010 10:16 PM the individual piano rooms are really nice..
- 48 Nov 1, 2010 10:19 PM Book store was easy to find, very helpful and no waiting.

- 52 Nov 1, 2010 10:27 PM I believe that student activities needs to have more space, and I also believe student activities needs a conference center. I also think that new and more inviting and comfortable furnature in the atrium would be beenefitial.
- 53 Nov 1, 2010 10:31 PM (1) Computer Labs: A big plus: Student access to open labs for computer study, and photography printing. []
(2) Library: A big plus: Opportunity to borrow digital camera for 3 days for students studying Digital Photography[]
(3) Library: If the library could offer a greater number of class textbooks for check out, that would be a plus for students who can not afford to purchase the books.

69 Nov 1, 2010 11:37 PM I love the T building. It feels clean & modern.

- 83 Nov 2, 2010 1:11 AM The theaters are wonderful!
- 84 Nov 2, 2010 1:11 AM The bookstore is in need of a facelift.

- 87 Nov 2, 2010 1:23 AM the financial aid department is not always pleasant maybe because they are understaffed .and not well informed
- 88 Nov 2, 2010 1:31 AM The grounds and parking lot areas are very attractive
- 89 Nov 2, 2010 1:31 AM No
- 90 Nov 2, 2010 1:33 AM main lobby, wish it was more open for student use
- 91 Nov 2, 2010 1:43 AM No.
- 92 Nov 2, 2010 1:51 AM desks in the classrooms- more table- like ones work easier for all the books we need to use.
- 93 Nov 2, 2010 1:52 AM The bathroom toilets flush too often.
- 94 Nov 2, 2010 1:56 AM More coffee kiosks!!
- 95 Nov 2, 2010 2:02 AM the outside area, doesn't matter where you walk there is a smoker in each entry walkway. There should be a designated area for smokers. On days that it is nice out I like to try and sit outside inbetween classes. I am unable to do that due to the smokers in each area.
- 96 Nov 2, 2010 2:04 AM Nothing
- 97 Nov 2, 2010 2:08 AM job center could have a lot of people there to help because i went there couple of times and no one was there to help me

- 98 Nov 2, 2010 2:10 AM none
- 99 Nov 2, 2010 2:18 AM The horticultur building was unkempt at first, but then new plantings were planted and now it looks better.
- 100 Nov 2, 2010 2:20 AM the map of the campus is layed out perfect to know were to go to class
- 101 Nov 2, 2010 2:37 AM no
- 102 Nov 2, 2010 2:54 AM The art wing is very pretty. The lecture hall needs more comfortable seating
- 103 Nov 2, 2010 3:16 AM the lancers dining room needs more space and better color choices, also a better food variety, more healthy stuff
- 104 Nov 2, 2010 4:02 AM Piano Study Rooms are awesome
- 105 Nov 2, 2010 4:05 AM The theater on the Grayslake campus is quite impressive and the theater wing is my absolute favorite part of the school in terms of appearance. Also, the black box theater room is phenomenal and very conducive for acting classes (if only more levels were offered!).
- 106 Nov 2, 2010 4:33 AM I do not have any in mind right now.
- 107 Nov 2, 2010 4:35 AM There are lots of ESL students and CLC has great faculties, but the facility is so poor, which looks like another facility. CLC should give much better facility for ESL education. It looks really strange. Also, CLC should improve some art studios. The ceramic studio is wonderful, but for example, the studio of sculpture is just messy and dirty and has poor equipment. For students this difference is so obvious, and looks so strange. Every art studio should be like the ceramics studio.
- 108 Nov 2, 2010 5:32 AM Temperature. It is always really cold in all class rooms usually colder than 72 room temp.
- 109 Nov 2, 2010 5:41 AM art department wing seems to be an after thought. i wish it was bigger and more equipped for the needs of the students and their work.

- 127 Nov 2, 2010 2:25 PM I would just like to state that the library usage is okay, but as far as books and articles that students need to look for, it could use some improvement.
- 128 Nov 2, 2010 2:29 PM None
- 129 Nov 2, 2010 2:31 PM N/A
- 130 Nov 2, 2010 2:41 PM I love the Campus in Vernon Hills it is very nice but i wish i had more classes available to me
- 131 Nov 2, 2010 2:42 PM outside areas: somewhat satisfied. There are too few places to sit and study outside.
- 132 Nov 2, 2010 2:46 PM The Southlake campus is the most accessible campus. Parking is easy and you don't have to walk forever to get to the building. I wish there were more classes there.
- 133 Nov 2, 2010 2:50 PM I enjoy the art placed around the school and the gallery by the library.
- 134 Nov 2, 2010 3:06 PM I believe the greatest improvement to the college to help students learn better will take place on the campus Internet site. Often we exclude blackboard and other Internet sites as part of the campus. On-line learning will be the campus that College of Lake County can improve that offers the biggest return in learning and enrollment. College of Lake County has a good on-line program but I believe that the on-line classes can offer everything a regular campus can offer an much, much, more. We need to think about on-line / Internet classes as a real campus. Often change is resisted until it is embraced and then we ask why did we resist.
- 135 Nov 2, 2010 3:09 PM I really enjoy the plant decor and water fall in the middle of the school campus on the first floor. Its very relaxing, and beautiful to look at.
- 136 Nov 2, 2010 3:14 PM Southlake Campus is really nice.
- 137 Nov 2, 2010 3:36 PM The back entrance to the technology department by the fitness center, the side walks are always dirty with what looks like dog feces. It just makes the campus look bad.

- 138 Nov 2, 2010 3:45 PM No
- Not at all satisfied.[]
- All staff offices should have windows or access to natural light. In the winter it's very depressing to come to work in the dark and go home in the dark and never see the sun.[]
- 139 Nov 2, 2010 3:45 PM - Individual offices should be away from common areas to avoid distracting noise.
- 140 Nov 2, 2010 3:57 PM Professors : satisfied.

- 145 Nov 2, 2010 4:41 PM Tech building is amazing.

154 Nov 2, 2010 6:13 PM Main Lobby -- doesn't seem very welcoming to the Public. Also I think the Information Desk needs to be enclosed -- it it very cold with the handicapped doors being right next to it. For Safety -- I think it should be enclosed!!

159 Nov 2, 2010 6:53 PM Outside area can be a little nicer with more benches and tables

160 Nov 2, 2010 6:59 PM I wish someone would enforce the "no smoking" areas so that you don't have to walk through a cloud of noxious smoke on your way to class in the evening.

161 Nov 2, 2010 7:00 PM All throughout the school seems dark and old fashioned. There should be better lighting thru-out the building and outside in the parking lots. I would rate the area a 6.

162 Nov 2, 2010 7:13 PM The chairs in the classroom are small and uncomfortable.

163 Nov 2, 2010 7:19 PM There are never enough computers available in the area by the testing center. If the classroom that is attached to it was open all the time that would make it a lot easier

164 Nov 2, 2010 7:27 PM No

- 165 Nov 2, 2010 7:40 PM Some of the tables in the study areas of A court and B court wobble, which is kind of annoying when you are studying and it is the only table available. I would rate these areas in between somewhat satisfied and not at all satisfied.
- 166 Nov 2, 2010 7:42 PM No
- 167 Nov 2, 2010 7:58 PM The Southlake is obviously a newer campus. Its a very nice place to go to. I have one class there. The bathrooms are clean and have no odors like in the C bldg.
- 168 Nov 2, 2010 8:03 PM I'd like to have closer student parking.
- 169 Nov 2, 2010 8:29 PM The PE center is amazing!
- 170 Nov 2, 2010 8:32 PM the lounge area near the cafeteria very nice and peaceful
- 171 Nov 2, 2010 8:48 PM none
- 172 Nov 2, 2010 9:04 PM The stairways in the T wing are too narrow. Washroom stalls in the T-wing sre too small.
- 173 Nov 2, 2010 9:04 PM bookstore: I believe that the bookstore is really useful.
- 174 Nov 2, 2010 9:08 PM Bookstore...this needs DRASTIC improvement. Having seen other college's bookstores, ours is embarrassing.
- 175 Nov 2, 2010 9:09 PM NA
- 176 Nov 2, 2010 9:13 PM Let me say that students don't come in to see Faculty because our offices are too _____ small. There is NO room and the student as well as the faculty are too uncomfortable to discuss anything, especiall in the T wing! RATE: -10
- 177 Nov 2, 2010 9:13 PM Tha art building is the most clean and good aparence space of the entire campus

- Bldg 4. It is a metal shed building on a concrete slab with no insulation. It is always very cold in the winter. The heat and air always has to be adjusted. Either the students in class are very cold and have to wear their coats or it is too hot. If the class rooms are cold the offices are too warm or if the class rooms are too warm the offices are too cold. The washrooms are not in the best shape as far as toilets overflowing on occasion. The carved in gang signs in the mens bathroom I know is costly to repair but it promotes more gang symbols. I think the air quality and mold should be checked every few years rather than when people start to complain. Other than that it's a great place to work. A lot of DIVERSITY in bldg 4.
- 186 Nov 2, 2010 9:32 PM
- 187 Nov 2, 2010 9:36 PM The theater is great.
- 188 Nov 2, 2010 9:43 PM I think the Art Gallery is wonderful!
- The Office for Students with Disabilities is in a location that makes it very difficult for students to feel comfortable discussing their disability. Though our team strives for complete confidentiality, OSD is limited by the space we have and where we are located. At times students using wheelchairs haven't even been able to enter the front office doorway. I would rate this facility as
- 189 Nov 2, 2010 9:47 PM not at all satisfied.
- 190 Nov 2, 2010 9:49 PM Campus is great, like the large open areas.
- The JLC desperately needs more dressing room space, storage space, costume lab/classroom space and space for students to practice scenes outside of class. If more than one theatre is in use, we don't have enough space for the actors to prepare. We need a room dedicated to smart technology including video and computer filming and production. All performers need to see themselves on streaming video to see what they are doing well and what characteristics they
- 191 Nov 2, 2010 9:51 PM need improvement on.

- 193 Nov 2, 2010 10:00 PM Library needs a face lift.
- 194 Nov 2, 2010 10:05 PM NO

- 203 Nov 2, 2010 10:59 PM I really enjoy the walking path, the pond view, the veteran's memorial. I rate these all very highly. These landmarks make CLC unique and picturesque.
- 204 Nov 2, 2010 11:06 PM The area that has the water fall and the stais. It's a great idea and place to relax!
- 205 Nov 2, 2010 11:14 PM The Southlake campus is really nice!
- 206 Nov 2, 2010 11:33 PM The main lobby need the ponds and plants to remain so all the problems We had in the years past don't return. Updating the art and walls would help to brighten the area.
- 207 Nov 2, 2010 11:39 PM n/a
- 208 Nov 2, 2010 11:41 PM we need a "union" area for students to gather, host activities, and include what traditional four year institutions have like restaurants, computers, and meeting spaces. we need more permanent outdoor seating, benches, swings
- 209 Nov 2, 2010 11:41 PM No
- 210 Nov 2, 2010 11:54 PM If I were to upgrade one thing it would be that there should be more public computers in the library and near the math center.
- 211 Nov 2, 2010 11:59 PM The financial aid area of the Grayslake campus should be expanded. Increasing the staff in the finacial aid would definately allow for much smoother student processing in those crucial times at the begining of semesters.
- 212 Nov 3, 2010 12:04 AM Building D is ugly and outdated.
- 213 Nov 3, 2010 12:17 AM none
- 214 Nov 3, 2010 12:22 AM The area where there are a lot of plants seems like a wasted space. The area used to be noisy and might have bothered classes, but there should be some good use for the area.

227 Nov 3, 2010 5:27 AM I am very happy with the way the lobby looks by the "help desk"

228 Nov 3, 2010 5:31 AM No thanks

229 Nov 3, 2010 5:49 AM The college center is a very nice facility the classrooms are very well designed. The whole building is very clean and well organized.

233 Nov 3, 2010 12:58 PM n/a

234 Nov 3, 2010 1:06 PM Building E: poor ventilation and heating

235 Nov 3, 2010 1:17 PM n/a

236 Nov 3, 2010 1:27 PM Eating area, especially for the cafeteria and resting place. I wish there are more healthier food choice in the campus.

237 Nov 3, 2010 1:32 PM Lancer's needs updating or a good scrubbing. It is not very appetizing to enter a filthy kitchen and order food.

238 Nov 3, 2010 1:34 PM The fitness center is well equipped, but the hours of operation are not convenient. Most people have time to work out after school or work and on weekends. The fitness center closes at every opportunity...holidays, etc. Why not give student workers a chance to work on evenings, weekends, and holidays? Everyone would benefit.

239 Nov 3, 2010 1:41 PM No

240 Nov 3, 2010 1:42 PM A true "main entrance" to the college.[]
Need for a more visible and larger area for Campus Police & Health Center.

- 241 Nov 3, 2010 1:48 PM no
- 242 Nov 3, 2010 1:49 PM CLC Police - there is not enough space for all the required activities; not enough secure space for critical functions such as evidence handling and processing; for seperate gender-based locker room, private washroom, and the like. It is a good department but could be a much better or great department provided it had administrative support.
- 243 Nov 3, 2010 1:53 PM The Educational Affairs Office is overcrowded and might be better placed elsewhere on campus. In my opinion, it doesn't necessarily need to be right in the middle of the main area...other academic divisions could go there and Ed Affairs could be relocated to a larger space.
- 244 Nov 3, 2010 1:54 PM Main Lobby - would like to see it maintained as a central point that looks asthetically pleasing and a place for small groups or individuals to socialize or study.
- 245 Nov 3, 2010 1:58 PM I think the cultural message that is sent to students when their lounge is in the basement and unappealing contradicts what we preach about community and collaboration as means to empower students in their education.
- 246 Nov 3, 2010 2:01 PM The main atrium - the people that smoke outside, smoke to close to the doors and when the doors open a lot of smoke enters the building.
- 247 Nov 3, 2010 2:08 PM The Staff Lounge is nice. IT employee office space is cramped and the IT staff is spread all over the campus. It would be convenient to have a centralized IT staff.
- 248 Nov 3, 2010 2:09 PM Main lobby is an eyesore. The water features and excessive plants are not at all attractive. It does not give the campus the look of an institute of higher learning. rate not satisfied.
- 249 Nov 3, 2010 2:28 PM I was in Vernon Hills last semester and I was satisfied with that building.

250 Nov 3, 2010 2:34 PM N/A

251 Nov 3, 2010 2:38 PM No

252 Nov 3, 2010 2:41 PM Lack of conference rooms and large enough space for some division offices such as Social Sciences. For the size of that division, the main office space is totally unadequate and a dedicated conference room is needed badly.

253 Nov 3, 2010 2:41 PM The offices in building four, the kitchen and bathrooms are seldom cleaned. The bathrooms are particularly bad especially when one considers that the flu season is just around the corner. Also, the offices are virtually never vacuumed. The kitchen floor needs to be swept and mopped if not on a nightly basis then please at least 2-3 times a week.

254 Nov 3, 2010 2:44 PM I would like to state specifically that B wing classrooms are old and dirty looking. These areas should NOT be assigned as session rooms when we have visitors to our campus. Also, the A & B lecture halls need serious updating and cleaning as well. I would rate them all as Not at all satisfactory.

255 Nov 3, 2010 2:49 PM the main center area - by the receptionist - there is no sitting area anymore since they put plants

256 Nov 3, 2010 2:59 PM Love the Southlake Campus...

257 Nov 3, 2010 3:03 PM N/A

258 Nov 3, 2010 3:03 PM Ready for the new plan in the main lobby to begin.

259 Nov 3, 2010 3:06 PM The Willow Room is exceptional.

260 Nov 3, 2010 3:06 PM no

261 Nov 3, 2010 3:11 PM The area between the north parking lot and the buildings needs bushes just west of the sidewalk from the T building and the fitness center to block the wind.

- 262 Nov 3, 2010 3:16 PM Division offices. Social Science needs more administrative space.
- Hallways[]
There are too many paper signs, banners, signs on posts, mismatched furniture, discarded or spare racks, boards, etc. It looks like the aftermath of a church rummage sale. We need
- 263 Nov 3, 2010 3:27 PM continuity in the style of furnishings,
- 264 Nov 3, 2010 3:42 PM I think the rest of the school should be like the T wing. I love being in the T wing, but then I go to the other wings and it all seems so outdated.
- 265 Nov 3, 2010 4:06 PM cafataria: satisfied
- 266 Nov 3, 2010 4:07 PM My psychology teacher Sandee is one of the best she is amazing.
- 267 Nov 3, 2010 4:10 PM overall this campus is very state of the art
- 268 Nov 3, 2010 4:29 PM The computer area in the lower level of the library. there are not enough computers for all the students to use. i may wait for twenty minutes before i have a chance to log onto a computer.
- 269 Nov 3, 2010 5:18 PM Very satisfied about the availability of classes
- 270 Nov 3, 2010 5:19 PM The faculty lounge is good.
- 271 Nov 3, 2010 6:03 PM Children's learning center is very nice and kept very well.
- The horticulture area, that is, the area of trees between the horticulture building and Brae Loch Rd - Very satisfied.[]
[]
- 272 Nov 3, 2010 6:09 PM The fitness trail - Very unsatisfied
- 273 Nov 3, 2010 6:13 PM None

- 274 Nov 3, 2010 6:36 PM Storage Space - Not at all satisfied
- 275 Nov 3, 2010 6:57 PM Stairwells: The stairwell in the "B" wing leading down to the bookstore & Lancers is in need of repair as there is a step that is uneven and several people have tripped over. (Not satisfied).
- 276 Nov 3, 2010 7:37 PM The Nursing Laboratory could use some updating and new equipment.
- 277 Nov 3, 2010 7:39 PM The Checkerboard Court Area is very rarely utilized--even for just sitting. Should consider usage in the warmer months.
- 278 Nov 3, 2010 8:52 PM no
- 279 Nov 3, 2010 8:58 PM Adjunct faculty area. Unsatisfactory
- 280 Nov 3, 2010 9:12 PM I like having vending machines located throughout the campus, it makes it easier on breaks to go grab a quick snack and not have to travel far. I also like the garbage cans throughout campus, making it easier for students to dispose of garbage properly and I think helps cut down on liter greatly.
- 281 Nov 3, 2010 9:17 PM I answered the question satisfaction on classrooms based on the rooms in the Technology wing (very satisfied). I have little experience with the classrooms in the other area of the college, but what I have seen I would rate those classrooms not very satisfied. From the appearance to the technology.
- 282 Nov 3, 2010 9:31 PM The CLC Police Office seems to be an uncomfortable place to share information.
- 283 Nov 3, 2010 10:07 PM Job Center. They are on year 2 of a five year lease, when they are done have them move out and the College take the space back. Put the Bookstore/financial aid/admission and records in there

Bookstore: I really hate having to go downstairs in a stuffy, underlit area to browse for books and/or purchase them. The bookstore needs to be upstairs, with windows, and more sqyare footage! I bet the school would see an increase in sales if the bookstore had a more airy, brighter atmosphere.[]

- 303 Nov 4, 2010 12:57 PM Also, I really don't like giving up my purse when shopping for books. It's intrusive!
- 304 Nov 4, 2010 1:14 PM Main Lobby: Very satisfied.
- 305 Nov 4, 2010 2:07 PM N/A
- 306 Nov 4, 2010 2:12 PM OSD - Poor. Students disclose their personal information in an OPEN area. Though the staff are fantastic, the physical aspects of their location makes students unwelcome. []
Health Center - Poor. Again, the physical layout is extremely challenging for staff. I don't understand how emergency services would be able to access the examination rooms if needed.
They simply need more space.
- 307 Nov 4, 2010 2:46 PM No
- 308 Nov 4, 2010 3:08 PM One thing I do enjoy at this community college is there dance program and studio. If possible create at least one more dance studio for the performing arts center.
- 309 Nov 4, 2010 3:51 PM Decor inside the campus. It could look more modern.
- 310 Nov 4, 2010 4:01 PM The outside view, other than the parking lot, is very pleasing to the eye. It creates a peaceful and relaxing state for stressed students and faculty. I thank you for that!
- 311 Nov 4, 2010 4:26 PM I think the ceramics studio can use some updating. It seems like it has not gotten any attention in the last 8 years except for the wall that was installed in the kiln room.

- 312 Nov 4, 2010 4:46 PM The Job Center. Although they do perform good and valuable work at Illinois Department of Employment Security, I think it is not appropriate to locate it on a college campus. Providing reserved parking for them is impractical and unfair to CLC students and staff, crowds of stressed-out, unaffiliated persons on campus potentially disruptive to academic operations. It also would be more appropriate for the college's career & placement services to be located within the main building for students to utilize.
- 313 Nov 4, 2010 4:57 PM I love the art gallery, and the hall way that sounds like a plane is taking off. it's cool. there should be more creative stuff like that
- 314 Nov 4, 2010 6:10 PM no
- 315 Nov 4, 2010 6:36 PM Not all of the advisors are very helpful with planning. Some are great, but I've had some issues with one in particular.
- 316 Nov 4, 2010 7:06 PM It is very difficult to find administrative offices!
- 317 Nov 4, 2010 7:52 PM Fix the order of room numbers in the A-Wing. And why is fingerprinting done in the A-Court? I get students asking for directions weekly.
- 318 Nov 4, 2010 8:10 PM no
- 319 Nov 4, 2010 8:24 PM No
- 320 Nov 4, 2010 8:44 PM Main lobby could be use for so much more then it is I feel it is waisted space.
- 321 Nov 4, 2010 8:51 PM It would be great if we had conference space to sell. None of our campuses can easily accommodate conferences with a large meeting space and breakout rooms.
- 322 Nov 4, 2010 9:17 PM I also take classes at the University Center. I'm not sure if you are considering this building in your survey or consider outside the main campus. But if you are I think it is excellent in all areas.

- Yes! Building 4! When do we get our own wing? :) The building has been know to host bugs and birds and the bathroom is sometimes dicey. It's too small for our Division. Tho I'd hate to see us in something as sterile and cold as the T wing. ¶
This semester I'm teaching in the IETC building. It was sometimes way too warm, tho Facilities did their best to correct the situation asap. Also in the IETC building the computer/projector set-up is on a cart that must be pushed from room to room; there is no monitor. Quite primitive and yet another thing to do before class.
- 323 **Nov 4, 2010 9:59 PM** yet another thing to do before class.
- 324 **Nov 4, 2010 10:15 PM** I had a bad experencing with a classroom, a loud fan made it difficult ot hear the instructor and the lighting made it impossible to view the screen and the textbook at the same time. The class was eventually moved, but I feel it affected what I am able to learn from this class.
- 325 **Nov 4, 2010 10:17 PM** none

- 328 **Nov 5, 2010 1:34 AM** no
- 329 **Nov 5, 2010 3:39 AM** The LakeShore Campus has a completely insufficient study area and computer lab.
- 330 **Nov 5, 2010 4:16 AM** The theaters are beautiful.
- 331 **Nov 5, 2010 12:55 PM** Campus safety - I feel that the police are great, but the security cameras needs a lot of work.
- 332 **Nov 5, 2010 2:48 PM** My class is in the horticulture building. It is well lit, clean and accessible.
- 333 **Nov 5, 2010 2:49 PM** none

- 334 Nov 5, 2010 3:34 PM stairways; hit and miss, some are pretty bad (for example, chipped paint on railing A wing near vending machines).
- 335 Nov 5, 2010 8:10 PM The bathrooms always seem to be dirty in the evening hours when I am on campus. Also, Adobe CS5 STILL has not been installed on all the DMD computers when we're supposed to be learning with the latest software. The textbook for DMD 116 is for Dreamweaver CS5 yet the computers we have for class STILL have CS4 on them.
- 336 Nov 5, 2010 8:47 PM We need a parking garage.
- 337 Nov 5, 2010 9:43 PM no
- 338 Nov 5, 2010 10:16 PM The Main Courtyard is nice I like it but there to me seems like something is missing more light would be great for the fall and winter season and for the students that stay till 10pm
- 339 Nov 5, 2010 11:55 PM I can't believe that you guys didn't include the theatre/dance rooms and art studios to your survey. Goes to show that schools really don't care about the art and performing arts programs. I have never been to a sports game and don't know anyone at CLC that has yet you ask about the athletic fields. When it is actually warm enough to use these fields, students are out of school for the summer. The auditoriums/dance studios/main stage theatre are used year round....improve those. Add more rooms
- 340 Nov 6, 2010 12:18 AM No Thanks.
- 341 Nov 6, 2010 12:47 AM Campus Security - very satisfied
Health Center - very satisfied
- 342 Nov 6, 2010 4:07 AM Atrium seating is very nice and overlooks beautiful garden
Info desk area - the greens/waterfalls are very nice
Technology building is very top notch
- 343 Nov 6, 2010 4:13 AM The entrance on Brae Loch seems very crowded this semester,

- 344 Nov 6, 2010 6:35 AM Would like to see larger tables by the the food cart near the library. It is very uncomfortable to eat at the tiny tables and lower set chairs in this area as well as study while you snack.
- 345 Nov 6, 2010 2:22 PM I like the coutyard area outside of the central hallway, but i wopuld prefer if smoking was moved futher away from the door. I understand that everyone has a right to smoke and that it is a personal decision, but I think it should be permitted farther away from the doors.
- 346 Nov 6, 2010 4:33 PM The southlake campus is by far my favorite place to go for classes. It's so much more quiet, clean, and comfortable than the classrooms at Grayslake.
- 347 Nov 6, 2010 6:06 PM No.
- 348 Nov 6, 2010 6:10 PM No.

- 350 Nov 6, 2010 8:55 PM Lumber Center is very nice.
- 351 Nov 6, 2010 9:04 PM They need an iPhone app
- 352 Nov 6, 2010 11:19 PM The southlake campus has a limited amount of books in their bookstore and library should be larger.
- 353 Nov 6, 2010 11:36 PM No
- 354 Nov 7, 2010 4:48 AM the parking lot is so far away. there could be a ramp and save room for another building or more.[] the traffic lights are terrible. there should be more than two main entrances.
- 355 Nov 7, 2010 7:00 AM The bookstore. It becomes very crowded at certain times of the semester. Very cramped and inconvenient at times.
- 356 Nov 7, 2010 7:18 AM none

- 357 Nov 7, 2010 8:05 AM None
- 358 Nov 7, 2010 5:06 PM I think the signs for restrooms, vending areas, food court need to be more visable. When I first started I roamed around looking.

- 360 Nov 7, 2010 11:34 PM computer labs are great, great programs and ease to use.

- 362 Nov 8, 2010 12:52 AM N/A
- 363 Nov 8, 2010 2:07 AM Directional signs are vague at best. Maps could be more descriptive outside and inside.
- 364 Nov 8, 2010 3:45 AM The pickup and drop off of students, where the slope in the sidewalks for the handicap. People will pull in these aeres and with their cars and block these drop off for the handicap buses, and they willnot move even if they see the buses behind them. There are some classes rooms that need to be bigger so the handicap can pull their mobitly chair or seat up into the class rooms.
- 365 Nov 8, 2010 5:44 AM The students cafeteria, needs better lighting, cleaner tables and better food i. e. nutritionally sound food.
- 366 Nov 8, 2010 11:34 PM I do like the designated "jungle" on the first floor by the Campus Information desk. I am also satisfied that CLC has designated areas to smoke, and not smoke. It's great to go and study outside on a nice day and know that I won't be bothered with the smell of cigarette smoke!

- 387 Nov 9, 2010 5:41 PM Update the student cafeteria and area to a more modern feel like Starbucks. Your school looks outdated
- I have found both Grayslake and Southlake to be not keeping up with technology this year. I have never had a problem in the other three years I taught. However this year within 3 weeks I had three bulbs go out in three different projectors in three different rooms. I had a video recorder not working. I had to go to 3 copy machines to get a print job of a test done and none of them had staples. Now the classroom I have at Southlake is without a projector and I have to use one that is taped to the middle of the room, blocking my view of the students, and their view of the screen. I use the projector for DVDs and videos as well and now we have a tv blocking the whiteboard. My students have presentations that have a audio/visual component to them. This lack of technology that is kept in repair in the classroom is difficult for them as well. While the IT department has been quick to come to our aide each time, it is very frustrating as it is

- 389 Nov 9, 2010 6:19 PM Keep the main lobby with its plants.. it is out of control now. if you let the kids hang out there more, there is gonna be more trouble.. they are not grown ups, they are kids, and need more discipline..
- 390 Nov 9, 2010 6:55 PM The stairways in the T-wing are too narrow. they do not allow students to go in both directions freely.
- 391 Nov 9, 2010 7:50 PM The outdoor areas are terrible - no thought, just grass and poorly maintained trees and shrubs with little variety. Many other campuses treat their grounds like park space, with outdoor classrooms, meeting areas and even places for student art and performing arts. We have the

Absolutely dissatisfied with the width of the stairways in T building. No clue how they ever got past the building inspectors. Much too narrow for going up and down simultaneously. It's just a matter of time before someone going one way bumps someone going the other causes someone to fall down the stairs and get injured.

There needs to be a lot more gathering and study places for students. Students are hangin out all over the place (which is really a good thing!) but they are clogging up the hallways and often times it's hard to walk down the hallway. Also, there needs to be a whole lot more seating areas for students.

I would not want to see our open area with the stair ways made into a student lounge. I think students need places to go to work and we have those new beautiful lounges down stairs. I would like to see them remain open.

- 431 Nov 12, 2010 5:22 AM Although "Green Roofing" is a fairly new area of "growth" I would like to see a general study done from a Green Roof company or two - perhaps arrange a grant to pay for such study - or perhaps CLC employees already familiar with the green roof projects (at least in Illinois area, if not elsewhere) to help conduct a study to see which existing structures at Grayslake - or even all campuses - can sustain such an on-going growing project. Please involve students at-large, horticultural students, and maybe some SGA senators in all aspects of the study and completion of final outcomes, as well as in maintaining on-going projects implemented.

- 1131 Nov 10, 2010 2:13 AM Comfy blue chairs, the electronic bathroom doors, hallway space, microwaves, the computer lab and writing center, and the picnic benches outside when it's warm. That the temperature is set at 68 degrees because it saves us money. I like the

- 1142 **Nov 10, 2010 5:24 PM** I love the chilrens center that the campus provides for students with children. I his makes it so efficiant for single parents like myself to bring their children to the same school. This also helps us save on gas and time.
- 1143 **Nov 10, 2010 5:29 PM** For the most part, the outside and inside areas are kept pretty clean. However, the bathrooms could be kept a little better especially during the Fall and Spring Semesters at times. There is litter also at times in the stairwell leading to the

- 1145 **Nov 10, 2010 6:02 PM** James Lumbar center is wonderful. Coffee cart is nice but do the snacks need to cost so much? The grounds are always attractive and well maintained.

- 1197 Nov 11, 2010 10:54 PM Overall, the campus and grounds are in very good shape. Important to also keep the base boards in the bathrooms clean. If cleaning is done periodically at that level, then CLC can keep old but well maintained buildings for a long time.
- 1198 Nov 11, 2010 10:58 PM Consideration for disability parking

- 1208 Nov 12, 2010 4:24 AM I like the technology and university center.
- 1209 Nov 12, 2010 5:22 AM I he outside grounds, the general look of the building as you drive up from the entrances. At night generally well lit, but see below. The acoustic rendering of the performance spaces at CLC Grayslake are top notch.
- 1210 Nov 12, 2010 5:48 AM Its open and easy to find things for the most part
- 1211 Nov 12, 2010 1:21 PM It is one of the most beautiful campuses around however, it would be nice if the walking path was paved.
- 1212 Nov 12, 2010 2:09 PM It is very clean and vvery inviting

- 1213 Nov 12, 2010 2:13 PM The grounds are beautiful, the campus could use some renovation.

- 1221 Nov 12, 2010 4:14 PM For the most part this is a very clean campus.
It's not very restrictive in terms of socializing. It's a very different environment from high school settings. Also everything is very convenient for me to find. The campus
- 1222 Nov 12, 2010 4:18 PM itself is placed in the center of a lot of social areas like restaurants and such.

1	Nov 1, 2010 7:37 PM	parking, pe/fitness area, cafeteria/bookstore being downstairs
2	Nov 1, 2010 7:40 PM	There aren't any student parking lots near the T wing. In B Wing, can hear music from the D wing during class.
3	Nov 1, 2010 7:41 PM	Parking is to far in the bad weather.
4	Nov 1, 2010 7:42 PM	Seems all the close parking spots are for faculty and a lot go unused at night leaving the rest of us a further walk in/out; especially during the winter months.
5	Nov 1, 2010 7:42 PM	I have observed that classrooms look dirty.
6	Nov 1, 2010 7:42 PM	goose poop; cigarette butts on the sidewalk right outside the doorways
7	Nov 1, 2010 7:45 PM	I'm a new student, 58 years old - very keen on first impressions. I have noticed the south entrance to the B building is in disrepair, the floor, the doors don't open properly - often unclean. Nothing I would care to brag about. Somewhat dissheveled appearing.

1. the handicap parking by building c is a joke. half the people who park there are not handicap, but use some ones handicap pass. and most of the people parking there usually have at least 1/3 of thier car parked on the sidewalk.[]
 2. gum on the sidewalks is out of control.[]
 3. every time i try to buy a beverage out of the machines in the cafeteria, there is always a beverage on the slide mechanism, so you do not get what you select but what the previous person selected.[]
 4. you need to better enforce the state smoking policy. people smoke right next to the exit entrance door, not 15 feet away as mandated by the state. paint some lines or something to get smokers away from the front door.[]
 5. those little desks suck. get rid of them and replace with the long tables that hold four people per side.
- 29 **Nov 1, 2010 8:16 PM**
- 30 **Nov 1, 2010 8:20 PM** Traffic that backs up into both entrances.
- 31 **Nov 1, 2010 8:20 PM** I dislike walking in or out of a building and I have to hold my breath as I walk past all the people smoking. I attended Winona State University as an undergrad and my senior year, Winona became a smoke free campus and it took awhile for them to pass it, but when it did, it was so nice to walk around campus breathing fresh air.
- 32 **Nov 1, 2010 8:22 PM** I think the student lounge area is very uninviting and not anywhere I would like to sit and relax before classes or really for any time. I think the counseling waiting area could use some updating, it gets very bottle necked when there are alot of students waiting to meet with a counselor.
- 33 **Nov 1, 2010 8:22 PM** I think the library should have a larger selection of CDs. It'd be nice if we had more computer accessible to the students at all times, I know we have more but half the time they're blocked off. Generally lack of area for the Students to congregate and be social. Where is our student union?
- 34 **Nov 1, 2010 8:23 PM** Why is our student activities department so segregated? We have one office tucked in the corner of B-Wing which represents like six different offices and yet we have an entire office dedicated to
- 35 **Nov 1, 2010 8:25 PM** Facilities are good, but class offerings at other campuses could be improved.

- 36 Nov 1, 2010 8:27 PM Occasionally a dirty toilet.
- 37 Nov 1, 2010 8:29 PM Ceramics studio is far from parking lot when carrying heavy materials and pots
- 38 Nov 1, 2010 8:29 PM None that comes to mind.
the parking lots are so poorly lit that they are dangerous and are why there have been multiple rapes in the parking lots.[]
- 39 Nov 1, 2010 8:32 PM []
- 40 Nov 1, 2010 8:32 PM It does still look like a community college.
- 41 Nov 1, 2010 8:32 PM When walking in having all those smokers around the entrances.
- 42 Nov 1, 2010 8:35 PM The parking kinda sucks.
- 43 Nov 1, 2010 8:35 PM I dislike the parking situation. The issues are that parking is always far and come winter, people do not know how to park so they will probably be parking in two parking spots. I hope that there will be a plow team to reduce this trouble.
- 44 Nov 1, 2010 8:37 PM No complaints.
Depending on the direction of arrival, a car is almost mandatory to reach the campus. []
[]
- 45 Nov 1, 2010 8:39 PM Student driving is often bad--too fast, kids angling across parking lots, rushing through stops signs, etc.
- 46 Nov 1, 2010 8:39 PM The parking lots are really small. They do not have alot of space for us.
- 47 Nov 1, 2010 8:41 PM n/a

Some of the bathrooms in the older parts of the building are not very up to date. I really don't like the library area bathrooms. I think we could do a lot more with the library area. I'm not sure what but I think it could be a bigger draw. I also think the computer work area beside the math lab could use an overhaul. It seems so outdated and crowded. The lighting isn't that good and it makes everyone tired. If we could make it more visually exciting and brighter I think it would help. I also think some of the workareas for music or Cad could be put off to the side with work tables so people could spread out and work on team projects. I really think we should be thinking more in terms of teams and working with computers as an aide to the team process. I also think the area is so busy and its hard to think clearly down there. It feels like an airport terminal with all the coming and going. I guess it is between to highly used area but still. I think if you could use an affinity study it would lesson traffic. Can teachers have some control over the temperature in the classrooms. Depending on the time of day and the location of the room we can get burned alive in some of the classrooms. The math lab has amazing lighting and I love going there, but it gets hot. Some of the music rooms are chilly in winter.

Nov 1, 2010 8:58 PM not enough sunlight in A and B bldgs (have not had classes in C or D bldg

68

Nov 1, 2010 9:00 PM The dining room needs windows. People come there to relax and eat. It feels like a dungeon.

69

Nov 1, 2010 9:02 PM

Very institutionalized feel, no windows in class room. more picnic tables outside spread out not just ocncetrated in one spot. also there are those really annoying loud kids on the balcony by the library next to the stairs all day long, constantly screaming using inappropriate language disturbing everyone else. numerous complaints have done nothing.

70

Nov 1, 2010 9:03 PM

The desks in the classrooms seem very old, the lounge areas in the A and B wing are also a little dated and there are not enough places for people to plug in their computers so they sometimes stretch a cord out to be able to plug in their laptop creating a trip hazard.

71

Nov 1, 2010 9:04 PM Parking.

- 72 Nov 1, 2010 9:04 PM Traffic...parking and leaving campus is sometimes a bottleneck.
- 73 Nov 1, 2010 9:05 PM The parking lot is so far.
- 74 Nov 1, 2010 9:06 PM I have not observed any issues or problems but I feel that some of the social areas (such as anderson court) could be updated and/or have more seating.
- 75 Nov 1, 2010 9:07 PM Parking is difficult this year.
- 76 Nov 1, 2010 9:07 PM parking
- 77 Nov 1, 2010 9:07 PM Better lighting in the parking lots.
- 78 Nov 1, 2010 9:08 PM What I don't like is the library and computers. The computers themselves are great but there are so many people that need them, but most people are playing games or on facebook. Sometimes too it gets too loud, and people raise their music where everybody can hear.
- 79 Nov 1, 2010 9:08 PM Parking can be a big issue at times
- 80 Nov 1, 2010 9:09 PM Parking is crazy far away from entrances, not enough close parking, school is more and more3 crowded every year, not enough classrooms
- 81 Nov 1, 2010 9:11 PM pretty mundane, ordinary campus
- 82 Nov 1, 2010 9:11 PM The computer and writing labs are not big enough and fill up quickly.
- 83 Nov 1, 2010 9:12 PM Some of the bathrooms are pretty bad. The Library is too small. Not too many places to sit that are quiet.
- 84 Nov 1, 2010 9:13 PM I would like to see more visiable security in the parking lots after the late night classes. (the ones that end 9:30 or later)

- 85 **Nov 1, 2010 9:13 PM** In room A111 the desk are really close together it's annoying
- 86 **Nov 1, 2010 9:13 PM** People are always smoking around entrance B though and it is highly annoying.
- 87 **Nov 1, 2010 9:14 PM** Trash
- 88 **Nov 1, 2010 9:14 PM** The library computer lab is always crowded.
- 89 **Nov 1, 2010 9:16 PM** none
- 90 **Nov 1, 2010 9:17 PM** study area/projector screen shaking at some classes.
I think that the way the campus is layed out is confusing. It is easy to get turned around going
from building A to B to C. There needs to be a better way of using signage to direct people in the
- 91 **Nov 1, 2010 9:18 PM** right direction.
- 92 **Nov 1, 2010 9:18 PM** Some of the bathrooms are a little old and toilets seem to be out of order at times.
- 93 **Nov 1, 2010 9:19 PM** Technology building is difficult to get around in, posted directions are not as clear.
everything seems out of date... the computers in the classrooms take forever to load. I he
computer labs dont have enough computers and I spend more time waiting in line to use one
- 94 **Nov 1, 2010 9:19 PM** then I do on the actual computer. Library is extremely noisy!! Soccer fields were in terrible
- 95 **Nov 1, 2010 9:19 PM** I hate the parking lot. You can never find a spot in visitor parking if you are a visitor and there is
no parking near the Tech Building so you have to walk from the Performing Arts building.
- 96 **Nov 1, 2010 9:19 PM** The classroom I am in now is always cold -- summer or winter.[]
It's also hard to find my way around; need to have maps posted throughout.
- 97 **Nov 1, 2010 9:22 PM** instructor offices are very cramped

- 98 Nov 1, 2010 9:23 PM The bathrooms are horrible and look as though they are not cleaned well. My concern is germs since the bathroom is the #1 area of contracting viruses. I think the cafeteria could really use some improvement. I think the food choices could be of a greater variety. I also think the only vegetarian options shouldn't be a frozen boca burger or salad.
- 99 Nov 1, 2010 9:27 PM
- 100 Nov 1, 2010 9:27 PM students smoking in the path of entering the building. I don't want my daughter to breath that in.
- 101 Nov 1, 2010 9:27 PM Talking while people are workin- anywhere!
- 102 Nov 1, 2010 9:28 PM The parking lots are a disorganized mess and incredibly dangerous. Seems like there's no one keeping an eye on how fast people are going through the lots.
- 103 Nov 1, 2010 9:29 PM Not enough bathrooms/ bathrooms often have doors that don't lock properly in the individual stalls / aren't consistently clean. Faculty offices are too small.
- 104 Nov 1, 2010 9:29 PM None.
- 105 Nov 1, 2010 9:30 PM The restricted areas for student parking are not as clearly designated as might be thought. When I parked at the begining of my freshman year to attend the new student orientation I had a ticket on my car when I returned as the sign stating the area was not for students was posted at a
- 106 Nov 1, 2010 9:30 PM I dislike that there never seems to be enough room for people.
- 107 Nov 1, 2010 9:32 PM The resources established for the students are not easily accessible or well known
- 108 Nov 1, 2010 9:32 PM More arcade games that students are familiar with, like Mortal Kombat, should be added to the Student Lounge
- 109 Nov 1, 2010 9:34 PM Parking lot
- 110 Nov 1, 2010 9:34 PM There is nothing that I dislike

- 124 Nov 1, 2010 9:47 PM Parking for students
- 125 Nov 1, 2010 9:48 PM The chairs in the computer labs are getting old. Please replace them.
- 126 Nov 1, 2010 9:49 PM nothing at this time
- 127 Nov 1, 2010 9:49 PM parking, moving sidewalks???
- 128 Nov 1, 2010 9:51 PM Not enough food!
- 129 Nov 1, 2010 9:52 PM Not Sure
- 130 Nov 1, 2010 9:59 PM Layout can be confusing at times.
Parking has been a problem since the school opened. I first attended CLC in 1970. You need to
have seperate motorcycle parking so that they aren't taking an entire car space, and when they
- 131 Nov 1, 2010 9:59 PM are parked in the marked no parking zone, they are ticketed and or towed.
- 132 Nov 1, 2010 10:00 PM Parking is a major issue! There needs to be more available for students.
Where people smoke... it seems to be where non smokers have to walk. I find myself surrounded
by smoking when I feel I shouldn't have to be. It is not something I think about all the time, but if
- 133 Nov 1, 2010 10:02 PM I had to find a dislike that is what I would say.
- 134 Nov 1, 2010 10:03 PM More decoration would be good. A free-style approach would be cool. Allow students to paint or
otherwise decorate, and those who dislike the artwork can paint over it.
- 135 Nov 1, 2010 10:03 PM None
- 136 Nov 1, 2010 10:04 PM The only thing i would have to say is the walk from the parking lot to the technology building is
pretty far and with winter and snow coming its quite a hike.

- 137 Nov 1, 2010 10:07 PM I don't like some of the workers in the financial aid office, they make you feel rushed and bad about your situation. They do not make the students comfortable.
- 138 Nov 1, 2010 10:07 PM I dislike the absense of decorations of some sort in a majority of the campus and the outside appeal is very minimal.
- 139 Nov 1, 2010 10:08 PM The building should be more circular, it's got relatively no shortcuts.
- 140 Nov 1, 2010 10:09 PM Distant of parking to classroom.
- 141 Nov 1, 2010 10:09 PM Not enough seating during peak hours.
- 142 Nov 1, 2010 10:10 PM Like I mentioned above, the kitchen for your inspired chefs.
- 143 Nov 1, 2010 10:11 PM I have noticed that some teachers have a hard time figuring out how to use the projector and audio systems but besides that everything is clean and organized.
- 144 Nov 1, 2010 10:12 PM The washrooms are not always clean and the toilets don't flush properly in the A & B-wing of 1st floor.
- 145 Nov 1, 2010 10:15 PM i feel like it could be more challenging
- 146 Nov 1, 2010 10:15 PM I wish that there was more places for students to socialize.Also, i wish the workout center was a little bit bigger.
- 147 Nov 1, 2010 10:16 PM People smoking near the entrance to the Technology building. Absolutely zero effort by library staff to keep noise levels down, even staff themselves speaking at high volume next to students studying.
- 148 Nov 1, 2010 10:16 PM I hate that I have to park way out in order to find parking. I think the back side of the I building should increased to allow parking for students as well as teachers. I do not like walking all the way down the hill, past the teacher lot, and across the student lot at 10:30pm. Now that its going
- 149 Nov 1, 2010 10:16 PM that there is no direct public transport that come from my house (in vernon hills) to CLC.

- 150 Nov 1, 2010 10:17 PM The study areas are very close so it can be annoying when there are people crammed next to each other studying. People are very territorial while studying which can lead to disruption while studying
The Parking Lot; there are not enough spaces for the students. I find that many students are late to classes simply because they had to circle around so many times in order to find a spot to park in.
- 151 Nov 1, 2010 10:18 PM I here should be some way of allowing parking in closer-in to the buildings at night, after the normal school day is finished. The spaces normally used by faculty are empty, why can't those spaces be used from 5 or 6 pm on?
- 152 Nov 1, 2010 10:19 PM
- 153 Nov 1, 2010 10:19 PM A lot of concrete and not so much flowers.
- 154 Nov 1, 2010 10:21 PM it needs more cleanliness.
I here is no consistent seating (with regular tables and chairs) in the area near the Coffee Cart. I would like to be able to have a coffee and a snack and study for a test before my evening class.
- 155 Nov 1, 2010 10:21 PM There are a few tables on the second floor outside the library which are perfect for that, but there
- 156 Nov 1, 2010 10:22 PM A lot of litter.
- 157 Nov 1, 2010 10:23 PM nothing
Parking is terrible. The school needs updating. I feel like I'm in a 1980's movie when I walk in. The fitness center definitely needs a lot more equipment. Your options for working out (mainly free weights and benches) are extremely limited.
- 158 Nov 1, 2010 10:25 PM
- 159 Nov 1, 2010 10:25 PM Parking lot needs more lighting
- 160 Nov 1, 2010 10:26 PM Sports center could use improvement.
I believe that there is not enough space for students to hangout freely and to study on there own. I believe a common area for students to be able to connect and feel united would make the campus a lot more student friendly.
- 161 Nov 1, 2010 10:27 PM I wish people wouldn't smoke in the areas near where the daycare is. I hey smoke near the entrance by where the bus drop off is, and that is where the 10 minute daycare parking is. I have to walk my children through their smoke to go inside. I would like to see the no smoking
- 162 Nov 1, 2010 10:27 PM

- 163 Nov 1, 2010 10:28 PM Parking is always a problem for most students.
- 164 Nov 1, 2010 10:31 PM At the student bus station, a sheltered partial enclosure would be useful during the winter.
- 165 Nov 1, 2010 10:31 PM It does take awhile to orient yourself to the layout of the building-can be somewhat confusing. Too many smokers hang out RIGHT outside of the Entrances/Exits---they need to be further away. Maybe they don't mind having carcinogens for breakfast, lunch or dinner, but I prefer
- 166 Nov 1, 2010 10:32 PM REAL food!!!
- 167 Nov 1, 2010 10:34 PM It is sometimes VERY cold in the class rooms and on the campous during the winter
- 168 Nov 1, 2010 10:34 PM Needs some sort of food court open in the evenings instead of just coffee and muffins at the coffee cart - maybe a subway or pizza hut?
- 169 Nov 1, 2010 10:34 PM Nothing
- 170 Nov 1, 2010 10:35 PM no issues or problems
- 171 Nov 1, 2010 10:36 PM I haven't observed any that I can think of.
- 172 Nov 1, 2010 10:38 PM Parking lots fill up quickly, and though the layout is interesting, it can sometimes be difficult to navigate.
- 173 Nov 1, 2010 10:39 PM The older looking bathrooms seem to need a little bit more regular attention, as well as some beautifying.
- 174 Nov 1, 2010 10:39 PM Traffic control could be better, and pedestrian walkways to the Horticulture campus could be made safe to cross the street
- 175 Nov 1, 2010 10:40 PM I dont like the parking, I feel the there should be student parking more spread out so we dont have to walk a mile, or some sort of permitted parking for students like myself that are only taking 1 class right now. I feel that I should be able to park closer because I am in and out in less

- 176 Nov 1, 2010 10:40 PM the smoking area is too close to the doors.. gross
- 177 Nov 1, 2010 10:41 PM Study area are often disheveled and dirty. Eating area and hallways in basement are ugly and often have trash.
- 178 Nov 1, 2010 10:43 PM laid out like a 50's shopping center. poor internal signage and wayfinding. finding restrooms is a challenge (can you have smaller signs?)
- 179 Nov 1, 2010 10:45 PM Sometimes the school is dirty or messy. I believe that it can be too loud at times, even in places that are supposed to be quiet.
- 180 Nov 1, 2010 10:48 PM some of the desks are old
- 181 Nov 1, 2010 10:51 PM Counselors seem to need more room.
- 182 Nov 1, 2010 10:51 PM none so far
- 183 Nov 1, 2010 10:52 PM Beige and plain. Too many kids stuffed at the tables, taking up walking room leading to the library.
- 184 Nov 1, 2010 10:59 PM I sometimes find it difficult to navigate my way through the building. Lack of parking spaces, places to meet and study are always busy. Very difficult to get a place.
- 185 Nov 1, 2010 11:02 PM Computers in the library are always taken and usually by teenagers who are just hanging, not working. Very few places to print from. Library week end hours are limited. It should be open
- 186 Nov 1, 2010 11:02 PM The cafeteria should not be in a basement.
The study rooms in the library could benefit from sound proofing.[]
Computers in the labs are very slow -- need an upgrade.[]
- 187 Nov 1, 2010 11:03 PM The AV equipment in classrooms could also stand an upgrade.
- 188 Nov 1, 2010 11:09 PM At the beginning of each semester, there is never enough parking for the students. Students should not have to park in the grass.

- 189 Nov 1, 2010 11:12 PM I don't like how hot it gets inside.
- 190 Nov 1, 2010 11:13 PM There's nowhere to take a nap.
the classrooms are bland and the chairs are uncomfortable, some classrooms are colder/hotter
than others, the bathrooms have a weird smell to them and make them unpleasant to go into, the
- 191 Nov 1, 2010 11:14 PM offices are small, and the parking lot is big but there are more students then parking spots now.
All the automated items in the restroom (toilets, and faucets mainly) I know this is for sanitation
purposes, but I feel like they waste more water than necessary. I feel like with the amount of
- 192 Nov 1, 2010 11:15 PM money saved on the water bill alone could be used to apply to other things to help improve the
- 193 Nov 1, 2010 11:16 PM I havn't observed any issues. The only thing I dislike is the parking, which can sometimes be too
far away.
Parking lot is a little too tight; especially in the winter moving in and out of spots can be
dangerous. For some odd reason, the grass near Building B is blocked off from walking
- 194 Nov 1, 2010 11:18 PM on...maybe this is due to litter problems, which is abhorrent in itself.
- 195 Nov 1, 2010 11:22 PM There aren't enough areas for students to sit and eat without going to the lunch room. The desks
are too small; more rooms need the tables.
- 196 Nov 1, 2010 11:22 PM It doesn't FEEL like a college. Just high school 2.0.
- 197 Nov 1, 2010 11:24 PM Study areas below library are often filled with sleeping, not working students. Sometimes difficult
to find a space to work.
- 198 Nov 1, 2010 11:25 PM not enough space for quiet or study area
- 199 Nov 1, 2010 11:27 PM The parking lots are too dark. Please improve the lighting for the safety of the staff and students.
- 200 Nov 1, 2010 11:33 PM The courts are usually messy with wrappers on the tables.
I really dislike the jungle area, but i know changes are being made tor that. I his is more of a staff
problem, but the classes before me in my bio lab don't clean up very well, and that is why I am
- 201 Nov 1, 2010 11:34 PM somewhat satisfied by the equipment and science labs.

202	Nov 1, 2010 11:37 PM	I don't care for the older classrooms as they feel dingy. The older bathrooms feel dingy and not as sanitary as well.
203	Nov 1, 2010 11:40 PM	Some classrooms are poorly organized in terms of type of desks and seats. Some classes are too small. More quiet study areas.
204	Nov 1, 2010 11:42 PM	The smoking section outside in the middle, it smells up everything
205	Nov 1, 2010 11:45 PM	Some of the older classrooms dont have windows. Parking can be difficult and very far from the entrances.
206	Nov 1, 2010 11:46 PM	I here isn't much you can do about this, but the parking lot is full of speeders and I sometimes have difficulty even finding a spot... any spot! I was late to class once after driving around for 30 minutes before I finally took a visitor's parking space in order to go to class at all. Some of the
207	Nov 1, 2010 11:52 PM	lack of parking close to the technology building.
208	Nov 1, 2010 11:57 PM	Parking is too far from building.
209	Nov 2, 2010 12:00 AM	The disconnect between administrative departments.[] The procedures and time lines are not clearly spelled out
210	Nov 2, 2010 12:01 AM	There is not enough seating in some of the social areas
211	Nov 2, 2010 12:02 AM	Main lot on south side closed at critical hour for parking... People just circling. No direction to park elsewhere.
212	Nov 2, 2010 12:02 AM	I feel like some areas are outdated, giving them a dusty look. Some furniture has probably been at the school for a while and the dull colors make it look and feel dusty and old. Specifically the upper floor of the library.
213	Nov 2, 2010 12:07 AM	getting from class to class
214	Nov 2, 2010 12:07 AM	none.

- 215 Nov 2, 2010 12:10 AM none yet,
- 216 Nov 2, 2010 12:11 AM The lighting in the student lot is horrible making it feel unsafe after dark. Employee lighting on the other hand it bright
- 217 Nov 2, 2010 12:11 AM The halls look plain
- 218 Nov 2, 2010 12:12 AM needs more quiet places to sit and study
- 219 Nov 2, 2010 12:13 AM far parking for students
- 220 Nov 2, 2010 12:14 AM at certain busy times of the day, leaving the school parking lot on the Washington st side can be difficult due to congested traffic.
- 221 Nov 2, 2010 12:16 AM nothing
- 222 Nov 2, 2010 12:21 AM The way people drive in the parking lots
- 223 Nov 2, 2010 12:23 AM I wish it was closer to my home so I would not have to drive so far in the snow!!
- 224 Nov 2, 2010 12:25 AM Not enough quiet reading/ study areas
- 225 Nov 2, 2010 12:29 AM I do not like how the courts get so packed and it is so small.
- 226 Nov 2, 2010 12:33 AM i think that parking is a big issue especially if you have to park all the way in the outer parking lot.
- 227 Nov 2, 2010 12:34 AM The women's bathroom on the lower level of the C wing frequently only has cold water

- 228 Nov 2, 2010 12:36 AM There is no place to sit outside the west side doors of the T wing. there is too much turf grass across the whole campus.
- 229 Nov 2, 2010 12:37 AM The fitness center could use some improvement (more space, cleaner, more equipment), computer areas should be regulated for ONLY school purpose during times when study are in need of silence and a computer. Areas that should be quiet area, such as the area behind the art
- 230 Nov 2, 2010 12:37 AM What I dislike about the Grayslake campus and grounds is the workout facility. I here are missing wieghts and it would be nice if the equipment were updated. I also think that there should be less smoking areas around campus
- 231 Nov 2, 2010 12:43 AM Too much instructor parking. I have been a property tax payer and a student {customer}. sinc 1975. Only in education is the customer not worthy of the preferred parking. Most bathrooms have issues-toilets flush when you don't want them to or don't flush when you want them to!!
- 232 Nov 2, 2010 12:45 AM There is no student parking close to campus!!
- 233 Nov 2, 2010 12:46 AM It seems very outdated and needs to be brought back to life. Modernize a little.
- 234 Nov 2, 2010 12:48 AM The painted areas could be improved by refreshing them with new paint. Lancers Cafe could provide a wider range of food choices.
- 235 Nov 2, 2010 12:49 AM Really like the school and I am impressed with courses offered.
- 236 Nov 2, 2010 12:50 AM it could use a little more color. Seems a tad blah.
- 237 Nov 2, 2010 12:54 AM The lack of parking needs improvement, especially at the beginning of every semester. It is frustrating that there has been at least one time that I know of that a huge section of the parking lot gets blocked off for a driving course of some sort. That parking lot cannot afford to lose that I hate that I have to park so far away. The new 'blackboards' (the glass ones) should be cleaned with a different chemical because the markers are not easily seen. The cafeteria could be
- 238 Nov 2, 2010 12:57 AM improved - the design and flow.
- 239 Nov 2, 2010 1:00 AM Pet peeve....there is discarded chewing gum everywhere. I do not like that the grounds police can use radar on students.!!
- 240 Nov 2, 2010 1:01 AM The coffee cart prices are to high.!!
The dining prices are to high.

- 241 Nov 2, 2010 1:05 AM Outside some of the buildings its a little dull.. could use some color!
- 242 Nov 2, 2010 1:06 AM Traffic
Every time I have gone to the financial aid office I have found there to be a long line of people waiting to be worked with. Upon speculation, I have noticed that no matter how long the line is,
- 243 Nov 2, 2010 1:07 AM the people working the front desk at the financial aid office move with absolutely no sense of The women's bathrooms. Something needs to be done about the automatic flushing toilets. I think they are a good idea, but they flush ALL the time, and I don't see how they are saving water
- 244 Nov 2, 2010 1:11 AM or money. And it's not just in one of the bathrooms...they do it all over campus.
- 245 Nov 2, 2010 1:11 AM Sometimes confusing getting from one building to another.
- 246 Nov 2, 2010 1:11 AM Shortage of outdoor lighting.
- 247 Nov 2, 2010 1:12 AM Parking lots in winter time(so slippery!!!).The college should do something to reconstructing them.
- 248 Nov 2, 2010 1:13 AM Parking can be a pain. Nothing to cry over though.
1. Parking is usually far away, not well lit at night, and suffers bad traffic patterns during the day.
- 249 Nov 2, 2010 1:15 AM 2. Room A146 is so poorly laid out that the light switch is behind the big projector screen. Our
- 250 Nov 2, 2010 1:15 AM Too many people smoke
- 251 Nov 2, 2010 1:18 AM Expensive
The parking is quite far from my class - I have to allow about 15 minutes to walk from my car to my class, and I'm on a tight schedule. I also came with my baby daughter once, and there was
- 252 Nov 2, 2010 1:18 AM nowhere for me to change her diaper - you need baby changing stations in the bathrooms. It was hard to rate the classrooms and student areas with the rating choices above. The technology building has great class and social space, as does the JLC. I have found that the
- 253 Nov 2, 2010 1:18 AM main floor classrooms and social areas (A and B wings), however, are less than optimal. These

- 254 Nov 2, 2010 1:20 AM Goose poop on the path to the Tech campus.
- 255 Nov 2, 2010 1:21 AM I have not had any problems.
- 256 Nov 2, 2010 1:22 AM None
- 257 Nov 2, 2010 1:23 AM it is difficult to find parking at times
Many of the bathrooms throughout the older buildings do not meet the same standards as the
new bathrooms in the technology campus they are often dirty and do not have toilet paper in the
- 258 Nov 2, 2010 1:24 AM stalls.
- 259 Nov 2, 2010 1:24 AM its a long walk from the parking lot. not much can be done about that though.
- 260 Nov 2, 2010 1:25 AM the classroom seats are uncomfortable
- 261 Nov 2, 2010 1:29 AM parking lot to far for some.
- 262 Nov 2, 2010 1:31 AM I dislike all the brochures and advertisements about the clubs, and events
- 263 Nov 2, 2010 1:31 AM Parking lots, there is not enough parking available, especially when other activities are taking
place.
- 264 Nov 2, 2010 1:33 AM wish there was way to connect all the basement levels of the different wings, wish the gym was
closer to the main building
- 265 Nov 2, 2010 1:35 AM Not enough lighting in the parking lots. When getting out of class at 9pm and walking to car by
myself, would like a bit more light.
- 266 Nov 2, 2010 1:41 AM Parking is way too small. Not enough spaces.

- 267 Nov 2, 2010 1:43 AM I dislike the fact that we have an amazing horticultural department yet we are using Chemlawn to treat our lawns on campus grounds.
- 268 Nov 2, 2010 1:46 AM Tables in a and b wings are always taken during the day. Parking lot is dangerous for pregnant students especially in the winter because we often have to park very far away and it is almost always icy
- 269 Nov 2, 2010 1:47 AM The classrooms feel a bit outdated with the small cramped desks. The walk from the parking lot is also super long.
- 270 Nov 2, 2010 1:51 AM Parking lot. I guess it can't be helped, but having to park so far and walk through yards and yards of snow can be pretty brutal.
- 271 Nov 2, 2010 1:51 AM The SMOKING outside-- I thought they had to be 15 feet from the doors- but the students that go out to the big area outside the main lobby are right by the doors!! You have to walk through a cloud of smoke to get air.
- 272 Nov 2, 2010 1:56 AM The parking lots are ridiculous. It is hard to find parking
- 273 Nov 2, 2010 1:56 AM the stairways are very bare and its not welcoming at all it needs to get some attention
- 274 Nov 2, 2010 2:02 AM just the smoking in the main walkways.
- 275 Nov 2, 2010 2:03 AM Not enough close parking.
- 276 Nov 2, 2010 2:04 AM Nothing.
- 277 Nov 2, 2010 2:08 AM the parking lots/sidewalks have a lot of goose poop on the sidewalks especially by the t building
- 278 Nov 2, 2010 2:10 AM Parking...i have to walk 5 min to get to the building.
- 279 Nov 2, 2010 2:16 AM So far nothing has appeared in my view has dislike

- 280 Nov 2, 2010 2:18 AM As mentioned above, the horticulture building, especially for hort. students looked horrible.
- 281 Nov 2, 2010 2:20 AM nothing
- 282 Nov 2, 2010 2:28 AM I would like to see security in the lots more often, I rarely see them, and I go to night classes so it's always dark out when I leave.
- 283 Nov 2, 2010 2:32 AM The bathrooms, not enough computers in the library
- 284 Nov 2, 2010 2:32 AM I dislike the wait in the Financial aid office
- 285 Nov 2, 2010 2:36 AM The only problem I have is how far I have to walk from my car to the classrooms. However, that's my own laziness coming into play. I haven't see anything worth mentioning that I dislike. Parking is tough. My classroom is horrible. There is paper on the ceiling where the tiles are missing. My chemistry lab really needs work also. The equipment is old and makes it hard to do
- 286 Nov 2, 2010 2:37 AM our labs.
- 287 Nov 2, 2010 2:44 AM Parking, The parking lot is DANGEROUS. There should be campus police dedicated to just the parking lot area. People drive very aggressively.
- 288 Nov 2, 2010 2:46 AM The game room looks trashy it needs new equipment in there. The computers in there are old and its just not very welcoming to go in there.
- 289 Nov 2, 2010 2:46 AM not enough parking
- 290 Nov 2, 2010 2:54 AM Not enough parking
- 291 Nov 2, 2010 2:58 AM Classroom furniture is very old and awkward
- 292 Nov 2, 2010 3:12 AM Parking is far from classes.

- 293 Nov 2, 2010 3:13 AM parking
- 294 Nov 2, 2010 3:16 AM not enough space for people to chill and relax, have more couches and quiet areas
- 295 Nov 2, 2010 3:21 AM Nothing...everything is pretty great! I love CLC!
I take an art class and we have very little natural lighting in it. The chairs are not high enough to comfortably paint (and I am tall).[]
- 296 Nov 2, 2010 3:22 AM []
- 297 Nov 2, 2010 3:29 AM it is very spaced out and i occasionally take wrong turns.
- 298 Nov 2, 2010 3:30 AM campus is slightly dated
there seem to be more gangbanger types hanging about don't know if they are students, but they are always in the parking lot by the gym it makes me very uncomfortable to be out there
- 299 Nov 2, 2010 3:31 AM now that it is dark earlier
- 300 Nov 2, 2010 3:32 AM All the wings look the same so it has taken awhile to become familiar with where everything is.
- 301 Nov 2, 2010 3:33 AM Nothing really comes to mind.
- 302 Nov 2, 2010 3:36 AM toilets flushing while being used
Some of the classrooms in the Horticulture building are cold in the winter -- especially room H110.[]
- 303 Nov 2, 2010 3:37 AM The back of the horticulture building doesnt have sufficient lighting for our Landscape
In the winter time, not many students venture outside. Therefore, it seems like a lot of the hang
- 304 Nov 2, 2010 3:39 AM out spots for students are cut short.
- 305 Nov 2, 2010 3:43 AM There is nothing that I truly dislike.

- 306 Nov 2, 2010 3:48 AM Parking lots too crowded, walk very far to get to the building
I dislike the PE fitness center. The equipment is old, the treadmills are older, and I don't think
anyone carries a radio with them to listen to the television. Everyone has an iPod or headphones
- 307 Nov 2, 2010 3:49 AM now. A ton of fitness centers have television on the treadmills. CLC could use something like
- 308 Nov 2, 2010 3:53 AM I do not like the way parking is. I do not qualify for a handicap sticker but, I do have issues with
walking long distance at time without pain.
- 309 Nov 2, 2010 3:59 AM Parking is terrible- especially in the winter months. So messy, so cold, so far to walk! The
computer lab on the third floor of the library is the most accessible print lab available, but too
often the computers are taken up by people on facebook or playing games. This can be
I here is no real problem with it just looks a bit old that's all!!
- 310 Nov 2, 2010 4:02 AM and maybe some better positioned staircases could help but that seems hard to add on so
maybe elevators or signs to tell people where the nearest staircase could be to help out the
- 311 Nov 2, 2010 4:02 AM There are too many stairs.
- 312 Nov 2, 2010 4:03 AM NOTHING i LOVE IT.
I he classroom I go to everyday for a language class is in a tradition lecture-style setting that,
even my teacher admits, is not conducive to learning a language. Also, the bathrooms
- 313 Nov 2, 2010 4:05 AM (especially in the center of the campus) are in need of a renovation. While a majority of the time
- 314 Nov 2, 2010 4:06 AM We need more "close to the buildings" parking -- especially in bad weather, but I don't know
where you'd put it.
- 315 Nov 2, 2010 4:08 AM The prices of food in the cafeteria seem VERY high! I try very hard to bring my own lunch, as
the quality and coast of cafeteria items is really not worth it!!
- 316 Nov 2, 2010 4:15 AM classrooms are outdated.
- 317 Nov 2, 2010 4:19 AM Gross bathrooms. Not nice desks and equipment.
- 318 Nov 2, 2010 4:20 AM The amount of parking on campus isn't enough.

- 319 Nov 2, 2010 4:21 AM the lancers dining area is to small.
- 320 Nov 2, 2010 4:25 AM Parking is pretty far away from the actual building.
I really don't like anything about the Grayslake campus. I am partially disabled but can not get a
handicap pass and have to walk almost a mile from my car to the entrance. The study areas of
- 321 Nov 2, 2010 4:29 AM the campus are crowed with loud students and almost every other area of the campus is crowed
- 322 Nov 2, 2010 4:33 AM I have not really observed any issues or problems on the Grayslake campus or grounds.
- 323 Nov 2, 2010 4:33 AM The bathrooms, some are used a lot and get dirty faster and others are not used as much. Lack
of chairs and tables in the courts, sometimes it seems as if they just disappear.
- 324 Nov 2, 2010 4:35 AM Some area are really nice while others are dirty and poor.
- 325 Nov 2, 2010 4:35 AM While talking to a cashier, there is no privacy. As people are walking by, they can hear personal
information about a person. Same with the Consumers ATM.
- 326 Nov 2, 2010 4:41 AM The parking lot is a bit hectic at times.
- 327 Nov 2, 2010 4:44 AM Clasrroms are small and sometimes cramped. Also, during the evening classes it is hard to find
a parking spot.
- 328 Nov 2, 2010 4:45 AM People always crowd the cafeteria.
- 329 Nov 2, 2010 4:52 AM Not much graduating class activities. Chance for students to get to know fellow graduating
students. Activities and gatherings for students graduating the same time as the others.
- 330 Nov 2, 2010 4:56 AM We could use better parking.
- 331 Nov 2, 2010 5:02 AM I havent had issues

- 332 Nov 2, 2010 5:08 AM I think that there could be an easier way to find a parking spot. I have to be at CLC about 20 min before my class so that i can find a spot close to the door because i have some foot problems and i'm in pain by the time my class is over.
- 333 Nov 2, 2010 5:09 AM The parking lot problem is still an issue eventhough it has been spokena about a number of times
- 334 Nov 2, 2010 5:10 AM Parking! It takes ten to fifteen minutes to get to class from the lot.
- 335 Nov 2, 2010 5:19 AM The disgusting amount of cigarette butts on the ground outside. People should be more considerate when throwing away their butts.
- 336 Nov 2, 2010 5:32 AM Needs to be more colorful in spring and summer. Especially in the quad
- 337 Nov 2, 2010 5:35 AM Parking can be a hassle. offices are very cramped, student lounges and meeting rooms are very cramped. the campus has too much free lawn space. cafeteria is dirty looking, most of the bathrooms look very dirty.
- 338 Nov 2, 2010 5:41 AM commons spaces are uncomfortable and many have broken tables and chairs. not enough
- 339 Nov 2, 2010 5:43 AM none
- 340 Nov 2, 2010 5:56 AM I wanna take two classes but they are on the same day and time. Don't find any option. I'm taking about the taking classes for the spring 11, i already had plan to enroll in auto electrical I and i wanna take administration office system (AOS) such as computer basic or comprehensive word
- 341 Nov 2, 2010 6:05 AM Need more lighting and a security presence at night.
- 342 Nov 2, 2010 6:52 AM I don't know how much you could do about this, but I really do not like how the toilets flush while you are still using the bathroom.
- 343 Nov 2, 2010 7:01 AM There are too many technological issues in the library when it comes to printing and copying.
- 344 Nov 2, 2010 7:37 AM Need recycling bins in classrooms as well as garbage cans or else people just throw everything into garbage and in your attempt to be somewhat green that's a pretty big thing to lack

- 345 Nov 2, 2010 9:52 AM Parking can be difficult, especially at night.
- 346 Nov 2, 2010 10:05 AM The smoking areas are disgusting.
- 347 Nov 2, 2010 10:37 AM Nothing
- 348 Nov 2, 2010 10:51 AM The softball field could use some work. Other than that the dirt which needs to be turned because it is hard as a rock the field is nice.
- 349 Nov 2, 2010 11:01 AM To far to walk from parking lot for after hours (evening) class students especially us older folks seeking to get an education but have to walk sometimes up to a 1/4 mile to get to class.
- 350 Nov 2, 2010 11:11 AM parking
- 351 Nov 2, 2010 11:23 AM there is not enough comfortable outdoor seating areas the cafeteria and resturant could be updated.
- 352 Nov 2, 2010 11:41 AM Student parking lots are very far away from the building (especially Building I). I here's lots of goose poop on the sidewalks. There are not enough comfortable lounging areas for students to eat and study inside -- especially when the weather is bad.
- 353 Nov 2, 2010 12:04 PM NONE
- 354 Nov 2, 2010 12:09 PM Handicap parking is horrible - located far from most classes - especially the technology wing - parking in general is overly crowed at times
- 355 Nov 2, 2010 12:13 PM 1) Would like to have student ID available again. I am missing out on using an ID for some significant savings on college student discounts and I don't want to have to carry around my paid invoice for ID, which is not acceptable in many places anyway. I can't believe the school can't
- 356 Nov 2, 2010 12:20 PM Long walk from parking lot
For woman and men that have short time promblem walking from the parking lot to campus it can be a long walk, would be nice if thier was an area where you could park if you are pregant,
- 357 Nov 2, 2010 12:26 PM not looking forward to the winter walking that long walk.

358 Nov 2, 2010 12:33 PM There are days i wish the walk wasnt so long from the parking lots!!

359 Nov 2, 2010 12:44 PM THere are NO Student Ids

360 Nov 2, 2010 12:52 PM close in parking is difficult to find during peak class hours.
Classroom locations and relative information is not easily seen !!
I have also been frustrated with the lack of co-operation from the counselors and advisors.[]

361 Nov 2, 2010 1:03 PM The office is slow to respond to requests for information and/or appointments.

362 Nov 2, 2010 1:05 PM Student parking can get pretty far from the building, especially in the winter- I know there may not be much to change about this issue though.

363 Nov 2, 2010 1:10 PM 1. The student parking lots are not ideally situated around the campus. 2. Drivers do not pay attention to pedestrians or traffic signs.

364 Nov 2, 2010 1:12 PM the parking lot is far from the building especially for a pregnant person to walk and when it starts to snow.

365 Nov 2, 2010 1:14 PM I find the maze to be hard to locate where I am going and I also am not sure where to park to possibly enter the maze at a location closer to may classroom

366 Nov 2, 2010 1:19 PM classrooms although equipped with LCD projectors and computers still seem very plain looking and outdated carpet and wall paint
On really heavy snow fall, the parking lots were not cleaned up, this happened last winter.I had a very hard time parking & leaving the parking lot.[]

367 Nov 2, 2010 1:23 PM Also last night, the loutside lightw were not turned on and it was dark outside already. (Around No one even thinks about parking. Way too much is blocked off in the evenings and even during the day dozens of empty spots are available in the lots for faculty and staff. I do not take classes

368 Nov 2, 2010 1:24 PM in the winter because, quite frankly I don't want to slip on ice or freeze before getting to class.

369 Nov 2, 2010 1:25 PM dd

370 Nov 2, 2010 1:32 PM parking is so far away

- 371 Nov 2, 2010 1:39 PM See questions #3 and #4.
The buildings are very dated and old looking. The hallways and lounge areas are dimly lit. It doesn't look like there have been many updates in the A, B, C or D wings since the late 70s or
- 372 Nov 2, 2010 1:46 PM early 80s.
- 373 Nov 2, 2010 1:53 PM The parking lot is very badly lit, it can be very scary coming out of night class and walking the long distance to your car.
- 374 Nov 2, 2010 2:02 PM smoking next to the outdoor.
The worst place in the school is Lancers. I feel like I am in an unfinished basement that is old and dirty. It is way too long of a walk on a short break. I like to have a cup of tea on break and I
- 375 Nov 2, 2010 2:02 PM have to walk from 2nd floor D to the Lancers in the basement. I am always late back to class
- 376 Nov 2, 2010 2:04 PM the equipment and also the areas to study are too small
- 377 Nov 2, 2010 2:04 PM Geese poop on sidewalks
Certain administrator(s) working in the library speak(s) louder than necessary while surrounding students are studying. Not all administrators do. Other administrators lower their voices very
- 378 Nov 2, 2010 2:06 PM much.
- 379 Nov 2, 2010 2:08 PM The parking lots. Never enough parking.
- 380 Nov 2, 2010 2:10 PM Parking is tough.
- 381 Nov 2, 2010 2:11 PM Non at the moment.
- 382 Nov 2, 2010 2:16 PM Somewhat confusing my first few weeks figuring out my way around, but I only have 2 night classes a week so maybe I just don't get enough practice on the layout! :)
- 383 Nov 2, 2010 2:23 PM Wish there were more options to choose from for public transportation.

- 384 Nov 2, 2010 2:25 PM The cafeteria is a little appalling. If it could look more like a social area instead of an elementary cafeteria I may be satisfied.
- 385 Nov 2, 2010 2:27 PM The cafeteria is gross and so is a lot of the food there. It seems to lack quality and freshness for the price. The bathrooms are not kept up all the time either. Some of the sinks don't work and the toilets flush while I'm mid-pee. It makes me feel dirty.
- 386 Nov 2, 2010 2:29 PM The congested parking lots during the winter due to the snow covering up the lines.
- 387 Nov 2, 2010 2:31 PM N/A
- 388 Nov 2, 2010 2:41 PM The exit and entrance. One lane is a pain and it take forever to go home then
- 389 Nov 2, 2010 2:42 PM i sometimes get lost/take a longer route because I don't know which stairs lead to where
- 390 Nov 2, 2010 2:44 PM Can be hard to navigate for a new student, classrooms are a little outdated, I hate the chairs.
- 391 Nov 2, 2010 2:46 PM The parking at the Technology building. On wet days the most direct route is often muddy. The only way to avoid that is to make the walk even longer.
- 392 Nov 2, 2010 2:59 PM Parking crowded
- 393 Nov 2, 2010 3:04 PM People drive like idiots in the parking lots.
- 394 Nov 2, 2010 3:06 PM I dislike nothing.
- 395 Nov 2, 2010 3:08 PM It would be nice for there to be more parking available by the D wing. So far, I have only noticed Faculty parking there.
- 396 Nov 2, 2010 3:09 PM The only thing I dislike about the campus/grounds is the classroom chairs. I heir very uncomfortable and I can't seem to find a chair in my class that is made for a left handed person such as myself, and some technology equipment in the room needs to be updated.

- 397 Nov 2, 2010 3:10 PM The campus is VERY outdated and to me always feels dirty. I studied in the library ONCE and maybe it was my ADHD but it was almost distract but how incredibly out dated it was. I also have an issue with the how the campus around the beginning of each semester has still not become
- 398 Nov 2, 2010 3:10 PM Classrooms could look a bit more professional. In some of my classrooms, I feel back in middle school again, rather than in college.
The parking lot I believe is a major issue, not enough parking spots for the number of students. I also believe the administration/advisors offices do not have the amount of people needed to fulfill students needs such as helping them transfer (too many students and not enough

- 400 Nov 2, 2010 3:12 PM Bathrooms and outdated computer software
- 401 Nov 2, 2010 3:13 PM Some areas not labeled, difficult to find certain room numbers.
- 402 Nov 2, 2010 3:13 PM None.
- 403 Nov 2, 2010 3:15 PMgeese
- 404 Nov 2, 2010 3:18 PM No complaints.
- 405 Nov 2, 2010 3:23 PM some of the classrooms in building C are a bit crowded with the table layouts
- 406 Nov 2, 2010 3:33 PM parking so far away
The student parking is SO inconvenient. I drive all the way from Zion, just to walk the last half of mile just to get to my classroom in the evenings. When inclement weather is being experienced,
- 407 Nov 2, 2010 3:36 PM the trek is more difficult. I have taken on line classes just to avoid the walk, however I really
- 408 Nov 2, 2010 3:36 PM I havent really observed any problems or anything but i do think that some of the student furniture and some equipment is out dated.
- 409 Nov 2, 2010 3:38 PM Not enough areas to work with other students in a group setting.

- 410 Nov 2, 2010 3:41 PM there is really no place in the computer labs for student to meet as a group. not really a place where students can meet with the teachers.
- 411 Nov 2, 2010 3:45 PM The courses, and programs are to easy, and do not adequately prepare students to be competitive in the job market.
- Students need a social area that is enjoyable to be in. Current areas are dungeon-like. ¶
- Students also need quiet areas to study, in addition to areas to be noisy that won't disturb classrooms and offices.¶
- 412 Nov 2, 2010 3:45 PM
- 413 Nov 2, 2010 3:48 PM the parking lots are so far removed from the buildings themselves, it takes a long time to walk the distance.
computers have OS that is 10 years old. some bathrooms are not large enough. lockers are needed for students with disabilities. small desks in B and D buildings are very uncomfortable and have no space to put study materials, this distracts students from their class content and is
- 414 Nov 2, 2010 3:48 PM
- 415 Nov 2, 2010 3:49 PM Parking so far from building, especially in bad weather, or at night.¶
No student lounge area for "older" students.
- 416 Nov 2, 2010 3:50 PM It needs a little bit more cleaning
- 417 Nov 2, 2010 3:52 PM More tables in the classrooms instead of those small half desks. With books, laptops and other paraphernalia the small desks are just that TOO SMALL.
- 418 Nov 2, 2010 3:54 PM Interior needs to be updated. everything look outdated
- 419 Nov 2, 2010 3:54 PM None
- 420 Nov 2, 2010 3:55 PM Nothing really. There's sufficient parking, the grounds are in good shape, and the building is pretty darn clean.
- 421 Nov 2, 2010 3:57 PM Parking!
- 422 Nov 2, 2010 4:00 PM I can't remember observing any problems.

- 423 Nov 2, 2010 4:04 PM to long to walk to park.
- 424 Nov 2, 2010 4:05 PM chalk board in majority of my classrooms
- 425 Nov 2, 2010 4:07 PM Not enough computers.
- 426 Nov 2, 2010 4:11 PM Desks in the classrooms are very old, small and need to be upgraded.
- 427 Nov 2, 2010 4:15 PM the parking lot, when its winter time sometimes there is no parking close to bulding but i guess that's not too bad.
- 428 Nov 2, 2010 4:21 PM No problems.
Some classrooms are very cold in the winter when it should be warm.!!
Vending machines dont usually work!!
- 429 Nov 2, 2010 4:22 PM Limited Printing
- 430 Nov 2, 2010 4:35 PM Basement needs more storage rooms. I almost felt out of place when walking to my ceramics class due to the mass amounts out items being stored in the hallway.
- 431 Nov 2, 2010 4:41 PM People standing around in the middle of the hall.
- 432 Nov 2, 2010 4:41 PM How some of the stairs are to narrow to walk, going up or down, specially the ones on the Technology building.
- 433 Nov 2, 2010 4:43 PM The curtain in the PEC. It is too close to the south baseline of the volleyball practice courts.
- 434 Nov 2, 2010 4:45 PM It smells like cigarettes between the C, A, and B wings where the in door pond is.
- 435 Nov 2, 2010 4:49 PM Ive hear a lot of people complain about parking, I have never had problems myself.

- 436 Nov 2, 2010 4:52 PM Not enough directions to get to where I am going. It's a big place and a bit confusing.
- 437 Nov 2, 2010 4:53 PM Parking seems very far away.
- 438 Nov 2, 2010 4:54 PM I don't dislike anything
FOOD PRICES ARE TOOOOOOOO HIGH!!
[]
- 439 Nov 2, 2010 4:55 PM THEIR SHOULD BE MORE COMPUTERS IN THE LIBRARIES
- 440 Nov 2, 2010 5:03 PM people in cars bumping loud music
- 441 Nov 2, 2010 5:06 PM The parking space is way too small and it takes a long while to get to talk to advisors and
counselors for choosing classes
The main issue I have is that there is not enough close parking. I realize teachers and staff get
priority parking, but in the cold cold winter (at night!) it's quite a long walk from the end of the
- 442 Nov 2, 2010 5:09 PM parking lot.
Smoking is a big problem. Besides having to enter through a gauntlet of smokers at entrances,
there are cigarette butts everywhere. Just look at the cracks out front of any entry. Please
- 443 Nov 2, 2010 5:09 PM eliminate smoking from the campus.
- 444 Nov 2, 2010 5:10 PM I don't like that you guys have small desk for some class rooms. i think there should be tables so
we can actually put all our material on top of a table.
- 445 Nov 2, 2010 5:12 PM Lack of outdoor benches and tables surrounding campus, especially near wing C. The traffic
flow for parking around campus especially near buildings B and C.
- 446 Nov 2, 2010 5:21 PM The computer labs fill up to fast. More space and computers are needed. If L144 were opened
up, it would decrease the amount of students that have to wait to use a computer. I also dislike
the absence of windows in most of the class rooms. In a three hour block class, it creates a
- 447 Nov 2, 2010 5:32 PM all the goose droppings, and too many spaces are for teachers thar arent being utilized.
- 448 Nov 2, 2010 5:33 PM The parking is too far from the building.

449 Nov 2, 2010 5:40 PM N/A

450 Nov 2, 2010 5:43 PM Office of Student Disabilities, I feel like that they dont know about my disabilitie

451 Nov 2, 2010 5:45 PM The Financial aid office is a joke. It's a wonder anything ever gets done in there!!
Why are they not issuing CLC id cards???

452 Nov 2, 2010 5:53 PM The parking lot. Doesn't seem to be enough parking spaces that aren't located a mile away from the building.

453 Nov 2, 2010 6:01 PM The parking lot is awkward and there is usually a long distance to walk and there is lots of parking space that is not used that could be put to better use

454 Nov 2, 2010 6:09 PM The ineffective use of depts. not in class-room. but corridors. wall postings are not effectively displayed. They should reflect the fields, or inform about other aspects of the field. The unused space should open a students mind to think, learn, and or apply the information they are

455 Nov 2, 2010 6:11 PM nothing comes to mind
I think a Staff lot is a Staff lot and shouldn't matter what activity is going on. The general public and staff and students don't know when it will be considered a STAFF lot and

456 Nov 2, 2010 6:13 PM when it will not -- so THEREFORE if it was always treated like a staff lot everyone would know!!

457 Nov 2, 2010 6:13 PM Parking at the T building is very far away. Too many stop signs

458 Nov 2, 2010 6:13 PM lack of garbage cans in classrooms

459 Nov 2, 2010 6:16 PM none at this point.

460 Nov 2, 2010 6:19 PM The parking lots! They're way too many students and not enough parking spots or lots for that matter. More parking lots need to be added if land is available.

461 Nov 2, 2010 6:20 PM Computer lab. Parking lot

- 462 Nov 2, 2010 6:22 PM I here are not enough access to certain classes, at least at night because I am only available in the afternoon and some classes don't have many opening and if they do it's limited or it overlaps with other classes that I need to take as well. The only issue I have found is that, I've been a student at the Grayslake campus for over three years, and this semester is the first time I found out that there is a rec room. It's practically invisible, and it's not really advertised. There have been times where I've had nothing to do
- 463 Nov 2, 2010 6:32 PM
- 464 Nov 2, 2010 6:39 PM none
- 465 Nov 2, 2010 6:51 PM need more parking by the Technology building
I would like to see more security patrolling the sidewalks and parking lots leading to all entrances. They drive around in SUVs, but I would like to see them actually get out and make
- 466 Nov 2, 2010 6:52 PM sure the sidewalks are safe.
- 467 Nov 2, 2010 6:53 PM too crowded in small hallways
- 468 Nov 2, 2010 6:54 PM I don't feel that the bathrooms are easy to find-- if you're new and/or in a hurry- not being able to locate the nearest one is inconvenient
- 469 Nov 2, 2010 6:59 PM Some older classrooms have the small little desks. I like tables.
- 470 Nov 2, 2010 7:00 PM I don't like the parking. It seems to be too crowded at both start and end of classes. I think students should be able to park closer to campus.
- 471 Nov 2, 2010 7:07 PM Parking can sometimes be a problem. Finding a quiet area to study is definitely a problem. I ususally have to leave the campus or go sit in my car to get anything done.
- 472 Nov 2, 2010 7:11 PM The parking is horrible when trying to get a spot around 10:45 Mon/Fri.
- 473 Nov 2, 2010 7:13 PM the student lounge next to the lunch room is very rundown. the parking lots do not have enough spaces.
- 474 Nov 2, 2010 7:13 PM The chairs on the classrooms are really uncomformable and small. The Campus overall is very nice, there aren't any flaws which i can point at.

- 475 Nov 2, 2010 7:19 PM The layout of the building it really convenient. If you decide to change anything like that hopefully you will be able to keep the ease of it
- 476 Nov 2, 2010 7:21 PM Not straightforward to get around; Buildings not well labelled or defined; Faculty vs. student parking areas not always well-defined.
- 477 Nov 2, 2010 7:27 PM None
- 478 Nov 2, 2010 7:40 PM Parking would probably be one of the biggest issue that I have found, however I think it could be worse. For example most time when I come to school there is not enough parking in a certain area that would be more benifitial to where I have to go.
- 479 Nov 2, 2010 7:40 PM parking issues
- 480 Nov 2, 2010 7:42 PM The lack of walkways from the North parking lot to the Technical building. Students have to climb over snow drifts or through mud to get the the building.
- 481 Nov 2, 2010 7:45 PM That there are no trash recepticals in the class rooms.
- 482 Nov 2, 2010 7:52 PM Not enough student parking.
- 483 Nov 2, 2010 7:58 PM Safety is the biggest issue.
- 484 Nov 2, 2010 8:01 PM I don't like the Parking Lots there are never any parking spots, I think they need to add another parking lot onto the grounds.
- 485 Nov 2, 2010 8:03 PM there is nothing i don't like about the Grayslake campus
- 486 Nov 2, 2010 8:15 PM Nothing at all.
- 487 Nov 2, 2010 8:29 PM The parking sucks!

- 501 Nov 2, 2010 9:08 PM I think that the automatic flushing toilets are wasting a lot of money. Smoking too close to the entrances...makes it tough to walk outside sometimes. An overabundance of geese. The antiquated technology for student info (old TV sets with VERY
- 502 Nov 2, 2010 9:08 PM fuzzy reception). Lack of matching furniture in some areas. The whole downstairs in the C-wing
- 503 Nov 2, 2010 9:08 PM bathrooms are pretty gross, general appearance could use updating, furniture, office areas, some offices are brand new and nice, others are old and musty.
- 504 Nov 2, 2010 9:09 PM I like everything just fine.
- 505 Nov 2, 2010 9:10 PM Very confusing, not inviting, not student friendly
There are few places for students to congregate and/or study. You can't have group projects because there is no place to meet! There are no places for clubs to meet as well, sound proof,
- 506 Nov 2, 2010 9:13 PM relax, etc.
- 507 Nov 2, 2010 9:13 PM Restrooms are not always clean and people use some spaces to meet that are not really appropriate for them (second floor between the library and the entrance of the technology building). The Grayslake has a dated appearance, it's not modern looking, except for the 't-wing'. I'm so sick of seeing that pale cream institutional look in the hallways. The faculty offices are too small,
- 508 Nov 2, 2010 9:14 PM once there are more than 2 students in the office, it is too crowded to move around. There are no
- 509 Nov 2, 2010 9:15 PM Much of the campus looks old and outdated. There's no one central gathering area for events.
- 510 Nov 2, 2010 9:16 PM I think lancers is extremely ghetto and attracts the worst kind of crowd to hang out in it, instead of people who want to study and learn.
There is no central "welcome" area for people when they enter the college. Most people enter through the C wing entrance. It would be nice to have a welcome center to direct students where
- 511 Nov 2, 2010 9:16 PM to go, and provide information about the college for new students.
- 512 Nov 2, 2010 9:16 PM Parking is terrible and you have to walk far distances.
- 513 Nov 2, 2010 9:17 PM Chemistry labs need to be renovated. Faculty offices need painting, etc.

- 514 Nov 2, 2010 9:18 PM It's difficult negotiating the geese.
- 515 Nov 2, 2010 9:18 PM Water pooling in staff parking lot #1 and the sidewalk going from the Technology Building to staff parking lot #1.
- 516 Nov 2, 2010 9:18 PM Not enough parking
The office we're housed in (A116) needs some work on its heating/cooling and ventilation system. It's generally super cold and you can feel a breeze blowing through the 'makeshift
- 517 Nov 2, 2010 9:19 PM vents'. At other times, it's so hot we have to install temporary exhaust fans.
The most obvious problem is there is no logic to the configuration of most of the buildings and the numbering of rooms. Most buildings are configured with dead ends, poor handicap
- 518 Nov 2, 2010 9:21 PM accessibility, poor flow of traffic through the campus.
- 519 Nov 2, 2010 9:22 PM Parking is far away. This hill is brutal in the winter time.
- 520 Nov 2, 2010 9:22 PM Parking for automotive students is too far away and cuts into class time.
- 521 Nov 2, 2010 9:22 PM It needs to be a NON SMOKING CAMPUS!!!! NO SMOKING ANYWHERE ON CLC
PROPERTY!
- 522 Nov 2, 2010 9:23 PM Lots of old furniture that is not student-friendly, especially larger students. Students want tables and chairs, not the tab arm desks.
- 523 Nov 2, 2010 9:24 PM It needs to be updated.
- 524 Nov 2, 2010 9:24 PM the new blackboards are harder to see the markers and the computers in the classrooms aren't really set up to accommodate teachers to show videos.
The Grayslake campus looks like an OLD high school. Beige cinderblocks and worn-out looking. Furniture from the 70's! Some "poorer" institutions look more modern and have
- 525 Nov 2, 2010 9:25 PM updated facilities with open bright spaces. CLC is dark feeling and gloomy -- mostly in a dark to
- 526 Nov 2, 2010 9:27 PM The campus has a 60s/70s feel to it in the old sections. I think if we plan on branding this place, it should be a place that looks and IS more modern.

- 527 Nov 2, 2010 9:28 PM We need to have an area for students to gather informally. I would also like to see more science labs.
*Students have no place to be when they are not in class, waiting for class, etc. No one wants to go to the student lounge because its in the basement- no windows, stale air etc.[]
- 528 Nov 2, 2010 9:28 PM *Lack of space for programming such as Thrive, student events, college visits - need community
- 529 Nov 2, 2010 9:28 PM inadequate staff parking
- 530 Nov 2, 2010 9:29 PM Very limited parking at certain times of day
- 531 Nov 2, 2010 9:29 PM Furniture in older classrooms is outdated. Small chairs and "arm rest" desktops are very uncomfortable for students.
- 532 Nov 2, 2010 9:30 PM See #3
- 533 Nov 2, 2010 9:32 PM In the winter some areas need a little more attention with salt and shoveling.
- 534 Nov 2, 2010 9:34 PM PM,not as clean. A and B 2end floor not very well lighted.
- 535 Nov 2, 2010 9:35 PM parking is far (winter)
The Veterans memorial was a good idea, but it lacks the aesthetics it could have had. Where is this project headed and who is in charge? I thought there was going to be a bronze sculpture.[]
- 536 Nov 2, 2010 9:35 PM []
Bathroom toilets flush way too much in every section except the T-wing. Desks in the older sections need updating. It is often way too cold in summer and way too hot in winter in the T-

parking needs some improvements, administrative offices especially financial aid office needs to be bigger or have a waiting room, there was a lot of congestion when the year started, maybe
- 539 Nov 2, 2010 9:39 PM have some extra room to use for high volume times

- 540 Nov 2, 2010 9:43 PM There needs to be much more lighting around campus and in the parking lots. It is way too dark at night all across campus.
- 541 Nov 2, 2010 9:43 PM I have had some problems with classroom technology and lighting. It seems to boil down to not enough oversight and review of the state of the equipment in classrooms.
The inside in some areas is reminiscent of the 60's.¶
- 542 Nov 2, 2010 9:43 PM The Cashier's office which receives some heavy traffic often blocks the hallway when registration is going on.¶
- 543 Nov 2, 2010 9:43 PM There is not nearly enough parking by the library and tech. building.
- 544 Nov 2, 2010 9:45 PM Wish there was more parking
- 545 Nov 2, 2010 9:47 PM As a non-smoker, I would prefer to have more distance between the doorways and designated smoking areas. From a visitors perspective, it must not look very inviting.
- 546 Nov 2, 2010 9:49 PM Maybe a little outdated, but still great.
Entrance to building C is littered with papers and brochures. This area looks very unkept and is "first look" at the college when business people are entering to attend conferences in C wing
- 547 Nov 2, 2010 9:50 PM lower level.
It's not GREEN or environmentally low impact enough. We need to have solar panels, wind turbines and other visible signs of environmental technology. As a college we should be a
- 548 Nov 2, 2010 9:51 PM leader in using the latest technology. This should be a priority.
Inadequate space for adjuncts to work.¶

Computer labs in B wing are poorly organized.

- 551 Nov 2, 2010 9:54 PM not enough bathrooms !
- 552 Nov 2, 2010 9:54 PM The bathrooms are messy.

- 553 Nov 2, 2010 9:55 PM Smokers stand too close to doors and leave cig butts lying around. Library design outdated as it was built before computer research. VERY few places for students to have quiet study. There are no "smart" rooms equipped with computer, internet, ppt, word, video equipment,
- 554 Nov 2, 2010 9:56 PM A big pile of construction material north of the PE building.
A good portion of the college is painted all the same color which is very institutional carried over from the 40's to 60's. Learning should be colorful, inviting, and stimulating, not sterile, one color
- 555 Nov 2, 2010 10:00 PM and concrete walls.
The layout of this place is terrible. I am constantly getting lost because there is no logic to the layout of the buildings. The architect should be shot. Vegetation needs a bit more attention,
- 556 Nov 2, 2010 10:01 PM especially around the buildings. All of the plants that have been planted need some attention
- 557 Nov 2, 2010 10:05 PM Nothing as such, but I wish the Coffee cart needs way more changes. The cakes are stale at times. They need more variety.
- 558 Nov 2, 2010 10:05 PM Many areas of the campus are too hot in the winter.
- 559 Nov 2, 2010 10:06 PM The "Jungle" is annoying.
- 560 Nov 2, 2010 10:06 PM Overall, there are no dislikes, just some improvements that would be nice as stated below.
- 561 Nov 2, 2010 10:10 PM need more parking spaces
- 562 Nov 2, 2010 10:11 PM I wish there was more room in the cafeteria.
- 563 Nov 2, 2010 10:15 PM the central staircase, the "pond" and plants - wouldn't it be great to have these areas be common computer areas?
- 564 Nov 2, 2010 10:16 PM Parking has improved, but in the evenings many students park in the staff/faculty lots. When I'm exiting the college at 10 p.m., I do not want to walk to the far lots to my car. Typically most students have left, and it is very quiet.[]
- 565 Nov 2, 2010 10:21 PM No place to sit outside

- 566 Nov 2, 2010 10:22 PM Roof leaks in several areas in heavy rains.
- 567 Nov 2, 2010 10:23 PM The washrooms need better up keep.
- 568 Nov 2, 2010 10:28 PM Parking can be difficult and far away.
- 569 Nov 2, 2010 10:32 PM nothing
Some places such as the cafeteria and the pe room could really use an upgrade. Specially the fitness center because it seems like all the machines are in bad shape, and so are the locker
- 570 Nov 2, 2010 10:41 PM rooms.
- 571 Nov 2, 2010 10:48 PM During the winter the sidewalks and access ramps need to be kept much cleaner so that the handicapped, students and visitors can get into school much more safely. Older buildings such as Bldg. 4 are inadequately ventilated; restroom facilities there are sub-standard and the classrooms are crowded. Food service at GLC is sub-standard; it's a shame
- 572 Nov 2, 2010 10:49 PM that food is served in a basement. Conference rooms should be available, without scheduling,
- 573 Nov 2, 2010 10:52 PM students park in staff lot year-round. visitors park in staff lot, and students park in visitor parking. also the layout of the building seems to be difficult to grasp for new students.
- 574 Nov 2, 2010 10:58 PM nothing
- 575 Nov 2, 2010 10:59 PM I do not like the food (subs and pizzas that sit out) at Lancers. It would be nice if the Willow Room offered dinner. The main staircase area is a complete waste of space that could have student lounge areas. Also, there are places by the doors that still smell like smoke. Smokers need to be monitored
- 576 Nov 2, 2010 11:03 PM better. Finally, the outside garbage receptacles, especially by the entrance to the James
- 577 Nov 2, 2010 11:03 PM It would be nice if there were more parking areas around each building.
- 578 Nov 2, 2010 11:06 PM Uncomfortable chairs throught the campus. Desk is too little.

- 579 Nov 2, 2010 11:09 PM see all the geese
I dislike the geese. My book bag is on wheels, like luggage and the goose poop in the sidewalks makes it difficult to walk to and from the car. I understand they are attached to the area because
- 580 Nov 2, 2010 11:09 PM of some of the trees that have berries. But I don't like them.
- 581 Nov 2, 2010 11:11 PM parking not always the best, sometimes a hassel
I DISLIKE how smokers are treated like second rate citizens. I fully understand the health reasons against smoking, but doesn't mean that they should be treated any different than a
- 582 Nov 2, 2010 11:14 PM person who doesn't smoke. It's is a terrible thing when you simply don't feel welcome by staff or
- 583 Nov 2, 2010 11:17 PM The parking lot situation at times is very full or unorganized.
- 584 Nov 2, 2010 11:28 PM It can be hard to find parking at times.
- 585 Nov 2, 2010 11:33 PM Alot of non-students on Campus just hanging around doing nothing but taking up space and causing problems. Loud groups giving the school a bad first impression when you walk in.
- 586 Nov 2, 2010 11:38 PM Poorly located parking lots. Not one building is adequately served.
- 587 Nov 2, 2010 11:39 PM poor traffic flow
we need a "union" area for students to gather, host activities, and include what traditional four year institutions have like restaurants, computers, and meeting spaces. we need more
- 588 Nov 2, 2010 11:41 PM permanent outdoor seating, benches, swings
- 589 Nov 2, 2010 11:41 PM None
I really dislike all the automatic equipment in the bathroom, the toilet flushes a million times, and the sinks hardly work. I don't like that there is no garbage cans in any of the classrooms, I know
- 590 Nov 2, 2010 11:42 PM it is to help recycling but it is kind of lazy and what if it has to be thrown away immediately.
- 591 Nov 2, 2010 11:51 PM The buildings could use some modernization.

- 592 Nov 2, 2010 11:52 PM not hat clean
- 593 Nov 2, 2010 11:54 PM Again, one of the only problems I experience is the lack of computers available to students in the library area.
I dislike how a vast number of students have taken over the main courtyard with smoke. Sometimes they stand right by the doors, so cigarette smoke still comes inside the school. I
- 594 Nov 2, 2010 11:59 PM really wish that the non-smokers could take back that area.
- 595 Nov 3, 2010 12:03 AM classrooms are often dirty and smelly
- 596 Nov 3, 2010 12:04 AM Elderly have to walk very far when attending classes. Need closer parking for seniors who do not have handicapped parking.
The athletic building is not attached to the main building and it kind of discourages me from going there to work out but that is a lame complaint. The campus does not bother me much at
- 597 Nov 3, 2010 12:09 AM all.
no really good study lounge area
- 598 Nov 3, 2010 12:14 AM lacking space for students in the advising and counseling hall - too busy in the walkways and not very private; []
- 599 Nov 3, 2010 12:17 AM I dislike like the large numbers of fabric chairs in the library because of caution with the increase of bed bugs. Also they make a lot of noise.
- 600 Nov 3, 2010 12:19 AM I wish I could park closer
- 601 Nov 3, 2010 12:22 AM Close parking is very limited.
- 602 Nov 3, 2010 12:23 AM More trees would encourage outdoor meetings in the warm weather. There is not enough seating areas, Smokers make most entrances uninviting.
Shortage of staff members making the few that are work feeling overwhelmed and therefore treat students as if they are wasting their time. They need to work more efficiently. We need a better
- 603 Nov 3, 2010 12:23 AM organization in that office where students wait too long to be seen.
Parking is too far from the building, especially on cold, windy days. []
- 604 Nov 3, 2010 12:23 AM Washrooms in the Technology Building are too small. There really is no place to put books or back packs.[]

605	Nov 3, 2010 12:23 AM	Some of the maps are hard to follow when you first pull into the school because it is such a big campus.
606	Nov 3, 2010 12:24 AM	Though I'm somewhat satisfied with the science labs I'm not satisfied with the number of the labs. We have too much cramped into too few labs (BIO).
607	Nov 3, 2010 12:30 AM	The walking trail needs some work. But I gather there are some plans to work on it.
608	Nov 3, 2010 12:33 AM	The copy machines. Sometimes the bathrooms can be really dirty. Also some of the classrooms are small and have stains on the carpet. The lighting can be dingy in there as well and the technology does not
609	Nov 3, 2010 12:48 AM	always work in the classrooms.
610	Nov 3, 2010 1:03 AM	None
611	Nov 3, 2010 1:04 AM	It's not very welcoming, also the classrooms are usually cold...
612	Nov 3, 2010 1:07 AM	The Geese defecating on the walkways by building T. Too far from the student parking lots to the buildings, especially for one who is somewhat handicapped, but not enough to merit handicapped parking. Too many geese and the mine-

Also, while flowering crabs are beautiful in the spring, they are a dirty The students have been increasing over time and it is becoming a serious issue to find parking spots. I quite don't understand why there is a whole different parking spot for the faculty and staff
614	Nov 3, 2010 1:11 AM	and that lot is always half empty, and I say that because I pass by there every day. They should The bathrooms are kind of gross and the automatic flushers are waaaaayyy too sensitive so they flush several times per use, wasting enormous amounts of water and giving the user an
615	Nov 3, 2010 1:23 AM	unpleasant splash.
616	Nov 3, 2010 1:26 AM	I dislike the automatic flushing toilets. In some bathrooms the toilet flushes four or five times per use.
617	Nov 3, 2010 1:29 AM	Parking can be a pain sometimes. I really don't have much to complain about as far as the college in general. I do feel that you could use more people in the Financial Aid office.

- 618 Nov 3, 2010 1:30 AM Parts of the campus are dated, need faculty offices, need places for adjunct faculty to meet with students, some areas need new furniture, classroom cleanliness is sometimes a problem, noise issues from Atrium and coffee cart affect some classrooms
- 619 Nov 3, 2010 1:31 AM No Track, overall satisfied with the grounds otherwise
- 620 Nov 3, 2010 1:31 AM Parking areas are quite far, especially for building T. I don't feel especially safe at night and it will be difficult during inclement weather.
- 621 Nov 3, 2010 1:43 AM Sometimes depending where I'm there is no cellphone reception. For example, at D building there are classrooms there with no cell service... If I'm needed in case of an emergency I'm not reachable...
- 622 Nov 3, 2010 1:53 AM It would help if there were more places where the students can just chill and hang out.
- 623 Nov 3, 2010 1:57 AM ugly
- 624 Nov 3, 2010 2:01 AM Building 4 could use some modernization. Printers in the classroom are outdated. Need smart rooms in the classrooms. Better tables and chairs. Hallways in building 4 are crowded with supplies. Need more space to move.
- 625 Nov 3, 2010 2:05 AM I cant really think of anything that I dislike.
- 626 Nov 3, 2010 2:15 AM I dont like the automatic toilets. They always flush when they arent supposed to. It takes way too long to get in to see a councilor too. I hate going to them just because of how long it takes.
- 627 Nov 3, 2010 2:16 AM Same old, student gathering areas are lacking.
- 628 Nov 3, 2010 2:18 AM There are to many of the same post on every table! not needed.
- 629 Nov 3, 2010 2:30 AM Parking lot always seems full... but besides that everything is good. I don't like that there are not enough places for the events on campus. I here should be a conference room for the clubs and organizations.[]
- 630 Nov 3, 2010 2:33 AM Not enough space in the offices for Student Activities!!!

- 631 Nov 3, 2010 2:33 AM last semester I had a issue with the hours online being different from the hours held in the offices. Specifically the admission and registration office. I had to leave work early to get there on time, and the office was closed. The only person in the office refused to open the door to The cafeteria is very dark and does not look like a warm place to be. It is very inconvenient to go back and forth from the main campus to the University Center when
- 632 Nov 3, 2010 2:36 AM classes are back to back.
- 633 Nov 3, 2010 2:42 AM Some classrooms have really dark light!
- 634 Nov 3, 2010 2:54 AM Parking far from classes, not enough quiet study areas, toilets not functioning or too dirty
- 635 Nov 3, 2010 3:03 AM It is starting to become a little crowded. Parking lots are a bit too far away from the premises. The PE center lacks a swimming pool. the inside of the buildings look very old, most classrooms don't have any outside light from windows, so the rooms are very dark. The desks are way to small, there is not enough room for
- 636 Nov 3, 2010 3:05 AM taking note on them. I also think the classrooms should have more technology which would Parking for staff is often full and I have to park far away in the student lots. Also--temperature, as I complete this survey my fingers are stiff from the cold air blowing in on me! No matter how
- 637 Nov 3, 2010 3:06 AM much I complained, nothing was done about the cold air in my office las fall and winter and now
- 638 Nov 3, 2010 3:09 AM Big layout and parking lot Not enough trees and interesting bushes. Too many turns to get to Washington St. from the faculty lot and I have to cross the student lot where there always seem to be students and cars
- 639 Nov 3, 2010 3:11 AM to run over/into.
- 640 Nov 3, 2010 3:13 AM There aren't many issues, except that parking is crazy during the week. However, that is something the campus can't help.
- 641 Nov 3, 2010 3:17 AM A bit sterile in design.
- 642 Nov 3, 2010 3:27 AM N/A
- 643 Nov 3, 2010 3:28 AM the wifi isn't fast.

- 644 Nov 3, 2010 3:37 AM Many classrooms need to be updated with better technology. The fitness center could use some new equipment. There are really no negative things I can say about CLC, but there is always room for improvement.
- 645 Nov 3, 2010 3:58 AM the only thing I do not like is in the courtyard, how it smells like smoke all over the hallways.
- 646 Nov 3, 2010 4:09 AM No real dislike
- 647 Nov 3, 2010 4:12 AM the parking lots are too far away from the school
- 648 Nov 3, 2010 4:35 AM Would like to see a larger gym area and a more accessible social / lounge area
- 649 Nov 3, 2010 4:47 AM The parking lot can get filled.
- 650 Nov 3, 2010 5:03 AM Increase the student parking lots.
- 651 Nov 3, 2010 5:06 AM Overpriced coffee, that is all.
- 652 Nov 3, 2010 5:17 AM I think the pathway from B building to gym is kind of dirty.
- 653 Nov 3, 2010 5:27 AM The parking lot. I feel parallel Parking would fit more cars
- 654 Nov 3, 2010 5:31 AM smoker's court, bathrooms are gross
some of the classrooms are different temperatures from some that are cold and others are
terribly hot. And i wish that all the math classrooms had dry erase boards and not the hard to see
- 655 Nov 3, 2010 5:49 AM chalk boards that most seem to have.
- 656 Nov 3, 2010 5:55 AM Grand stair case smells too much like cigarettes.

- 657 Nov 3, 2010 6:40 AM Parking close to the buildings at night. Sometimes during snowing days the shoveling process has been delayed. Maybe no an issue for people working or studying at early hours ,but for sure very inconvenient for people working
- 658 Nov 3, 2010 9:54 AM or studying at night
Parking lot is chaotic. Need better traffic enforcement, pedestrians walk in road, do not cross at crosswalks, many cars speeding or blowing stop signs etc. Campus itself looks aged, crowded & run down. Self-flushing toilets repeatedly flush, wasting water. Sinks or towel dispensers Socializing space for students. Removing the extra plants from the lobby would be nice if there was a way to buffer the sound from the area from reaching into nearby classrooms.[]

- 662 Nov 3, 2010 12:26 PM parking is always a problem, and i am sure that it always will be a problem...
- 663 Nov 3, 2010 12:34 PM library atrium seating is cheap and flimsy
The biggest issue pertains to parking. Not only the for staff but for visitors coming to campus. With community outreach, when scheduling meetings, people cringe if they have to come to
- 664 Nov 3, 2010 12:40 PM campus because parking is a challenge and they have such a long walk, especially fall, winter
- 665 Nov 3, 2010 12:42 PM narrow hallways, older buildings need upgrading, too dark.
- 666 Nov 3, 2010 12:45 PM old carpet, old desks, old tables, projector in the room I teach in D202 is not good (when light colored print is projrcted you can not see it) need updated technology in the classroom.
- 667 Nov 3, 2010 12:46 PM The parking - seems to be far away from major door entrances.
- 668 Nov 3, 2010 12:48 PM Parking is far from classrooms.
- 669 Nov 3, 2010 12:55 PM the parking

- 670 Nov 3, 2010 12:58 PM Geese dropping, congregating & smoking right at the doorways
- 671 Nov 3, 2010 1:01 PM None
Faculty offices are all over, some not even close to their division offices.!!
Sometimes it is difficult to tell who works here.[]
- 672 Nov 3, 2010 1:05 PM Cafeteria needs more space, better seating, better esthetics.[]
- 673 Nov 3, 2010 1:14 PM My enough parking spaces, it's always a Hastle finding somewhere to park in the morning.
The staff lounge and student lounge areas both need improvement in size, location and the
furniture needs replacement. Additional parking is needed for both students and staff, it is hard
- 674 Nov 3, 2010 1:16 PM to find parking throughout the day, and additional safety phones should be added to the parking
- 675 Nov 3, 2010 1:17 PM At first, was not clear which parking lot to use. Also, the layout is confusing.
The smoking area right outside the main Lobby is gross. Looks tacky to have all those people
standing there in full view puffing away. They stand so close to the doors that the main lobby
- 676 Nov 3, 2010 1:21 PM often smells like smoke.
- 677 Nov 3, 2010 1:21 PM The washrooms can be a little better and cleaner. They smell bad alot of times.....
- 678 Nov 3, 2010 1:23 PM Naturally, I would prefer to park closer to my class.
- 679 Nov 3, 2010 1:27 PM Computer lab, which is not provided well, needs more people who know about a computer
whenever needed fixing computer printer.
- 680 Nov 3, 2010 1:30 PM Would like more of that "sit and use" this bench, retainig wall, etc. gives on eownership of
location, The parking lot is not at all accessible to main entrance.
- 681 Nov 3, 2010 1:32 PM The main entrance. The students hanging around and being very loud and disrespectful. Doesn't
give a good impression of the College for someone visiting the campus.
- 682 Nov 3, 2010 1:34 PM The heating and air conditioning is antiquated. We freeze in summer.

- 683 Nov 3, 2010 1:38 PM Crowds in hallways as students do not have enough places to gather;bathrooms need updating in older areas they are clean but not really efficient
Although this will sound like an old, old song, the campus buildings were designed for an earlier era and a smaller student body. Many areas are cramped, including many staff and faculty
- 684 Nov 3, 2010 1:39 PM offices. New programs, including new degree programs, that legitimately need laboratory or Many of the Facilities (custodial) staff are wondering around, some are smoking cigarettes, and doing nothing for very long periods of time, and at days at a time. Many of these staff hide all
- 685 Nov 3, 2010 1:40 PM day long in the "pit." These issues needs to be addressed - it creates very low employee morale I feel that most of the classrooms are drab. They badly need new carpet, paint and furniture.
- 686 Nov 3, 2010 1:41 PM Most of the desks in the classrooms are out of date and uncomfortable. I think tablet chairs are a thing of the past, not enough room to write on and not enough for left handed people. Also, the
- 687 Nov 3, 2010 1:42 PM Too choppy and no flow to the campus. Hard to give people directions.
- 688 Nov 3, 2010 1:42 PM Bathrooms could you use an update and more cleaning regularly.
- 689 Nov 3, 2010 1:48 PM The washrooms could use an upgrade. They are dark, and you can't effectively wash your hands with the limitation on the faucets.
- 690 Nov 3, 2010 1:49 PM Certain functions like custodial, are hit or miss. Overall, they do a fantastic job. Specitically, air vents outside windows, stairwells, and such are not cleaned except once in a blue moon. There needs to be a consistency in the process of keeping the college, as a whole, clean ALL OVER!
- 691 Nov 3, 2010 1:54 PM Lighting could be improved along some of the walkways and in the parking lots. The location of some of the offices and services need to be more functional.
- 692 Nov 3, 2010 1:55 PM I dislike the old buildings in front of the I-wing and C-wing. Alot students park there and the view presented of the campus is one of a dilapidated, outdated campus. □
- 693 Nov 3, 2010 1:58 PM I dislike having the cafeteria in the basement with no natural light. Even though the renovations It would be nice when the weather is warm to take a class outside but often times there is goose feces and no picnic tables to sit on. I dislike that the smoking areas are near entrances/exits.
- 694 Nov 3, 2010 2:01 PM I have not found any issues or problems
- 695 Nov 3, 2010 2:05 PM Problems with classrooms being too small and technology poor. Lighting bad in a lot of classrooms.

- 696 Nov 3, 2010 2:09 PM Signs indicatiling where the various buildngs are located. The ones we have a not very clear.
- 697 Nov 3, 2010 2:09 PM Smoking right outside the exits.
- 698 Nov 3, 2010 2:12 PM Parking can be problematic if you start after 8 a.m. Good thing I like to walk!
The Financial Aid office is difficult to deal with when getting vouchers for the bookstore prior to new semester. There should be a separate area that can take the vouchers to move things along
- 699 Nov 3, 2010 2:16 PM quicker. []
Out of date decor and /U's style not up to code facilities, specifically the lobbies and stairwells.
The James Lumber Center is in need of an audio system upgrade to handle the amount and
- 700 Nov 3, 2010 2:18 PM quality of shows that they present. Especially with the ticket prices they charge. C005 is in
- 701 Nov 3, 2010 2:28 PM Cars park way too far from building.
I do not like the addition of administrative offices in former classroom spaces and faculty offices.
Everytime we have a AQIP project, we hire an administrator and then create an office for them
- 702 Nov 3, 2010 2:29 PM and their staff. This is a huge waste of space and money!!
Part time faculty offices for Com Arts feel like working in a messy storage room. I here are insufficient faculty stations and little or no supplies available. Just to be able to print, requies
- 703 Nov 3, 2010 2:30 PM one to have to hunt down paper. A poor excuse for a communal faculty office.
There is not enough signage directing people to where they would like to be. When entering the JLC, they are frequently lost and the information desk is very far away from that entrance. Even
- 704 Nov 3, 2010 2:31 PM as you walk down the hallway there should be more signs directing them to which way is the A,
- 705 Nov 3, 2010 2:34 PM N/A
- 706 Nov 3, 2010 2:38 PM The layout of some faculty and staff offices proves to be counterproductive to help or assisting our students.
Generally, I am satisfied with most things on the Grayslake campus but it does bother me when I see someone who is obviously NOT handicapped using a handicap parking space. I do believe
- 707 Nov 3, 2010 2:39 PM those people should be called out and either issued a parking ticket or have their vehicle towed.
- 708 Nov 3, 2010 2:39 PM Nothing

- 709 Nov 3, 2010 2:40 PM Parts of the building are filthy including stairwells and bathrooms. Other problems include maintaining appropriate and consistent temperatures in classrooms, offices, and hallways.
- 710 Nov 3, 2010 2:41 PM Continual SMOKING outside of the doorways, even though there is supposed to be a policy about such.
I am a gardener and know that annual plants are expensive and not very "green" to grow. I would like to see more perrenial plants on campus. They are easier to maintain and more economical.
- 711 Nov 3, 2010 2:41 PM It would be nice to have some shade perrenials planted in the planters by building four. The
- 712 Nov 3, 2010 2:44 PM Old & dirty classrooms.
- 713 Nov 3, 2010 2:49 PM parking - too hard to find
- 714 Nov 3, 2010 2:53 PM Lancers/Willow Room appear dirty, overpriced and somewhat unorganized. I am also not sure what the purpose of the large room behind Lancer's is for.
I will randomly see trays of discarded lunches sitting on top of garbage cans, typically across from recruitment. Sometimes I'll catch it on a Friday as I head out and see it Monday morning
- 715 Nov 3, 2010 2:57 PM coming back in. I don't think this is the kind of thing we'd want enrolling and possibly new Only that they grounds can't get to Parking lot 8 first thing in the morning, as 3rd shift parks there, so it makes it really difficult to get parking as they don't leave until 7:00 am... and that's
- 716 Nov 3, 2010 2:59 PM when I start work. :-(
Part-time teacher's office is very small. I have a drawer in a desk, but never sure which desk will be available to sit at and often don't have access to a computer if there are others in the room at
- 717 Nov 3, 2010 3:03 PM the time. Also, there is no real space to meet with students, which makes having office hours I he fact that the recycling bin tops are a dumping ground for boxes and used plates taken from the Willow Room. Mom does not work here...could people please clean up after themselves? It
- 718 Nov 3, 2010 3:03 PM makes me very embarrassed...especially the bin across from Admissions.Our signage really
- 719 Nov 3, 2010 3:06 PM The part-time faculty office (B162) is sorely lacking in basic supplies most of the time. Items such as staplers and tape are non-existent.
- 720 Nov 3, 2010 3:06 PM The D wing.
- 721 Nov 3, 2010 3:11 PM There needs to be garbage cans by each bathroom door so we don't have to touch the doorknobs.

- 722 Nov 3, 2010 3:14 PM When there are events in the A, B, etc. courts it is often too crowded to get through the walkways/hallways.
- 723 Nov 3, 2010 3:16 PM All the fliers strewn about.
- 724 Nov 3, 2010 3:20 PM The room numbering and general signs indicating where things are seem to be confusing/lacking.
- 725 Nov 3, 2010 3:22 PM Parking for staff and students. I am glad to see they are enforcing it better this year (near pottery outside needs to be monitored, especially in the spring and summer). Staff parking fills up and then we have to park way out at the end of the student lot.
- 726 Nov 3, 2010 3:27 PM The No Smoking policy near doorways need to be enforced. There are a number of areas where shrubs were placed at the junction of sidewalks and roadways -specifically by the C-wing entrance, but at other locations as well. This is a hazard to pedestrians. These bushes should be in the main lobby. It's ugly with too much greenery. It doesn't invite people to sit and chat. It is disgusting seeing all the smokers 'hanging out' outside of the building. Smoking is an addiction
- 727 Nov 3, 2010 3:29 PM and if a designated area is conveniently assigned for smokers, why not allow as many breaks,
- 728 Nov 3, 2010 3:31 PM The parking lot is too far away from the school
- 729 Nov 3, 2010 3:37 PM Not enough computer labs, classrooms with little desks that are hard for students to work on, not enough comfortable areas for studying
- 730 Nov 3, 2010 3:42 PM I do not like that the campus inside is so cold. I do not like that many tables in the courts and cafeteria are so wiggly and it makes it hard to find a good seat to eat or study.
- 731 Nov 3, 2010 3:43 PM When it rains, the parking lot floods.
- 732 Nov 3, 2010 3:50 PM nothing
- 733 Nov 3, 2010 3:52 PM it needs to be maintained better, more often and better. and it also needs more color.
- 734 Nov 3, 2010 3:56 PM parking, signage

735 Nov 3, 2010 4:06 PM n/a

736 Nov 3, 2010 4:07 PM none

737 Nov 3, 2010 4:10 PM The lack of parking near the campus, its just not very safe. Especially for night classes that get out after eight p.m.

738 Nov 3, 2010 4:27 PM Goose poop on sidewalks into Bldg "T".

739 Nov 3, 2010 4:29 PM the parking in the winter is not plowed very well. parking is always a mess even not during the winter and fall months.

740 Nov 3, 2010 4:34 PM Pretty dated in many areas. COuld use a facelift. Common areas should be made to feel more cozy, instead of sterile.
The layout of the campus can get rather confusing. Particularly finding classrooms around that circle above the main lobby. Better signage up in some areas would be helpful.[]

741 Nov 3, 2010 5:10 PM []

742 Nov 3, 2010 5:18 PM Too much lawn. Should have more gardens.

743 Nov 3, 2010 5:18 PM Nothing I dislike

744 Nov 3, 2010 5:19 PM Too many blackboards; not enough white boards (at least in the A wing)

745 Nov 3, 2010 5:27 PM It is very difficult to contact anybody in the financial aid office. When you call the best you can do is leave a message and then there is no return call.

746 Nov 3, 2010 5:29 PM parking. never seem to get close enough in inclement weather. It'd be nice if there was parking specified to buildings on the west side of campus.
I'm not too fond of the layout of the campus, but I don't suppose anything can be done about that.

747 Nov 3, 2010 5:36 PM Navigating from entrances to classes can be somewhat confusing and convoluted. Parking is a real pain as well...especially for those of us who attend classes at night and have to park out in

- 748 Nov 3, 2010 5:40 PM building 4 should be covered in matching brick as opposed to the current brown metallic siding
- 749 Nov 3, 2010 5:43 PM My only issue, and this is being picky, is the weeds that overtake the beautiful landscaping. Especially the big bed outside of the B entrance.... it is overcome with unsightly weeds! Ick!
- 750 Nov 3, 2010 5:58 PM Hallway congestion. Not enough room when students change classes. Small stairways
- 751 Nov 3, 2010 6:03 PM looks a bit dark and some areas are looking old and worn out. Our campus is made up of concrete, bricks and asphalt. I don't think I exaggerate when I say that our best natural setting is confined to our furthest southeast corner (some of which was just
- 752 Nov 3, 2010 6:09 PM taken to make room for more concrete and asphalt.) Even here, you can only reach the beauty of
- 753 Nov 3, 2010 6:13 PM None
- 754 Nov 3, 2010 6:23 PM drab lacking aesthetic appeal
- 755 Nov 3, 2010 6:36 PM With all the various "Wings," it's confusing to navigate, especially for first time guests.
- 756 Nov 3, 2010 6:47 PM parking distance, uncoverd walkways
- 757 Nov 3, 2010 6:57 PM i dont like the long wait with administration. Some of the office workers are rude and need to leave their problems at home.
- 758 Nov 3, 2010 6:57 PM There is nothing I truly dislike about the Grayslake campus. I feel that this is a great campus. foolish spending of money.!!
- 759 Nov 3, 2010 7:14 PM foolish spending of money. for instance build a dental lab at grayslake campus, then, tear it down and move it to lakeshore. what a waste? who made that decision. Now, a better one, the Athletic fields need maitence. I he baseball field fence is falling apart, lots of holes. I here are multiple holes on the game soccer field and practice socer field. The fitness center is to small to
- 760 Nov 3, 2010 7:16 PM support power lifting for athletes, need to develop room for a platform and free-weight areas.

- 761 Nov 3, 2010 7:18 PM the only thing i dont like is the parking lot i feel as there should be more people out in the parking lot during busy times and at night.
- 762 Nov 3, 2010 7:24 PM I mostly did not like it's location, it was to close to a town/city area for my taste
- 763 Nov 3, 2010 7:29 PM Some classrooms are too small for the amout of students that need to be served.
- 764 Nov 3, 2010 7:36 PM No issues
- 765 Nov 3, 2010 7:37 PM Parking is a major problem, but I understand that is has to be far because of the amount of people at CLC.
- 766 Nov 3, 2010 7:39 PM Slow elevators; uneven temperature control because of building remodeling; insufficient large classroom space (holding 40-50).
- 767 Nov 3, 2010 7:50 PM parking is a major issue. The campus overall needs updating.
- 768 Nov 3, 2010 8:06 PM Never a consistent temperature...offices/classroom....
- 769 Nov 3, 2010 8:19 PM I dislike the automatic flushes on the toilets in the bathroom. They repeatedly flush over and over. It is very frustrating.
- 770 Nov 3, 2010 8:41 PM need bigger desk and chairs, it makes hard to concentrate on the subject for three hours when a chair or desk is too small and uncomfortable.
- 771 Nov 3, 2010 8:52 PM torn upm roads. Lack of parking.
- 772 Nov 3, 2010 8:58 PM Very windy in bad weather! Students drive too fast and cause too many accidents. Since I started there has been a creepy janitor who has maybe incidental or accidentally been able to find my classes every semester and he seems to hang around the area my class is in or
- 773 Nov 3, 2010 9:12 PM follow me to the parking lot. I have not jumped to conclusions but it is strange he seems to be

- 774 Nov 3, 2010 9:17 PM More crosswalks provided for pedestrian traffic. Really wish we could greatly improve our lancers and willow room eating areas. For the price that we pay for food, I don't think it is appropriate to sell pizza that has hardened and yellowed
- 775 Nov 3, 2010 9:23 PM from sitting out for awhile at full price. Presentation of the food should reflect the price. Many
- 776 Nov 3, 2010 9:31 PM The chairs. Some are uncomfortable
- 777 Nov 3, 2010 10:07 PM Outdated bathrooms, dingy tile on the floor. Very confusing campus because of all the add on's-- very confusing til you get used to it as a new student--doesn't flow right.
- 778 Nov 3, 2010 10:17 PM I hate the cigarette smoke outside of all the enterances. The computers are rather slow.
- 779 Nov 3, 2010 10:18 PM Elevators too slow
- 780 Nov 3, 2010 10:20 PM i dislike the smoking are by the lake, it is so pretty there and i do no think it should be a smoking area
- 781 Nov 3, 2010 10:45 PM Sometimes there's not enough space where it's quiet enough to study. Walkway lighting is occasionally left flickering or burned out for a week or more. Dry marker boards - between classes - is impossible to erase. It leaves blotches of images that make it
- 782 Nov 3, 2010 10:46 PM tough to use with students (T220, for example). The ceiling projector is so dim that it's useless or Sometimes the classrooms used are in different areas from the department, especially the
- 783 Nov 3, 2010 10:57 PM science classrooms versus where the labs are located. The student desks in the classrooms are very uncomfortable, especially for long classes. The teacher's desk is too high in the classrooms I don't like how many people who do not actually attend clc come to just 'hang out'. It makes it
- 784 Nov 3, 2010 11:05 PM more crowded than it should be. Also, people smoke too close to the doors and the smoke makes me sick.
- 785 Nov 3, 2010 11:07 PM the parking lot is too far from the D wing for students.
- 786 Nov 3, 2010 11:13 PM None

- 800 Nov 4, 2010 2:18 AM Parking - there is plenty of it - but when taking night classes - the walking to the building is a little un-nerving. It would be nice if some of the faculty parking (which is closer to the building) was available for night students.
- 801 Nov 4, 2010 2:21 AM I dislike the the way the school busses park to close to the high traffic lanes when leaving the parking lot. A drivers view is blocked and the bus drivers got to know that people have a hard time seeing traffic.␣
- 802 Nov 4, 2010 2:21 AM People smoking in doorways. The entire Campus should be no smoking.
- 803 Nov 4, 2010 2:24 AM Parking insufficient.
- 804 Nov 4, 2010 2:26 AM No big issues. The faculty in the admissions office are not very polite.
- 805 Nov 4, 2010 2:30 AM I here is not a place to put down your books when using the restrooms between classes and in some of the older areas the restrooms are just downright scary by the time I arive for my evening classes. I would also like to see more light around the buildings and in the parking lots. As an At times there are not enough open computers in the library. I also get the feeling of congestion near the library area. Wait times can be significant in a lot of the offices (financial aid & advisors)
- 806 Nov 4, 2010 2:36 AM and there might not be seating for everybody.
- 807 Nov 4, 2010 3:06 AM I do not dislike anything, the Grayslake Campus is completely comfortable to me.
- 808 Nov 4, 2010 3:10 AM The only real problem i noticed was one time when i was trying to find my way to a class and i stumbled into a room i do not think students are ment to be in lets jsut say. I am not sure if this was a one time circumstance that this door was open, or if its always open, but it did not feel like I think CLC overall is very poor except for the technology building. It is very over-populated and there is never any room left to study at a table and do homework. There are no chairs and tables
- 809 Nov 4, 2010 3:11 AM left sometimes in the afternoon. Also, hardly any computers left when i want to use one. It seems
- 810 Nov 4, 2010 3:13 AM The parking
- 811 Nov 4, 2010 3:16 AM I he student parking lot is so far away from the buildings. I he wide open area is sometimes very windy, and it is a very long walk to class or the car on a cold or snowy winter day. I don't always feel safe in the parking lot. Also, the school should have some sort of security in place. Anyone
- 812 Nov 4, 2010 3:19 AM Long lines, traffic

- 813 Nov 4, 2010 3:21 AM Some problems I have noticed are, the computer lab in the libray is often over crowded(a lot of its because people are on Facebook) and the class rooms are sometimes really too small to fit everyone in easily.
- 814 Nov 4, 2010 3:23 AM Smoking outside entrances continues to be allowed. Old sections while clean and neat are frankly kind of dumpy with out of date finishes, bulletin boards, signage, posters on doors, and advertisements. Campus does not have a modern, uniform appearance throughout the campus. I he faculty office desks are not computer friendly or friendly to meet with students. I here needs to be more picnic tables outside for the students to hangout or benches along the sidewalk
- 815 Nov 4, 2010 3:51 AM outside the T building. The library (math center, library computers) looks too crowded.
- 816 Nov 4, 2010 3:55 AM Hard to find some classrooms
- 817 Nov 4, 2010 3:56 AM The Courtyard, I am not at all satisfied with that area. It sinks of smoke and inside the building as well.
- 818 Nov 4, 2010 4:10 AM I hate that students hang around all the exits chain smoking and I have to hold my breath and almost run out the door....so I won't inhale the smoke and toxic fumes. Its getting colder so the students don't want to go to the smoking areas to smoke one day they will be inside the
- 819 Nov 4, 2010 4:16 AM I have not had any problems
- 820 Nov 4, 2010 4:32 AM Parking..
- 821 Nov 4, 2010 4:54 AM Bathrooms Could be nicer
- 822 Nov 4, 2010 4:56 AM The parking lot needs more lights.
- 823 Nov 4, 2010 5:14 AM Offices don't open early enough.
- 824 Nov 4, 2010 5:57 AM Parking lot by the b wing.
- 825 Nov 4, 2010 6:30 AM the walk from the parking lot to the building is brutal in cold winter weather.

- 826 Nov 4, 2010 10:39 AM areas to meet with teachers and students outside of classroom not adequate
- 827 Nov 4, 2010 11:38 AM I am not at all happy with the desks, I often feel cramped and unable to function, since most of the class room have desks rather than tables this affects most of my classes.
- 828 Nov 4, 2010 11:50 AM No issues or problems
Administration, staff, and faculty are placed in front of students. Students should not be kicked out of the Student Empowerment Center for the staff of Student Life to held their meeting. If it is
- 829 Nov 4, 2010 12:16 PM called Student Empowerment Center, then it must be for the students. Students should not have
- 830 Nov 4, 2010 12:33 PM I've observed an issue with student parking.
lack to space for students; lack of meeting space for small groups. []
Lack of a uniform attention to the upkeep and appearance and usefulness of spaces. []
- 831 Nov 4, 2010 12:36 PM Proliferation in recent years of paper announcement tacked up and then not taken down.
I dislike the location because of the road conditions of Route 45 at the entrance. One way traffic makes it difficult to enter during high traffic times. I dislike the lack of seating in the courtyard
- 832 Nov 4, 2010 12:45 PM area outside of information center area.
I he smokers who hang around the doors smoking their cigarettes. I really hate having to walk through their smoke to enter/exit the building. []
- 833 Nov 4, 2010 12:57 PM []
- 834 Nov 4, 2010 1:14 PM I dont like that I have to walk far in the winter but thats anywhere lol
No security cameras; very poor directional and parking signage; our work area is over-crowded (it's an old storage room); very old furniture in our "office" and only one shared computer for 12+
- 835 Nov 4, 2010 1:14 PM people (??); not enough speed limit signs on campus streets; the food in the cafeteria is awful;
- 836 Nov 4, 2010 2:07 PM The cafeteria because it to high on prices.
- 837 Nov 4, 2010 2:12 PM Spotty accessibility for wheelchair users
- 838 Nov 4, 2010 2:23 PM Not good use of lakes and water

- 839 Nov 4, 2010 2:23 PM Most of the classrooms in the old section still have the old student desks, which are horrible. If a person is large, or has a laptop, these desks are crap!! And they're even worse when taking a test because the desktop is smaller than the 8-1/2 x 11 paper the tests are printed on!! Who
- 840 Nov 4, 2010 2:46 PM Parking lot is too far from main activities and classrooms. It is a far distance to walk in bad weather.
- 841 Nov 4, 2010 3:06 PM Student parking on the north side of the campus is too far from the classroom buildings. Dodging bird droppings doesn't help matters either.
- 842 Nov 4, 2010 3:08 PM none
- 843 Nov 4, 2010 3:20 PM so far I have no dislikes

- 1020 Nov 9, 2010 3:05 PM I think it is often confusing for students the way the buildings are designated (A, B, C, D, T) and how they connect, it doesn't make for a smooth flow.

- 1021 Nov 9, 2010 3:07 PM It doesn't appear that students have enough places to hang out or study. I have noticed students hanging out in quieter places where there are no tables or chairs and they sit on the floor (like in the T-wing).
- 1022 Nov 9, 2010 3:10 PM The older buildings are in need of updating floors (right inside the B wing entrance and restroom floors). The restroom facilities (toilets and sinks) seem to be difficult to keep running properly.
- 1023 Nov 9, 2010 3:11 PM Not enough work space and computers for adjunct staff.
- 1024 Nov 9, 2010 3:24 PM Coffee cart is too noisy to be by the library. Sandwiches and salads overpriced. Maybe a different vendor.
- 1025 Nov 9, 2010 3:25 PM Too much mowed grass.
- 1026 Nov 9, 2010 3:28 PM Sometimes the students have difficulty logging on to the computers. Sometimes the equipment is unplugged.
- 1027 Nov 9, 2010 3:35 PM Goose poop on the sidewalks sometimes. Smokers too close to the building so you have to inhale it when you walk in or it leaks through my office window (even though I am on the third floor).
- 1028 Nov 9, 2010 3:40 PM Several of the bathrooms seem to have a permanent unpleasant odor. I do not like the WATER WASTE of the toilets. They continually flush when a person is using and not using the toilet. It's uncomfortable, noisy and wasteful!
- 1029 Nov 9, 2010 3:45 PM Not enough faculty office space. Not enough space for meeting with students.
- 1030 Nov 9, 2010 3:48 PM some of the office areas are outdated. there aren't enough conference rooms for staff meetings, and we often have to meet in classrooms, which isn't always the best environment for a meeting.
- 1031 Nov 9, 2010 3:54 PM Can get pretty congested in hallways. No dedicated space for vendors or special promotional events, aside from Atrium. Seems to be a serious lack of available classroom space.
- 1032 Nov 9, 2010 3:55 PM I really like the campus. There is not anything that I have to complain about.
- 1033 Nov 9, 2010 4:00 PM There is a shortage of parking spaces.

- 1034 Nov 9, 2010 4:06 PM Student Traffic-There are pockets of students who block foot traffic in the main corridors I dislike the cafeteria. The food selection is not very healthy and does not really accomodate many different diets, gluten free, lactose free, vegetarian, or vegan. The apperanc as well could
- 1035 Nov 9, 2010 4:06 PM use work. The walls can be painted to update the look of the cafeteria.
- 1036 Nov 9, 2010 4:19 PM We are missing a central area for information and directions especially for people unfamiiar with the campus.
- 1037 Nov 9, 2010 4:21 PM The classrooms aren't kept as clean as expected. No real front entrance. Walking path is not completed. Exit on to route 45.␣
- 1038 Nov 9, 2010 4:34 PM Smoking area is in a very desirable location which is unfair to nonsmokers. Smoking rules are not upheld. There is too much smoking close to the building. I have already taken the survey, but forgot to mention this. I spend most of my time in the I wing and the windows are filthy. It is embarrassing how dirty they are, especially when everything
- 1039 Nov 9, 2010 4:44 PM else is so clean. There should be a regular maintenance program that includes washing
- 1040 Nov 9, 2010 4:54 PM n/a
- 1041 Nov 9, 2010 4:57 PM Ecological issues that are still being addressed. Not enough outside sitting space that can be used as a classroom. All outside spaces are dominated by smokers. Unless an entrance is used extensively, upkeep tends to be slack. For example, the lower level entrance near the library loading dock could use some cleaning. It also is skipped for snow
- 1042 Nov 9, 2010 4:59 PM shoveling quite frequently in the winter.
- 1043 Nov 9, 2010 5:08 PM campus cops making nit picky citations. C Wing--1st floor hallway, between Financial Aid and the Admissions Office. On the recycling console, there are often trays and used dinner plates, often with unfinished food, sitting there.
- 1044 Nov 9, 2010 5:14 PM This is not only very tacky, but it gives a bad first impression for the many visitors and new For the most part there is not much that I do not like. It is frustrating when students or visitors cause deliberate damage to equipment or buildings out of spite or carelessness. It feels like they
- 1045 Nov 9, 2010 5:14 PM are violating your home and it affects all of us. A total lack of respect. Where is the main entrance to CLC? I here isn't one. If the C entrance is it, there should be an information booth there. The glass lounge should be better utilized. Since it is glass it should be
- 1046 Nov 9, 2010 5:16 PM kept presentable. Meetings could be held almost anywhere else. This open space could be

- 1047 Nov 9, 2010 5:18 PM I think that the withdraw fail date for classes should be a lot longer than it is already
- 1048 Nov 9, 2010 5:26 PM Worn-out seating in library
students need more common areas that are established and welcoming for them to gather or study. Dining Services is a "step back" for most HS students coming to CLC. Need expanded
- 1049 Nov 9, 2010 5:28 PM options and much better facilities.
The HVAC systems are ancient in the areas I have seen - some of these machines seem likely to be original purchases, and are 30 years obsolete. The duct work and control systems are in
- 1050 Nov 9, 2010 5:28 PM similar need of replacement.
The A and B wing need renovation. While clean, their finishes look out of date and tired. Not enough quality student study or gathering places. Lancer cafeteria while recently improved, still
- 1051 Nov 9, 2010 5:28 PM imparts the look and feel of early warehouse.
- 1052 Nov 9, 2010 5:41 PM Old ugly out dated student areas.
- 1053 Nov 9, 2010 5:59 PM See number 2 I would also like to have waste baskets in our classrooms.
- 1054 Nov 9, 2010 6:10 PM The stairways get crowded and hard to move through during peak times.
- 1055 Nov 9, 2010 6:13 PM people, other than staff, park in the parking lot designated to staff. should be more control over this
- 1056 Nov 9, 2010 6:19 PM the kids that act like kids, and they control every thing, lancers costs to much.. no one can afford to eat there and it is not very clean any more
- 1057 Nov 9, 2010 6:45 PM Not that much parking
Classrooms contain old furniture. Tables wobble, writing on boards is hard to see, chair cushions have holes. Some classrooms have hanging cables, holes in the wall, and pillars
- 1058 Nov 9, 2010 6:55 PM obstructing students' view of the board.
- 1059 Nov 9, 2010 6:58 PM Students need a place for socializing, like a student center or union, which would include a cafeteria.

- 1060 Nov 9, 2010 7:20 PM there should be more staff to help in financial aid and other services like that.
Heavily-used entrance and stairwell doors in need of paint, the cluttered C Wing entrance
(newspapers everywhere), the tabletop displays along the C Wing windows (biology wing), poor
- 1061 Nov 9, 2010 7:38 PM signage, lines of students in the hallways waiting outside Admissions/Financial Aid/Counseling
- 1062 Nov 9, 2010 7:44 PM parking is a problem
Already discussed above in #2-3, but we badly need to plan/renovate our outdoor spaces and
plantings. We have way too much turf -- we need to include some of the sustainable green
- 1063 Nov 9, 2010 7:50 PM infrastructure solutions that we are trying to promote/teach about with new IGEN sustainability
- 1064 Nov 9, 2010 7:52 PM far parking on busy days,
- 1065 Nov 9, 2010 8:01 PM I dislike that people are smoking right next to the c-wing doors.
- 1066 Nov 9, 2010 8:05 PM Being a smoker when the weather is nasty we are either forced to huddle in a very tight group
(when it rains)
- 1067 Nov 9, 2010 8:11 PM We are in need of an overall renovation
- 1068 Nov 9, 2010 8:37 PM not enough signage telling students not to park in faculty lot. People driving the wrong way
down a one-way street. Bathrooms are randomly located.
- 1069 Nov 9, 2010 9:02 PM The quality of food in Lancers is poor. Even fresh the quality is below average, but much of the
time the food sits out for a long time and much of the time it is dry by the time I try to eat there at
night. It would be nice if they improved it for those of us who work at night or have classes at
- 1070 Nov 9, 2010 9:12 PM Many of the automatic bathroom sink faucets do not work. During the winter time, I will get
shocks from using the sinks.
- 1071 Nov 9, 2010 9:21 PM I dont like how the administration offices are so "small" and hectic, it would be better if there was
more room and less crowding.
Get rid of the geese! I tired of walking in goose poop. Hire a couple of border collies to chase
them away![]
- 1072 Nov 9, 2010 9:29 PM []

- 1073 Nov 9, 2010 9:34 PM Parking fills up pretty quick and I've seen people park in the grass before; there's a space issue. Same with some of the classes. My English Comp. class is at the university center because there was no space available on campus.
- 1074 Nov 9, 2010 9:36 PM Nothing
- 1075 Nov 9, 2010 9:39 PM junk cars etc.behind building 12
- 1076 Nov 9, 2010 9:55 PM See improvement section.
I hanks for asking. Some people throw trash on the floor, place gum under desks, move furniture without returning it, do not erase boards, etc. I believe that old, dated, and potentially
- 1077 Nov 9, 2010 10:30 PM unsafe chairs in hallways should be permanently removed. They make the place look shabby.
- 1078 Nov 9, 2010 10:49 PM Washrooms - automatic sinks don't work well, flush sensors work too well! Communal meeting spaces - some are nice, wish there were more!
- 1079 Nov 9, 2010 11:32 PM NO Security Sometimes, Chances of Getting possession of your own stolen at high risk
- 1080 Nov 9, 2010 11:49 PM It is so many students and not enough parking.
- 1081 Nov 10, 2010 12:09 AM We need more student access sites in the technology building. Pleaces where tables can be used to have students sit and work on projects with their lap tops.
- 1082 Nov 10, 2010 12:30 AM I don't really have any complaints
Lack of identity on Washington Street. Lack of identifiable areas and facilities for specific purposes such as student social areas, study areas and faculty/student information
- 1083 Nov 10, 2010 12:54 AM learning/meeting areas. Facilities needed include a student services building or Union. A
- 1084 Nov 10, 2010 1:03 AM not enough faculty parking spaces for adjunct faculty, who often arrive later than others, especially in the winter weathre.
- 1085 Nov 10, 2010 1:18 AM parking shortage by tech/automotive area

- 1086 Nov 10, 2010 1:22 AM I greatly dislike Lancer's cafeteria. It is gloomy and does not feel at all inviting. The personnel who work there are courteous and do a good job, but the placement of the cafeteria in the basement is not a good choice. It should be a place where students and staff can relax and
- 1087 Nov 10, 2010 1:45 AM I dislike the distance of the parking lots to the buildings.
- 1088 Nov 10, 2010 2:13 AM The toilets always flush on you, the glass lounge is crowded, parking is scares. Also often times the bathrooms smell bad.
- 1089 Nov 10, 2010 2:44 AM So far I have no issues.
- 1090 Nov 10, 2010 9:03 AM The labs,WE dont have the right tools,Or the dont even work.
- 1091 Nov 10, 2010 12:26 PM many areas need to be updated, restrooms could be renovated
- 1092 Nov 10, 2010 2:09 PM Parking
- 1093 Nov 10, 2010 3:18 PM Don't like the appearance of all the giantic banners hanging off of second floor railings. It really makes the atrium and court areas look cheap and messy.
- 1094 Nov 10, 2010 4:04 PM no problems at all.
I hate the spontaneous flushing of the toilets--love that they're automatic, hate that they flush seemingly at will, wasting gallons of water.[]
- 1095 Nov 10, 2010 4:49 PM The floors in the washrooms never seem clean. You can see on the base cove how far up the
- 1096 Nov 10, 2010 5:24 PM The parking lot D is too far from the building which is the side where the children center is located.
- 1097 Nov 10, 2010 5:29 PM I believe that the general appearance inside the building can be improved. Especially in the A, C, and D wings. The building seems and feels old and outdated especially in the hallway and court areas. They are in huge contrast to the Technology Building, Southlake Campus, and even the
- 1098 Nov 10, 2010 5:53 PM people parking where they are not supposed to.

- 1099 **Nov 10, 2010 6:02 PM** Doors to buildings and rooms are not cleaned well enough.
- 1100 **Nov 10, 2010 6:57 PM** The parking is ridiculous there is no where to park half the time
- 1101 **Nov 10, 2010 7:02 PM** Lancers is very dirty most of the time and paying for your food takes half your break.
- 1102 **Nov 10, 2010 7:19 PM** Lack of student services and lack of student services area that is easily accessible and in one area
- 1103 **Nov 10, 2010 7:53 PM** The parking is pretty far away but I haen't had any other problems.
- 1104 **Nov 10, 2010 8:34 PM** Classroom one person seats, like in my chemistry classroom on B level. I prefer long big tables like in Southlake, otherwise theres no room to write.
- 1105 **Nov 10, 2010 9:47 PM** No, comfortable place for students to gather. The clubs don't have a place to gather. They have to meet in the hallways. If they try to meet in the Multicultural area by the couches, the offices within the Multicultural area complain that they are making too much noise. Even on Fridays I he attempt at water conservation with the self-flushing toilets is quite ineffective. They are quite wasteful! You move and it flushes, you wipe and it flushes, you try to sit down and it
- 1106 **Nov 10, 2010 10:39 PM** flushes. I cannot tell you how many times I have been in the process of using the facilities and Campus: not enough quiet and private space to study in the library or elsewhere (the study rooms in the library are not soundproofed, in fact there is a gap between the

- 1108 **Nov 10, 2010 11:23 PM** Dark at night
- 1109 **Nov 11, 2010 12:05 AM** nothing in particular
- 1110 **Nov 11, 2010 12:10 AM** Lancer's dining area. It is SO DREARY!
- 1111 **Nov 11, 2010 12:22 AM** Too crowded

- 1112 Nov 11, 2010 1:35 AM The lack of comfortable places for students to congregate. The areas are for very small groups and with the higher amount of students who congregate, there is becoming a very big lack of space.
- 1113 Nov 11, 2010 1:43 AM Nothing yet.
- 1114 Nov 11, 2010 2:24 AM not enough computers open at times to do your work. I could use more flexibility with the schedules for classes. I work a full time and part time job and I do not like doing poorly because I can not always attend class. When being there is part of your grade.
- 1115 Nov 11, 2010 2:55 AM There are very few private study areas or even areas for study. The library is often overcrowded.
- 1116 Nov 11, 2010 3:47 AM I'm not clear where visitor parking is.
- 1117 Nov 11, 2010 4:03 AM battery (non-rechargeable) operated sinks that frequently don't work (2 of 3 in C-wing first floor for more than a month!); inconsistent classroom equipment (from lighting to computers; get the extra chairs out of classrooms!); way too much mowed grass (whatever happened to The desks are outdated and not user friendly when students are trying to look at a book and take notes. Table and chair set ups are much easier for classroom productivity. More room for part time faculty to use for office space.
- 1118 Nov 11, 2010 4:31 AM
- 1119 Nov 11, 2010 4:50 AM not enough parking. lack of monitoring of crosswalks. almost run over several times! lancers cafe menu is horrible and needs to be changed. Nothing to dislike but nothing spectacular either. The problem of exiting onto Rt. 45 seems to be in progress. However, it saddens me to see that the newly poured turn lane was just cut up to work on.
- 1120 Nov 11, 2010 5:46 AM
- 1121 Nov 11, 2010 12:53 PM Parking can be challenging. Upon first arriving, it is difficult to navigate the buildings, but that does get better after a short time.
- 1122 Nov 11, 2010 1:52 PM Parking lots cover a lot of the property, but they are not very convenient to building access. There is very little storage areas to accommodate support equipment.
- 1123 Nov 11, 2010 1:56 PM I have nothing that I dislike about the campus.
- 1124 Nov 11, 2010 4:50 PM not enough police visual

- 1125 Nov 11, 2010 5:07 PM i dislike some of the boards from the class rooms cuz you have to use them with chalk and not markers
- 1126 Nov 11, 2010 5:08 PM could use more chairs and tables in some areas of the corridors and open areas.
- 1127 Nov 11, 2010 5:51 PM Bathrooms are not very nice or updated, cafeteria is okay but lunch area is not very fresh looking or updated
- 1128 Nov 11, 2010 6:53 PM I think there should be more low maintenance, natural plantings instead of cured lawns.
- 1129 Nov 11, 2010 6:53 PM Parking calls for very long walks and in the winter this is uncomfortable to say the least.
- 1130 Nov 11, 2010 7:05 PM could be cleaner outside and brighter inside
No doubt the college needs additional parking spaces. The college seems a bit sterile because there aren't places for students to hang out, I'd like to see additional benches and tables
- 1131 Nov 11, 2010 7:06 PM outside. People in general need places to meet, all we have is the Willow lake area which
- 1132 Nov 11, 2010 7:11 PM to many jerkoffs!!
Parking is a continual problem, now we're having students park on the grass; unsafe and unsightly. My main criticism is the lack of a welcoming, accessible student union. It's shameful
- 1133 Nov 11, 2010 8:15 PM that with 18,000 students we don't offer a clean, well-lighted place to relax and study.
- 1134 Nov 11, 2010 9:31 PM Goose droppings on the sidewalk to the twing. they do the best job they can keeping it clean but it's a thankless job.
The campus is not as clean as it used to be. Trays are stacked on top of trash cans with dirty dishes for days at a time. Washrooms are not cleaned frequently enough. Toilet paper and
- 1135 Nov 11, 2010 9:31 PM paper towels need to be filled daily.
The admissions and enrollment process is complicated by the poor layout of the offices. There is no main waiting area. Students get easily frustrated by the process and our break up of
- 1136 Nov 11, 2010 9:32 PM offices makes for extra confusion and wait time.
- 1137 Nov 11, 2010 9:38 PM parking lot

- 1138 Nov 11, 2010 9:41 PM parking lots and lots of accidents
- 1139 Nov 11, 2010 9:44 PM The B entrance garden area across from the new butterfly garden could use some attention.
- 1140 Nov 11, 2010 9:45 PM Not enough parking and it is so far away. LSC has the parking garage closeby and you don't need to scrape your windows.
- 1141 Nov 11, 2010 9:46 PM There are far too many rooms that are too small and do not allow for enough work to be shown on the chalkboard/whiteboard while the projector is being used. When A124, A124A and A111 were remodeled the lights in those rooms were not relocated to correct placement to light-up the
- 1142 Nov 11, 2010 9:53 PM Too much grass & not enough natural area. Some washrooms are very dirty.
- 1143 Nov 11, 2010 9:54 PM Sometimes sidewalks and parking areas are not de-iced early in the morning in the winter. Need sidewalks connecting the whole campus so we can walk around safely.¶
- 1144 Nov 11, 2010 9:57 PM The layout makes it very difficult for seniors and parents with children to find and get to their classes.¶
- 1145 Nov 11, 2010 10:06 PM No centralized welcome and information center.
- 1146 Nov 11, 2010 10:16 PM No student life facilities. Need for classrooms and parking.
- 1147 Nov 11, 2010 10:17 PM I hate how smokers stand so close to the building and you can smell smoke inside.
- 1148 Nov 11, 2010 10:17 PM I have had a lot of trouble with the technology in Room D132. I would like to see our mens' baseball field renovated. The outiel is not level. The out field fence is dangerous. These two areas could cause injury to the athletes that practice and
- 1149 Nov 11, 2010 10:26 PM compete on this field.
- 1150 Nov 11, 2010 10:26 PM smoking near the entrance at B wing

- 1151 Nov 11, 2010 10:42 PM Students have a long haul from the main building (T) to the tech building to attend Cooking classes in the kitchens.
- 1152 Nov 11, 2010 10:42 PM No place for adjunct faculty to meet quietly with students or hold office hours,
- 1153 Nov 11, 2010 10:47 PM There is a lack of a central entrance to the campus that creates a strong, welcoming and positive impression.
We need more study space, computers for computer lab, and socializing space (not a redo of the main lobby though) for students. The carpeting in the library needs replacement and the chairs.
- 1154 Nov 11, 2010 10:54 PM The bathrooms and stairwells in the technology building were built too narrow. Please don't do
- 1155 Nov 11, 2010 11:11 PM Very confusing flow of campus. It is easy to get lost and difficult to explain to people how to get anywhere.
- 1156 Nov 11, 2010 11:40 PM classrooms are limited. technology is sooooo outdated in the classrooms
some rooms too hot, some too cold!!
[]
- 1157 Nov 11, 2010 11:52 PM plumbing in washrooms unreliable & unpredictable
- 1158 Nov 12, 2010 12:29 AM then automotive students should be able to park in the closest parking lot in winter
- 1159 Nov 12, 2010 12:53 AM i dislike the fact that there isn't more help for job placement after completing a technical program
i.e hvac.
- 1160 Nov 12, 2010 1:10 AM The projector does not work appropriately (room A123).
- 1161 Nov 12, 2010 1:47 AM allowing people to smoke too close to the door also the garbage can with all the cigarette butts on the top makes a stink enter.
- 1162 Nov 12, 2010 2:04 AM ALL Bathrooms need to be cleaned more often and need to smell better.
- 1163 Nov 12, 2010 3:43 AM They don't have HID PROXIMITY

- 1164 Nov 12, 2010 3:47 AM I do not like the backboard in my math class because it is not clean and hard to see it. Although I complained about it for the administrator and my teacher, it is not improved.
- 1165 Nov 12, 2010 4:07 AM College Night parking is IMPOSSIBLE !!!!! I had to park at the University Center and walk to the T building (4 - 5 blocks away) where I teach. I'm amazed that no one was injured in the huge traffic mess we had outside a month ago. Please arrange for shuttle buses or at least have some
- 1166 Nov 12, 2010 4:24 AM the main bldg with cafeteria and administration is outdated. maybe more windows and tv screens.
- 1167 Nov 12, 2010 5:14 AM The dining area in Lancer cafe is a little small.
- 1168 Nov 12, 2010 5:22 AM Take great care that parking lot lights remain ON sunbstatntially for a time AF I ER events are finished at CLC - there are specifically 3 times when the outside lights near the JLC/PAB were NOT on both during and after a Lake Forest Symphony concert - that has to cease and be fixed.
- 1169 Nov 12, 2010 5:48 AM Few study areas outside of the library wich tends to get a bit noisy
- 1170 Nov 12, 2010 10:32 AM The LRC is too hot and stuffy to work in. The bathrooms in the Technology Building are too small.
- 1171 Nov 12, 2010 12:12 PM classes that are required for degrees are not always offered in reasonable periods. some classes are offered every 18-24 months only.It is about the money and not a students education. Before the start of each semester:[]
- 1172 Nov 12, 2010 1:21 PM please make sure that all the burnt out lights are changes[] the tables are cleaned.[]
- 1173 Nov 12, 2010 2:09 PM there is a lot of congestion getting out of the parking lots
- 1174 Nov 12, 2010 2:10 PM It is hard to navigate. I think the student areas on the lower level are pretty depressing--esp Lancers.
- 1175 Nov 12, 2010 2:13 PM Out of date and could be cleaner.
- 1176 Nov 12, 2010 2:34 PM nothing

- 1177 **Nov 12, 2010 2:35 PM** I do not like a lot of the aging finishes
- 1178 **Nov 12, 2010 2:42 PM** generic look of all the public spaces
- 1179 **Nov 12, 2010 3:32 PM** Class rooms are very outdated and the technology provided in most is very sub-par.
- 1180 **Nov 12, 2010 3:34 PM** Copy machines often are on the blink.
- 1181 **Nov 12, 2010 3:38 PM** Winter time. I know it's difficult to keep up with snow removal, but the parking areas are a pain to try to walk in the winter time. Entirely too slippery.
- 1182 **Nov 12, 2010 4:14 PM** The LRC area does not have proper escalations in the offices . It is usually very hot in these areas and makes it very difficult to work comfortably. I have heard that this is the case in several other offices around the college as well.
- 1183 **Nov 12, 2010 4:18 PM** Parking spaces is really my only issue.
- 1184 **Nov 12, 2010 5:46 PM** Our college doesn't provide area's for students to be outside and enjoy each others company.[] The main lobby area is only for a certain calabri of student, many students feel out of place.[] Please look around and see what can be done to nurture an enviroment of student creativity.
- 1185 **Nov 12, 2010 5:46 PM** smoking....people are not following the signs and no one is inforcing the rules. i suffer from asthma and its hard to walk by smokers for me, as it in the past has been a triger for an attack for me. i also am a mom and hate my son inhalling the smoke.
- 1186 **Nov 12, 2010 5:55 PM** Signage and directions. At times, wide fluxuation in temperature.
A big issue is the amount of papers, flyers, notices, announcements that are pasted all over the walls, stairways, etc. Not only is it very unsightly, but the very messiness detracts from the professional atmosphere of the college. It looks like a junior high school, and not a college. Moreover, these signs are hastily pasted and not secured properly and then remain on the walls,
- 1187 **Nov 15, 2010 5:55 PM** doors, etc, well past the date of the activity.

Number	Response Date	Response Text
1	Nov 1, 2010 7:37 PM	Improve fitness/pe facility
2	Nov 1, 2010 7:41 PM	Closer parking or maybe a walk way that is covered for the bad weather.
3	Nov 1, 2010 7:42 PM	Opening the above parking spots to the general public.
4	Nov 1, 2010 7:42 PM	You already seem to be improving areas on an ongoing basis.
5	Nov 1, 2010 7:45 PM	Keep it clean and in good repair. Also, parking for evening students is SO hard to find - I get a little nervous walking into the dark parking lot at 9 pm - I feel vulnerable.
6	Nov 1, 2010 7:46 PM	How about the bookstore having weekend hours?
7	Nov 1, 2010 7:46 PM	The ABR program should have its own building.

- 20 Nov 1, 2010 8:16 PM I would add trash can in the classrooms. Because when you come in to the classrooms you see trash left on the floors I assume because there are no trash cans in the rooms.
- 21 Nov 1, 2010 8:16 PM PARK ON SIDEWALK"
2. because you have a problem With people spitting gum on the sidewalks, STOP SELLING GUM !
- 22 Nov 1, 2010 8:21 PM Except for Tech building, almost all the other classrooms need new carpeting, white boards, different bigger desks, Fitness facilities are outdated and need extreme updating
- 23 Nov 1, 2010 8:22 PM the new arbor was installed last year and better signage for the building so that when you drive by it you see a beautiful area that represents the horticulture building. I would also like to see a more inviting student lounge area that looks a bit more updated and professional.
- 24 Nov 1, 2010 8:22 PM currently have that could encompass a drum set and a couple of other musicians comfortably. All the current practices spots are just big enough for one person and it makes sense for musician to have a place to practice with other musicians. The fact that we don't have one is for students to walk. The grounds outside are so beautiful but we don't often get a chance to enjoy them.
- 25 Nov 1, 2010 8:23 PM
- 26 Nov 1, 2010 8:25 PM None
- 27 Nov 1, 2010 8:27 PM make studing and relaxing a much more enjoyable experience at CLC. We all get stressed from homework and difficult daily problems and to sit in a nice comfy couch would be a blessing. (Downstairs couches usually occupied)
- 28 Nov 1, 2010 8:29 PM Parking in back of school for ceramics students
- 29 Nov 1, 2010 8:31 PM i have a rocommendation regarding the classes. some classes are offered only during the day and that makes it hard for the people who are working to attend.
- 30 Nov 1, 2010 8:32 PM and to increase student safety. The walkway between the main campus and the gym is wasted land. If the field must be left as useless space then at least put in a covered walkway so that students don't have to trudge through awful weather because of the poor layout of the parking lot
- 31 Nov 1, 2010 8:32 PM Better construction of some of the rooms, newer desks and chairs and updated computers.

- 32 Nov 1, 2010 8:34 PM The library is too small. More books are needed.
- 33 Nov 1, 2010 8:34 PM When registering for class office employees can be more helpful. As a first time student, Clc could of told students that each building is lacked and named.
- 34 Nov 1, 2010 8:35 PM Better parking situation.
- 35 Nov 1, 2010 8:35 PM Nothing.
- 36 Nov 1, 2010 8:37 PM More more trees and landscaping.
2. Bike/walking paths along the south side of Washington (both east and west), and from Gages Lake Road cutting into the east side of the campus would perhaps seriously cut down on auto
- 37 Nov 1, 2010 8:39 PM traffic.
- 38 Nov 1, 2010 8:39 PM I would like to see a bigger parking lot.
- 39 Nov 1, 2010 8:41 PM n/a
- 40 Nov 1, 2010 8:42 PM More signs to find washrooms, more garbagecans, better lighting in the parkinglots at night (farther to the back it gets very dark)
- 41 Nov 1, 2010 8:44 PM Second floor centers of A and B buildings need some nicer seats. The 3 person bench with no back seems a bit 1970ish.

- 51 **Nov 1, 2010 8:54 PM** Can't think of anything right now.
- 52 **Nov 1, 2010 8:57 PM** More prominate signs and better policing of the areas just outside of entrances where smokers hang out.
- 53 **Nov 1, 2010 8:57 PM** Smoke free grounds.
- 54 **Nov 1, 2010 8:57 PM** See above. Also the music rooms could use more technology and a revamp. It looks like an after thought down there on the first floor. And the little music cubes upstairs are so sad I've seen students trying to work on group projects almost kill themselves to get more than three people into those rooms. They need more space and more equipment including outlets to work through problems. Also I think it would be great if we had a recording studio. I think the students would love that and it would get a lot of use. Plus with the caliber of the facilities over there I think it would be great to have our own students recording on campus in a proper recording studio. [] Anyway I could go on and on...[] []
- 55 **Nov 1, 2010 8:58 PM** I love the school and love the hours I've spent there.
- 56 **Nov 1, 2010 8:58 PM** more light, more airy, smart boards
- 57 **Nov 1, 2010 9:00 PM** There are so many tables for four people to sit at and study but most are used by only one person at a time. We need smaller 1-2 people study tables.
- 58 **Nov 1, 2010 9:02 PM** better technology in the classrooms. and better training for the teachers to use it
- 59 **Nov 1, 2010 9:02 PM** Create a more welcome setting around the ponds that you have on campus, like gazebo, fishing dock picnic tables, picnic shelters, etc

- 71 Nov 1, 2010 9:13 PM cramped classrooms
- 72 Nov 1, 2010 9:13 PM I wish there were more comfortable and quiet places to study other than the library. Those tables in the commons are uncomfortable and people sitting there are usually too loud.
- 73 Nov 1, 2010 9:14 PM Better trash handling
- 74 Nov 1, 2010 9:14 PM More study areas/More computers in the library
- 75 Nov 1, 2010 9:16 PM none
- 76 Nov 1, 2010 9:17 PM library
- 77 Nov 1, 2010 9:18 PM I would loike to see better equipment in some of the labratories. Some of the eqipment is outdated, and there isn't always enough for each student.
- 78 Nov 1, 2010 9:18 PM Update bathrooms and some of the older classrooms that need more or newer desks.
- 79 Nov 1, 2010 9:19 PM technology updates and expansion...
- 80 Nov 1, 2010 9:19 PM The parking lot.
- 81 Nov 1, 2010 9:22 PM better areas to meet with instructors
- 82 Nov 1, 2010 9:23 PM I would like to see the general areas cleaner. Table surfaces, floors, bathrooms. There should not be cutbacks when it will protect student and faculty safety in the long run!

- 94 Nov 1, 2010 9:34 PM N/A
- 95 Nov 1, 2010 9:34 PM New lab equipment
- 96 Nov 1, 2010 9:38 PM Making contact easier with the institution.
- 97 Nov 1, 2010 9:39 PM More hospitable, less institutional. New Chairs, couches, etc. The cafe is a scary place; kind of dark, old looking.
- 98 Nov 1, 2010 9:40 PM Make sure all the equipment works in the classrooms.
- 99 Nov 1, 2010 9:41 PM I would love to see new chairs for the library, more power outlets in the library to power laptops, and a cafeteria that has a reasonable selection of appetizing food.
- 100 Nov 1, 2010 9:41 PM No more smoking
- 101 Nov 1, 2010 9:43 PM Possibly a covered walkway to the buildings during the Winter months when the snow and wind are blowing.
- 102 Nov 1, 2010 9:43 PM Make sure that the classroom have one operating systems. My teacher for the CIT256 is so upset that his classroom has Windows 7.
- 103 Nov 1, 2010 9:46 PM more parking
better lighting in the parking lots. More seating arrangements in the court yards as well at tables outside for students. I do not really know what can be done about the parking spaces or the
- 104 Nov 1, 2010 9:46 PM plowers but get them out sooner maybe.
- 105 Nov 1, 2010 9:47 PM Regulate temp in classrooms

- 106 **Nov 1, 2010 9:48 PM** The chairs in the computer labs are getting old. Please replace them.
- 107 **Nov 1, 2010 9:49 PM** noting at this time
- 108 **Nov 1, 2010 9:51 PM** More vending machines/food.
- 109 **Nov 1, 2010 9:52 PM** Better maintenance of the class rooms. The boards are terrible. They are either not cleaned, or cleaned with the wrong cleaning supplies. In one class the dry erase boards were blackened from the wrong cleaning solution. Could not even read the board. In another room the chalk board was cleaned with the wrong material and the chalk would not write on the board. Again this made it difficult to read the board.
- 110 **Nov 1, 2010 9:57 PM** The old classrooms in the A & B wings still have the old high school-style desks with the flip top. These are impossible to sit at with a laptop and are VERY uncomfortable for larger students. They all need to be replaced with tables and chairs.
- 111 **Nov 1, 2010 9:59 PM** New technology for classrooms.
- 112 **Nov 1, 2010 9:59 PM** Parking, Parking & Parking
- 113 **Nov 1, 2010 10:00 PM** More parking
- 114 **Nov 1, 2010 10:02 PM** I am not sure this is something that could be fixed, but sometimes with the parking lot the spaces are so far away from the door that I feel a little unsafe when I leave at night. It is fine during the day because there is always a police car sitting there, but at night they are not there and to walk through an empty parking lot to the far end is sort of scary. Otherwise I don't know what can be improved because I haven't found something I don't like!

- 137 Nov 1, 2010 10:25 PM Expand the fitness center and update the college to a more 2010 feel.
- 138 Nov 1, 2010 10:25 PM Parking lot needs more lighting
- 139 Nov 1, 2010 10:26 PM Better sports center.
- 140 Nov 1, 2010 10:27 PM I would like to see more space for students to hangout freely. I would also like to see more
artwork and inviting material.
- 141 Nov 1, 2010 10:31 PM More displays of student art work.
- 142 Nov 1, 2010 10:32 PM (see above statement and then ask me that question again.)
- 143 Nov 1, 2010 10:34 PM I dont see any that need to be made
- 144 Nov 1, 2010 10:34 PM N/A
- 145 Nov 1, 2010 10:35 PM nothing at the moment
- 146 Nov 1, 2010 10:38 PM More parking.
- 147 Nov 1, 2010 10:39 PM Consider bike trail that connects to sidewalk on southern parking lot (staff lot off of Brae Loch
next to fire station).
- 148 Nov 1, 2010 10:39 PM Stop lights and crossing lights at Horticulture campus intersection

- 149 Nov 1, 2010 10:40 PM Motorcycle parking, better fitness area and carpet replaced with tile in heavily trafficked areas.
- 150 Nov 1, 2010 10:40 PM bike path going all the way from washington to brae loch
Hallways in A, B, & C wings are ugly with too much posted on the walls and bulletin boards --
there is so much you can never see what is important and what is not. Many out of date posters.
- 151 Nov 1, 2010 10:41 PM T wing is very, very nice and should be a model for the rest of the campus.
- 152 Nov 1, 2010 10:43 PM Daycare in the evening
- 153 Nov 1, 2010 10:45 PM Just a neater and more student friendly environment in all areas of the campus!
- 154 Nov 1, 2010 10:50 PM Have walkways over the cross streets in the parking lots to avoid the drivers who are in a hurry.
- 155 Nov 1, 2010 10:51 PM The automatic toilets flush too many times while in the stalls. It is a waste of water.
- 156 Nov 1, 2010 10:51 PM Right now Im not really sure,this being my first year come back to me next year
- 157 Nov 1, 2010 10:52 PM Cleaner, brighter decor.
- 158 Nov 1, 2010 10:56 PM We need a new and improved college menu. Our lunch area should have way more to choose
with healthier choices at reasonable prices. Some of the food is just horrible looking. They
serve he same stuff to elementary schools, and we are grown adults.
- 159 Nov 1, 2010 11:02 PM More meeting areas. More printing facilities, more computer terminals in the library. Longer
library hours. Week end lab hours for computer labs.

160 Nov 1, 2010 11:07 PM Would like to see more perennial gardens/plantings of native plants.

161 Nov 1, 2010 11:09 PM Bigger parking lot.

162 Nov 1, 2010 11:12 PM Get more gym equipments

163 Nov 1, 2010 11:13 PM Maybe some more areas to sit down outside.

164 Nov 1, 2010 11:14 PM more parking space, and everything stated above

165 Nov 1, 2010 11:15 PM I'm sure as the campus further expands, there will be more room made, which is one of the larger problems as of right now, but I would also like to see more studying areas made available (there almost always seems to be no room to find a place to study, especially around peak hours) and another little thing I would like to see that I've found on other college campuses is hand sanitizer stations. I think this would be a great replacement for the automated bathroom toilets and sinks. This would make me feel especially good around cold and flu season to just be able to sanitize my hands quickly and go.

166 Nov 1, 2010 11:16 PM Maybe more of an outside area to sit and relax (other than the smoking area).

167 Nov 1, 2010 11:18 PM I would like to walk on the grass. It is very strange to me seeing what are presumably rather expensive chains wrapped around the grass area, even if the grass is well manicured, because I would expect humans to be allowed to frolic wherever they please.

168 Nov 1, 2010 11:22 PM Have tables in all the lecture rooms.

- 200 Nov 2, 2010 12:42 AM more seating outside
Expand parking lots, please!!!
- 201 Nov 2, 2010 12:45 AM Make some faculty offices bigger, especially the math faculty offices; when there are five other students including me in one office, in addition to our professor and his office mate, it can get a
- 202 Nov 2, 2010 12:46 AM Wind power,solar pannels, more modern look like the tech building.
- 203 Nov 2, 2010 12:48 AM Painted areas to be repainted with more welcoming and inviting colors. Provide a wider and healthier range of food choices in the Lancers Cafe.
- 204 Nov 2, 2010 12:49 AM See more online courses and more parking.
- 205 Nov 2, 2010 12:50 AM add more color.
- 206 Nov 2, 2010 12:54 AM Improved parking options. No smoking in locations that all students/faculty must use.
- 207 Nov 2, 2010 12:57 AM admissions. (i.e. how can a graduate from an accredited upper tier private college be required to take Freshman English? - I didn't - but the process that I had to go through was silly.) There should be more employees in financial aid - the lines at lunch time are very long.
- 208 Nov 2, 2010 1:00 AM More places to sit and enjoy nice weather outside.
- 209 Nov 2, 2010 1:01 AM Fix what I said in #4.
- 210 Nov 2, 2010 1:01 AM The Horticulture Building grounds are in need of major landscape design. Hard to say we have an excellent program the way the grounds look. This is one place where I think you do judge a book by it's cover!
- 211 Nov 2, 2010 1:05 AM Flowers added in the spring. More coffee carts in other places on campus!

- 212 Nov 2, 2010 1:06 AM Better food service
- 213 Nov 2, 2010 1:07 AM Improved food in the cafeteria. Some of the food there is very gross.
- 214 Nov 2, 2010 1:11 AM I like how we recycle at the campus, but you really wouldn't know that if you aren't paying attention. I think the recycle bins/areas need to be more prominent...or painted to stand out. Maybe also have the instructors talk about where they are in location to your current class room on the first day of class. I didn't even know anything about them during my first semester...I just thought it was weird there were no garbage cans in class.
- 215 Nov 2, 2010 1:11 AM Cafeteria a little dreary in the basement.
- 216 Nov 2, 2010 1:11 AM Sheltered walkways to and from lots because student lots are far from the buildings. Also increased lighting along paths and in lots.
- 217 Nov 2, 2010 1:12 AM I think, if the college will able to put more computers in study areas - it will be nice.
- 218 Nov 2, 2010 1:15 AM I would like all the equipment, including printers, in the computer/DMD labs to work.
- 219 Nov 2, 2010 1:15 AM Less smoking areas
- 220 Nov 2, 2010 1:18 AM Chapter
- 221 Nov 2, 2010 1:18 AM see above
- 222 Nov 2, 2010 1:18 AM I would like to see the A and B wings updated (Carpeting and classroom space up to date like the technology building). Also, I would like to see the writing center and testing center updated in terms of carpeting and furniture as well.

- 223 Nov 2, 2010 1:21 AM Everything is perfect about the campus and grounds.
- 224 Nov 2, 2010 1:22 AM More parking
secondary parking lot is a great option but it is often extremely difficult to bare the walk from the parking lot to the building during the coldest parts of the winter. I am not sure if there is even a
- 225 Nov 2, 2010 1:24 AM way to fix this but I would at least like to bring it to your attention.
- 226 Nov 2, 2010 1:25 AM a improvement to the parking lots
- 227 Nov 2, 2010 1:29 AM shuttle to building
It would be great if we could have monitors to show events and advertise for clubs like they have at hotels and airports in brandel and anderson courts to replace all the hanging flags etc. you
- 228 Nov 2, 2010 1:31 AM could offset the costs by allowing (limites) local businesses to advertise on there too
- 229 Nov 2, 2010 1:31 AM More parking
- 230 Nov 2, 2010 1:33 AM get the TVs in the lounge fixed
- 231 Nov 2, 2010 1:41 AM More parking and better security.
Get rid of Chemlawn and have students maintain the lawns. Make campus grounds more sustainable and environmentally friendly, less grass and more native plants. We need a hoop
- 232 Nov 2, 2010 1:43 AM house too.
- 233 Nov 2, 2010 1:46 AM Parking pass for pregnant students so that we can park in one of the lots closer to the building
update the classrooms a bit maybe new desks and maybe something done with parking if the walk wasn't so long and seems a bit dangerous walking out to cars at night maybe more lights or
- 234 Nov 2, 2010 1:47 AM more security in parking lots

- 247 Nov 2, 2010 2:32 AM The bathrooms to be remodled, for more computers, and cleaner windows in the library second floor.
- 248 Nov 2, 2010 2:32 AM maybe some more people working in the financial aid office so you don't have to wait a hour to speak with someone about a 10 sec question
- 249 Nov 2, 2010 2:36 AM into dorms for the near future. I know that I would have loved to have some type of afforable living area within walking distance of the campus. By having that avaible for new students like myself, I can be able to get some experience with being on my own, but still be close to home. I would like the classrooms to be up to date. The desks are horrible. Its hard to do our work on these tiny desks we get. I would like the parking lot to be set up differently. I have to walk really
- 250 Nov 2, 2010 2:37 AM far to get to my chemistry class. Their is no close parking lot.
- 251 Nov 2, 2010 2:40 AM The hallway by the auditorium from B wing to JLC could be opened
- 252 Nov 2, 2010 2:43 AM More coffee carts, and more student activities on campus.
- 253 Nov 2, 2010 2:44 AM Improve parking lots.
- 254 Nov 2, 2010 2:46 AM The game room, the career center, more big tables in the library, and it would be awesome if there is just one separated room for tutoring besides that it is by the computers, its just seems crowded and hard to concentrate in there
- 255 Nov 2, 2010 2:46 AM more parking spots
- 256 Nov 2, 2010 2:54 AM Whiteboards instead of chalkboards. The chalk breaks and theres none left, plus it gets hard to read when you sit far away.
- 257 Nov 2, 2010 2:58 AM Pretty good as is.
- 258 Nov 2, 2010 3:12 AM A real cafeteria, or maybe I haven't found it????

259 Nov 2, 2010 3:13 AM parking

260 Nov 2, 2010 3:16 AM make more spaces where people could talk in between their classes, etc. more places like the atrium, the courts, the library couches and cubicles,etc

261 Nov 2, 2010 3:21 AM Less smoking! Gross!

262 Nov 2, 2010 3:22 AM Arrange parking so students don't have to walk so far.

263 Nov 2, 2010 3:24 AM Parking

264 Nov 2, 2010 3:30 AM update the interior

265 Nov 2, 2010 3:32 AM I would like to see new and better desks in many of the rooms. They are very small and difficult to write on- especially if you are left handed.

266 Nov 2, 2010 3:33 AM Continue investing in computer equipment for the various CIT related courses. We need up to date materials to properly learn.

267 Nov 2, 2010 3:36 AM stop the toilets from flushing all the time

268 Nov 2, 2010 3:37 AM Improve heating in horticulture building. Install lighting in back of horticulture building for night-time classes.

269 Nov 2, 2010 3:39 AM right by the coffee area. There was noise from the coffee stand, library and students walking about which made it difficult to hear some of the readers. It would be nice if there was a specialized room set away for events such as these. There may be already and I'm not aware

270 Nov 2, 2010 3:43 AM Maybe more remodeling in different areas, but it's not a serious complaint. The campus is fine as is really.

- 271 Nov 2, 2010 3:48 AM more coffee carts... around the building including the tech building (debit card friendly)
I think overall the CLC Grayslake campus is good. It's easy to figure out the building, the
greenery in the main lobby is a nice touch, and having a somethings brewing cart in the library is
- 272 Nov 2, 2010 3:49 AM the best! I love CLC!
very pricey), and student study/social areas that are not commonly being used for other
functions. I'm all for blood drives and college fairs and book fairs, but too often these events take
- 273 Nov 2, 2010 3:59 AM up needed space for students to meet/study/socialize.
- 274 Nov 2, 2010 4:02 AM Make it look nicer!
and to improve the parking lot system.
- 275 Nov 2, 2010 4:02 AM A pit area for the Main Stage Theater.
- 276 Nov 2, 2010 4:03 AM NOTHING ITS A GREAT CAMPUS.
area. Also, a refreshed Lancer's Deli (complete with menu overhaul). I am generally pleased as
punch to be a student at CLC, I find that it is a great school and even without these changes, I
- 277 Nov 2, 2010 4:05 AM will still enjoy attending classes here. Although I realize this for the physical appearance of the
- 278 Nov 2, 2010 4:06 AM Updated equipment in the computer design and web design labs. And private offices for the
faculty. (Hard to have a meeting when others are meeting in the same room.)
that the point of white brick walls is conformity, cleanliness and unity. But! The halls and
classrooms have a feeling of "prison". Add some color. My favorite areas are the foyers because
- 279 Nov 2, 2010 4:08 AM of the light and open feeling that is evoked. Add that feeling to the classrooms.
- 280 Nov 2, 2010 4:08 AM Better food quality in cafeteria.
- 281 Nov 2, 2010 4:15 AM more updated
- 282 Nov 2, 2010 4:19 AM New bathrooms. New desks. New courtroom furniture.

- 295 Nov 2, 2010 5:02 AM Dont have any in mind at the moment
- 296 Nov 2, 2010 5:08 AM More veding machines (for drinks more that food). I would also like to see more maps around campus.
- 297 Nov 2, 2010 5:09 AM Improvement in the car-parking system
- 298 Nov 2, 2010 5:10 AM Parking, maybe multilevel parking w a breezeway to the buildings.
- 299 Nov 2, 2010 5:19 AM Cleaner washrooms and less cigarette butts
- 300 Nov 2, 2010 5:22 AM A better looking cafeteria.
- 301 Nov 2, 2010 5:32 AM Needs more computer labs and needs to improve appearance of outside and temperature of rooms. The signs reprinting clc need to be update to show. More modern look.
- 302 Nov 2, 2010 5:35 AM The addition of Apple computers to the labs.
- 303 Nov 2, 2010 5:41 AM i would like to see more nature on the campus, remodel of bathrooms and cafeteria, more commons spaces that are comfortable/equipped for the needs of students, the use of energy saving lights that produce more lighting in the building.
- 304 Nov 2, 2010 5:43 AM More designated outdoor space. Like the "Zen Garden."
- 305 Nov 2, 2010 5:56 AM Have plenty option.
- 306 Nov 2, 2010 6:05 AM Move the Unemployment office to another location.

- 307 Nov 2, 2010 6:52 AM A bigger library!
- 308 Nov 2, 2010 7:01 AM Less difficulties printing in the library.
- 309 Nov 2, 2010 7:37 AM ". "
- 310 Nov 2, 2010 10:05 AM Closer parking, sometimes I'm late to class because I had to park my car so far down in the parking lot that it makes me late to class.
- 311 Nov 2, 2010 10:37 AM Some times is hard to find a close parking space, but if you add parking lot buildings it will change the open look of the campus, besides I know that I can use a little walking.
- 312 Nov 2, 2010 11:01 AM Even though there are a lot of windows (glass areas) and require lots of time; I'm not impressed with the lack of cleaning cob webs and dirt from the windows. Not seen very much from the outside in but from the inside out the windows are very dirty.
- 313 Nov 2, 2010 11:01 AM See number 4.
- 314 Nov 2, 2010 11:11 AM covered walkways from D building to parking lot--better food selections
- 315 Nov 2, 2010 11:41 AM See No. 4.
- 316 Nov 2, 2010 12:04 PM Parking spaces
- 317 Nov 2, 2010 12:09 PM more lights in parking lots
- 318 Nov 2, 2010 12:13 PM 1) The main front entrance & surrounding area landscaping needs fixing up -- remove dead plants & weeds. 2) Would like to have Saturday availability to use the HIT lab in the C-wing.

- 331 Nov 2, 2010 1:23 PM Better lighting outside, quicker pickup of snow if parking lot.
Making anything more than regular maintenance upgrades is a waste of money. Added to that is the fact that it seems everyone owns a little piece of the campus and no one will share. You can't
- 332 Nov 2, 2010 1:24 PM use a room that's convenient because it "belongs" to another group. Grow up and start making
- 333 Nov 2, 2010 1:25 PM d
enough. Many people can't find how to open it. The cat fish in the C building need to be taken care of. Maybe a more visible place than the back of the C building by biology second floor.
- 334 Nov 2, 2010 1:28 PM Somewhere people can see the fish and enjoy them. It would be nice by the information lobby or
- 335 Nov 2, 2010 1:39 PM I'm wasted enough of my time already.
- 336 Nov 2, 2010 1:41 PM Maybe nicer classrooms, ie new desks and more comfortable arrangements for teachers
- 337 Nov 2, 2010 1:46 PM Brighten everything up a bit
- 338 Nov 2, 2010 2:02 PM if it possible to put some shade top of benches so during harsh weather may save student or people.
- 339 Nov 2, 2010 2:02 PM food. We all try to bring a snack or lunch because the food is such low quality. The salad bar is fresh and ok, although limited in selection. The new catered sandwiches in the cooler "Good Food to Go" are excellent. Can't a college with a culinary program at least make good fresh
- 340 Nov 2, 2010 2:04 PM make more study areas
- 341 Nov 2, 2010 2:04 PM Fill in pond west side and make parking lot
- 342 Nov 2, 2010 2:06 PM I like to see that certain library administrator(s) don't talk so loud when he/they is/are in the study area.

- 343 Nov 2, 2010 2:11 PM More parking places. Easier access to JLC classrooms.
- 344 Nov 2, 2010 2:16 PM -
- 345 Nov 2, 2010 2:23 PM More pace bus routes.
- 346 Nov 2, 2010 2:25 PM Definitely the cafeteria, the library, and probably the auditoriums.
- 347 Nov 2, 2010 2:27 PM Toilets and sinks that work properly. A better quality cafeteria with a more inviting feel.
- 348 Nov 2, 2010 2:29 PM Have a different style of parking. Perhaps angle parking so that less accidents happen.
- 349 Nov 2, 2010 2:31 PM It would be nice if there was an archway to and from the parking lot that included warmers for the winter.
- 350 Nov 2, 2010 2:31 PM The adjunct office I use lacks privacy for student meetings. At times, equipment (computers, printers) are not functioning. I use the adjunct office in conjunction with when I am on campus for my class and rely on functioning equipment.
- 351 Nov 2, 2010 2:41 PM More enforcement of the speed limit in the parking lots and circle drive area
- 352 Nov 2, 2010 2:42 PM perhaps give each wing a distinctive color/quality so that one always knows in which wing one is
- 353 Nov 2, 2010 2:46 PM I spend all my time on the technology campus. In the summer the rooms are freezing and there seems to never be hot (or warm) water in the washrooms.
- 354 Nov 2, 2010 2:57 PM More quiet study areas other than the library.

- 355 Nov 2, 2010 2:59 PM Better traffic flow more parking
- 356 Nov 2, 2010 3:04 PM Desk that are more comfortable. It's hard to sit in my 3 hour class in those things, especially the older ones. I prefer a table with chairs over the desks.
- 357 Nov 2, 2010 3:06 PM of its own. Internet learning offers more students more options and can offer a better learning experience than the regular classroom. Educators are moving at a snails pace in offering Internet learning options and developing the on-line class room experience. With options like long wait and the staff seemed too buried in all of the student's applications to be able to assist efficiently. Also, I received a different answer each time I would call to check the status of my application. It seems a bit disorganized.
- 358 Nov 2, 2010 3:08 PM
- 359 Nov 2, 2010 3:09 PM More and better seating for students in regular classrooms, and updated technology as well. can also become more organized by being more prepared at the beginning of each semester possibly by hiring more staff or having more than one financial aid office in more than one location(south lake for example). The student for disabilities office should get all extra books
- 360 Nov 2, 2010 3:10 PM
- 361 Nov 2, 2010 3:10 PM I believe the campus on the outside looks great, on the inside of the school there could be more monderization. There also needs to be something done about the parking issue.
- 362 Nov 2, 2010 3:12 PM More parking
- 363 Nov 2, 2010 3:13 PM I don't know, seems good to me as-is.
- 364 Nov 2, 2010 3:15 PM none
- 365 Nov 2, 2010 3:18 PM Campus seems to be great, keep it cost-effective, that's the best thing you could do for this student.
- 366 Nov 2, 2010 3:33 PM no smoking around the doors

- 367 Nov 2, 2010 3:36 PM Better and closer parking for students. If that is not possible, how about shuttle service from parking areas to main building entrances, but will need also for evening classes.
- 368 Nov 2, 2010 3:36 PM I would like to see the campus improve the student lounges and the lunchroom. It needs to be more inviting.
- 369 Nov 2, 2010 3:38 PM I think the counseling office could be better organized to where students could call to set up appointments with a counselor instead of just doing walk-ins.
- 370 Nov 2, 2010 3:41 PM more parking space there is too little.
- 371 Nov 2, 2010 3:45 PM Improve the competence of the full-time faculty, and get rid of the dead wood. I think its shameful that most of the REAL teaching is done by the adjunct staff who get paid hardly anything, and full-time staff are not up to speed in their disciplines; particularly in CIT and MCS. events, away from classrooms and offices so noise isn't disturbing.[]
- 372 Nov 2, 2010 3:45 PM - A new cafeteria that is above ground with windows for natural light and an enjoyable, relaxing atmosphere.[]
- 373 Nov 2, 2010 3:48 PM has the college given any thought to building a parking garage type structure, in order to save on land, and just build "up" instead?
- 374 Nov 2, 2010 3:48 PM new desks, computers, lockers, and bathrooms.
- 375 Nov 2, 2010 3:50 PM more cleaning and keeping all tables and chair in their proper place as well keeping classrooms clean with garbage cans.
- 376 Nov 2, 2010 3:52 PM classroom. Also more cyber classrooms. Lectures can be done via the internet and do not have to be confined to a classroom unless there is a need for hands-on labs and such. And interaction does not have to be only one on one in this day and age many people can gather on the 'net at
- 377 Nov 2, 2010 3:54 PM New Interior and better seating.
- 378 Nov 2, 2010 3:54 PM More benches

- 391 Nov 2, 2010 4:41 PM More parking Lots!!! Bigger classrooms for clubs.
- 392 Nov 2, 2010 4:43 PM The curtain in the PEC needs to be moved south a few yards to create space on top the the "1 foot" that exists between the curtain and the volleyball baseline.
- 393 Nov 2, 2010 4:49 PM Have more Forensics computers available in the labs.. The business lab is always full and only the back 3 rows have forensics programs available.
- 394 Nov 2, 2010 4:52 PM The kind of map you see for bus routes, zoos, etc. "You are here" indicators on the maps. Perhaps places with mounted GPS systems to give verbal directions for anyone who is blind or for those who prefer to get their directions that way.
- 395 Nov 2, 2010 4:54 PM Nothing
- 396 Nov 2, 2010 4:55 PM MORE OUTDOOR ACTIVIES TO THE STUDENTS. MORE JOB FAIRS FOCUSED ON THE STUDENTS
- 397 Nov 2, 2010 5:03 PM no smoking
- 398 Nov 2, 2010 5:06 PM More parking more staff in advising or counseling
- 399 Nov 2, 2010 5:09 PM additional walkways leading from the north lots. It gets bad in winter and spring with snow and mud. I would like to see more "Green " technology used and displayed to encourage everyone to contribute to reducing energy consumption.
- 400 Nov 2, 2010 5:10 PM Have tables in class rooms where you guys have some small desk.
- 401 Nov 2, 2010 5:12 PM Additional outdoor tables/benches added throughout campus. I would complete a gravel walking path around the campus.
- 402 Nov 2, 2010 5:21 PM A new projector in A162. I enjoy the atmosphere of this class room for film classes. It is like being in a theatre. It is also more comfortable than the alternative film class rooms on campus.

- 403 Nov 2, 2010 5:32 PM maybe better parking and better transportation means for those who don't drive
- 404 Nov 2, 2010 5:32 PM better food at the cafeteria
- 405 Nov 2, 2010 5:33 PM the campus seems dingy, there could be some modernization done to the classrooms and the computer labs
- 406 Nov 2, 2010 5:40 PM N/A
- 407 Nov 2, 2010 5:43 PM The teachers understandment of aspergers
- 408 Nov 2, 2010 5:53 PM So far I have not seen anything.
- 409 Nov 2, 2010 6:01 PM More variety of foods, Parking lots improvements
- 410 Nov 2, 2010 6:09 PM notices the benches are not located in areas used by students. And many of the areas student do use the benches many of us find a table would be nice so we can catch up on work or use the laptop without worrying about it falling off our laps. The main improvement would be use of
- 411 Nov 2, 2010 6:11 PM i would have to say more student parking closer to or more student parking around the campus closer to the entrances of classrooms wings
- 412 Nov 2, 2010 6:13 PM Remove or trim some of the bushes on Lancer Drive right near the entrance to the road to the front entrance (flag pole and where the Pace buses drop people off) -- it is difficult to tell whether someone is coming from the other direction because the bushes block the view.
- 413 Nov 2, 2010 6:13 PM Closer parking. Take away "reserved" parking spots...
- 414 Nov 2, 2010 6:16 PM none at this point, can't find anything I would like to see.

- 415 Nov 2, 2010 6:19 PM More parking lots!
- 416 Nov 2, 2010 6:20 PM Parking lot
- 417 Nov 2, 2010 6:22 PM I think I would be more willingly to eat in the cafeteria if there were more variety and more space because sometimes it can become crowded tables throughout the building because sometimes it's difficult to find a quiet non-busy place to study. The common areas and the library have plenty of tables, but sometimes they are either all
- 418 Nov 2, 2010 6:32 PM full, or if they aren't there is so much going on around you it's hard to study.
- 419 Nov 2, 2010 6:39 PM covered walkways from parking lots for bad weather.
- 420 Nov 2, 2010 6:51 PM All parking lots should be first come first service after 645pm at night
- 421 Nov 2, 2010 6:52 PM Admissions and records staff aren't the friendliest. Some of the old bathrooms need upgrading and the automatically flushing toilets are too sensitive.
- 422 Nov 2, 2010 6:53 PM better class times
- 423 Nov 2, 2010 6:59 PM More quiet areas. Open courts are too loud.
- 424 Nov 2, 2010 7:00 PM I would like to see the parking lots improved. Have student parking closer to building.
- 425 Nov 2, 2010 7:11 PM More CLOSE parking.
- 426 Nov 2, 2010 7:13 PM expand the parking lot and redo the student lounge.

- 427 Nov 2, 2010 7:13 PM Overall very good, I like it the way it is.
- 428 Nov 2, 2010 7:19 PM Im not sure if anything could be done about this, but finding a parking spot is very difficult sometimes. I schedule all my classes early just so i am able to find a spot
- 429 Nov 2, 2010 7:21 PM More definition in parking areas (faculty vs. student) and safer layout.
- 430 Nov 2, 2010 7:27 PM None
- 431 Nov 2, 2010 7:40 PM I would like to see some improvements of study areas. Perhaps by updating the tables, or even adding a few more places with tables instead of chairs or benches.
- 432 Nov 2, 2010 7:42 PM See above.
- 433 Nov 2, 2010 7:42 PM More up to date, modern in some areas
- 434 Nov 2, 2010 7:45 PM That the building signage be improved or more signage added.
- 435 Nov 2, 2010 7:52 PM More student parking.
- 436 Nov 2, 2010 7:58 PM Fix the plumming issues in the ladies room in the C bldg. On some days its really bad in there.
- 437 Nov 2, 2010 8:01 PM Another Parking Lot, and more tables in the student centers.
- 438 Nov 2, 2010 8:03 PM more parking lots for students

- 439 Nov 2, 2010 8:15 PM Everything is okay where they are at now.
- 440 Nov 2, 2010 8:29 PM More parking
- 441 Nov 2, 2010 8:32 PM more social areas, some other clubs.
- 442 Nov 2, 2010 8:41 PM none
- 443 Nov 2, 2010 8:47 PM Library hour open later, fix WIFI connection(some places students are unable to connect to), better caferia food, more staff for financial aid and counselors office.
- 444 Nov 2, 2010 8:48 PM nothing much, just provide the library with enough computers.
Better signs for staircase locations. Smoking areas away from the buildings. The technology building is very nice, the other buildings I have been in seem a little old and could use updating,
- 445 Nov 2, 2010 8:54 PM but that takes funds, and I'd rather the funds be used on education than beautification.
- 446 Nov 2, 2010 9:00 PM The only improvements I would like to see is more classes be offered at the other two campuses. Grayslake campus could get really crowded.
- 447 Nov 2, 2010 9:03 PM I guess just to get the leaks fixed, which I am sure are already being worked on and are just backed up on a schedule.
- 448 Nov 2, 2010 9:04 PM the cafetirica can use more color or make it look better because its also a nice place to meet with students.
- 449 Nov 2, 2010 9:04 PM Clean up the campus - replace ceiling tiles and update floors and technology in the classrooms and library. Fix heating/a/c issues.
- 450 Nov 2, 2010 9:06 PM Better pencil sharpeners in the classrooms.

- 451 Nov 2, 2010 9:07 PM I cant really think of any changes right now, I am pretty satisfied with the college.
I'd love to see document cameras in the classrooms, electronic monitors with the college
calendar or announcements for students and staff, a nicer, brighter eating area with healthier
- 452 Nov 2, 2010 9:08 PM food choices, and a bookstore like Moraine Valley has (or even Harper).
student lounge and student areas, not just in the basement by cafeteria where they wont go hang
out. No smoking out front by the atrium should be allowed, the smoke comes in the doors and
can be smelled on 2nd floor down the hall.
- 453 Nov 2, 2010 9:08 PM
- 454 Nov 2, 2010 9:09 PM Fix the lights in B118.
student center for services students utilize - testing, advising, financial aid, tutoring
- 455 Nov 2, 2010 9:10 PM A student union that is more welcoming - NOT a cafeteria tucked away in the basement.
- 456 Nov 2, 2010 9:13 PM Remedy the above.
- 457 Nov 2, 2010 9:13 PM More equipment for the computers curses along with software
- 458 Nov 2, 2010 9:14 PM CLC Needs to have a Student Administration Building with plenty of space for waiting areas, and
larger staff areas.
- 459 Nov 2, 2010 9:15 PM The grounds are fine. Put emphasis on learning instead of partying throughout the halls.
- 460 Nov 2, 2010 9:15 PM Upgrades of furniture around campus. Remodel the restrooms.
People just plop down and socialize and you can't squeeze through them to get to a station
because the aisles are so crowded. Also, it would not be a bad idea to just freshen up some of
- 461 Nov 2, 2010 9:16 PM the extremely outdated classrooms, even if its just a coat of fresh, modern paint over the ugly old
- 462 Nov 2, 2010 9:16 PM An established welcome center (not just a desk) and more places for students to study/relax
while they are on campus.

- 475 Nov 2, 2010 9:23 PM More faculty/staff parking around the T building
- 476 Nov 2, 2010 9:24 PM It needs a more modern look.
- 477 Nov 2, 2010 9:25 PM Update the look of the internal walls. Drywall the cnderblocks and paint warm colors. Use Elgin, SWIC, Lincoln Land, Heartland as examples of more modern facilities with student areas.
- 478 Nov 2, 2010 9:26 PM A Student Union
- 479 Nov 2, 2010 9:27 PM See above.
Defined community areas for groups- see #4 comments[]
Classrooms with flexibility of use[]
- 480 Nov 2, 2010 9:28 PM Library has outgrown its structure and not suited to learning communities, student study groups
- 481 Nov 2, 2010 9:29 PM More parking
- 482 Nov 2, 2010 9:29 PM New furniture for older classrooms.[]
Care for flower/shrubs areas. Too many out of control weeds.
- 483 Nov 2, 2010 9:30 PM Update, Update, Update CLASSROOMS (heating/air conditioning, equipment in rooms -- a complete facelift -- similar to what was done for the Com Arts Divisional office.
- 484 Nov 2, 2010 9:32 PM Any thing that will help with #2 and #4. I know a new bldg is slated but it would be nice to know when it might happen. I do know this is difficult.
- 485 Nov 2, 2010 9:34 PM #1 signage POOR ,hard to navigate using signs and printed maps for new students.
- 486 Nov 2, 2010 9:35 PM Some bathrooms don't have a shelf big enough for text books while you're washing hands.
Hooks for bookbags by sinks would be great too.

- 487 Nov 2, 2010 9:35 PM I'd like no smoking on campus. Too many packrats and too much junk!
- 488 Nov 2, 2010 9:36 PM Update the bathrooms and the heat/airconditioning.
- 489 Nov 2, 2010 9:43 PM More lighting around the buildings, grounds, and parking lots.
So many of us are adjuncts - it would be nice to have more updated and spacious adjunct offices that actually have places to meet with students. Right now students just seem like an intrusion
- 490 Nov 2, 2010 9:43 PM because really (in Comm Arts at least) we don't have enough space.
park your car all the way on the other side of campus. It would be nice if the Coffee Cart in the atrium would be moved to a permanent location. It really breaks up the space in the atrium with
- 491 Nov 2, 2010 9:43 PM it sticking out into the room.
- 492 Nov 2, 2010 9:45 PM more parking...maybe a building dedicated to the students and their activities
on to when walking down or up the ramp and the plants are in the way. □
- 493 Nov 2, 2010 9:45 PM Add more seating in the lobby area and hallways. There are too few convenient waiting areas
with seating for students, visitors and children.
- 494 Nov 2, 2010 9:47 PM More trees, shrubs and flowers please. It would be terrific to find more park benches or picnic
tables to sit at and enjoy such a beautiful campus.
- 495 Nov 2, 2010 9:49 PM More updates.
- 496 Nov 2, 2010 9:50 PM Student services such as food service and bookstore should be more accessible to students.
see question #4 Also we are at our limits with available parking. We need to find alternatives
including more convenient mass transit, car pooling and possible building a parking garage. We
- 497 Nov 2, 2010 9:51 PM should have shuttle service that connects all three campuses and the metra stations.
- 498 Nov 2, 2010 9:51 PM n/a

- 511 Nov 2, 2010 10:21 PM Need more outside seating areas. More benches, chairs and tables throughout the grounds. larger groups...like for student club activities,.A large reception space is needed. Parking will need to be increased soon. Storage, dressing rooms, office space and a large open rehearsal
- 512 Nov 2, 2010 10:22 PM room in the JLC.
- 513 Nov 2, 2010 10:23 PM I would not have to walk so far to get to the building.
- 514 Nov 2, 2010 10:26 PM A technology center built for engineering and manufacturing technology. This would draw more attendance in the technical fields to support employment demands.
- 515 Nov 2, 2010 10:32 PM it seems like you already have everything -- can't say enough what a beautiful campus it has become
- 516 Nov 2, 2010 10:41 PM just upgrade what i mentioned above and CLC will be the best community college around. I will be happier.
- 517 Nov 2, 2010 10:46 PM We should improve the parking lots. Additional lights amd more parking spaces by entrance C needed.
- 518 Nov 2, 2010 10:48 PM Please improve the doors mentioned in question #2.
- 519 Nov 2, 2010 10:49 PM quality to match, would be most welcome. Easily movable modular tables would facilitate room arrangements more conducive to learning. Computer/video technology comparable to that at the University Center is desirable.
- 520 Nov 2, 2010 10:52 PM better layout, more parking, bigger office space for student services, more computer labs, and study areas for students.
- 521 Nov 2, 2010 10:58 PM bigger rooms for faculty
- 522 Nov 2, 2010 10:59 PM In winter, I feel cold in a class room as well as some of students, or summer, the air conditiner is too cold....

- 523 Nov 2, 2010 10:59 PM My wish list includes a pool and jacuzzi.
- 524 Nov 2, 2010 11:03 PM The parking lot configuration needs to be completely redone at the entrance to the James Lumber Center. Also, the entrances to the faculty parking lots are weird and dangerous.
- 525 Nov 2, 2010 11:06 PM Possibly bigger desks in classrooms.
- 526 Nov 2, 2010 11:09 PM closer parking for us that are older folks
- 527 Nov 2, 2010 11:09 PM It is a long walk for older student from the parking lot to some of the buildings. I'm talking about real old, over 60.
- 528 Nov 2, 2010 11:11 PM parking improvements somehow
- 529 Nov 2, 2010 11:14 PM The Grayslake campus is great! Maybe it would be nice if the older parts of the building were renovated.
- 530 Nov 2, 2010 11:17 PM I do not know, I have not thought about it too much. I feel that overall the Grayslake campus is pretty good.

- 599 Nov 3, 2010 9:54 AM Wouldn't you agree that is frustrating that after you park your car far away from your usual floor you are on. - 623 Nov 3, 2010 1:32 PM I think the directional signage could be improved.
- 624 Nov 3, 2010 1:34 PM A new classroom/student center would be nice. A new building with state of the art science equipment and classes.
- 625 Nov 3, 2010 1:39 PM interesting, more frequently changed art installations; 2) better signage; 3) more access to natural light, or at least better, more energy-efficient lighting. Everyone and everything needs more space, which indicates that a master plan might need to account for considerable orders in to clean the windows in my office, and it has been done twice in 10 years. The administrative offices are never vacuumed at night. I have to keep my own personal vacuum in my office and vacuum it myself. A work order was put in to wash the floors in certain areas and it better working condition and the temperature on some are scalding hot!! Also, dividers between urinals would be appreciated. Make them more like the T Building. Also, chalkboards are a thing of the past, we need more whiteboards in classrooms. Overhead projectors should be moved to Fitness areas.

- 637 Nov 3, 2010 2:05 PM More internal improvements.
I would like to see a larger staff lot or if not possible, remove the staff lots. The parking should favor our stakeholders, the students, not employees and should be first come, first serve.

- 657 Nov 3, 2010 3:03 PM I am very excited about the main lobby project. I would love to see more places to post information rather than just in the main lobby. Kiosks maybe? Flyers everywhere makes us look trashy.
- 658 Nov 3, 2010 3:06 PM very noisy in there with tutoring going on constantly. In addition, the students need more open computer labs. The ones in the library are always packed. Since both of these areas are under the Learning Center, It would be good to have an addition that is just a learning center complete

- 660 Nov 3, 2010 3:16 PM Carpets cleaned on a regular basis. Electronic signage.
- 661 Nov 3, 2010 3:20 PM more comfortable places to meet with students/groups of students on a regular (no reservation needed) basis. The A/B Courts and the space in front of the coffee house are ok, but they are often (necessarily) re-arranged for various events without prior indication which eliminates them
- 662 Nov 3, 2010 3:22 PM Keep smoking away from doors. Even when inside and the door opens you can smell it. When you have health issues, this is a big deal. When something something to printing the whole process should be electronic. We now can send the item but still have to do a manual paper building. It would also be nice to create a study or reference area at the south end of the building. An upgrade to the seating area in Lancers would be nice. Booths or little conversation

- 727 Nov 4, 2010 12:28 AM I think we need to improve on the clean-up. There's always a mess everywhere. No one does anything to help this problem. I don't think we need to post up signs everywhere to remind people but I'm sure it does get noticed. Other than that the place is nice. It's a great campus. Students consistently ask why we do not have a cadaver facility even though we have several allied health programs and a nursing program. There are no study rooms for students of biology.

- 729 Nov 4, 2010 12:53 AM More plants outside. More student artwork inside.
- 730 Nov 4, 2010 12:56 AM upgrade technology
- 731 Nov 4, 2010 2:06 AM One area I feel could use improvement is the BookStore. Generally it is OK during the year but at the beginning of a session when it seems like every student is getting thier school supplies the lines can get pretty long at the checkout counter and seem to move slowly.
- 732 Nov 4, 2010 2:18 AM Consistency in computer upgrades...it seems that the process is rather ongoing - with some rooms getting upgrades...then the room next door getting it 2 months later.
- 733 Nov 4, 2010 2:21 AM HAVE THE SCHOOL BUS DRIVERS PARK AWAY FROM THE TRAFFIC LANES THAT GOT TO THE SCHOOL.
- 734 Nov 4, 2010 2:21 AM Listed above.
- 735 Nov 4, 2010 2:24 AM More parking.
- 736 Nov 4, 2010 2:26 AM N/A
- 737 Nov 4, 2010 2:30 AM Improved parking lot lighting, and HVAC systems.
- 738 Nov 4, 2010 2:34 AM Make wifi network available in all buildings.

- 763 Nov 4, 2010 12:36 PM I would like to see the needs of handicapped students met. I would like to see work areas that are ergonomically correct, not retrofitted half-heartedly. I would like to see the infrastructure improved to solve electrical and lighting issues, to name two.
- 764 Nov 4, 2010 12:45 PM Road improvements to the entrance and more comfortable study and common areas that would keep a student at CLC to complete work and study.
further away from the building would be nice...maybe it would help!!
□
- 765 Nov 4, 2010 12:57 PM Maybe a few more signs inside the facility directing students/visitors to the bookstore and library.
- 766 Nov 4, 2010 1:04 PM Auditorium need more seating.
- 767 Nov 4, 2010 1:14 PM So far so great.
- 768 Nov 4, 2010 1:14 PM food; install swipe readers for unlocking doors; install more security cameras in building and parking lots (cameras that actually work well enough to deter crime and help solve crimes); improve current parking and directional signage and add additional signage (it's not clear to
- 769 Nov 4, 2010 2:07 PM Nothing
- 770 Nov 4, 2010 2:11 PM More lightening in some areas
- 771 Nov 4, 2010 2:12 PM Larger, more physically accessible and student friendly areas for both the Health Center and the Office for Students with Disabilities.
- 772 Nov 4, 2010 2:22 PM One real "MAIN" entrances. The current main entrance has no parking near it, and is not really a main entrance. Also, the academic advising office is small, cramped and not inviting to students.
- 773 Nov 4, 2010 2:23 PM Wore walks and running paths, more warm and inviting buildings and rooms
- 774 Nov 4, 2010 2:23 PM Replace the old desks!!

- 775 Nov 4, 2010 2:46 PM Don't know what can be done.
- 776 Nov 4, 2010 3:06 PM Move student parking closer to the buildings and hire a dog or something to control the geese population and prevent it from leaving its mark.
- 777 Nov 4, 2010 3:08 PM none
- 778 Nov 4, 2010 3:20 PM more coffee stations. cleaner microwave campus. While I'm spending non-existent money, an underground parking structure beneath an existing parking lot would change none of the views of the natural surroundings, yet offer inside parking linked to the building. A boy can dream....
- 779 Nov 4, 2010 3:29 PM
- 780 Nov 4, 2010 3:51 PM It would be nice to have more tables and/or chairs around in the hallways.
- 781 Nov 4, 2010 3:59 PM A few more internet-connected computers in the library would be helpful.
- 782 Nov 4, 2010 4:01 PM I would like to suggest making some of the busy offices larger and possibly adding more areas for relaxation.
- 783 Nov 4, 2010 4:26 PM Somehow improve parking so students don't have to park so far away. And the food served in the cafe can be better.
- 784 Nov 4, 2010 4:37 PM I would like more parking close to the technology building. []
[]
- 785 Nov 4, 2010 4:47 PM I would like a quiet area with computers in the library--say, on the upper floors. better desk, more garbage can in class rooms, quieter computer labs and more of them nicer math tutors in the tutor center. less flushing in the bathrooms, the t wing look a little better. we pay a lot for classes let beef up the class rooms
- 786 Nov 4, 2010 4:57 PM I'm not very picky I guess

- 799 Nov 4, 2010 8:04 PM More help when lost or needed
- 800 Nov 4, 2010 8:10 PM Probably just make more spaces to park
- 801 Nov 4, 2010 8:24 PM For the winter, I believe you should provide a shuttle bus from the parking lot to the school. I would also like to see more computers open or more computer labs open for use.
- 802 Nov 4, 2010 8:51 PM A couple parking structures need to be added. One should be connected to Buildings B&C and the other should be by connected to Building T.
- 803 Nov 4, 2010 9:17 PM I think the grounds could use more trees. It would be a nice thing to have.
- 804 Nov 4, 2010 9:24 PM Better tables in quiet study area in library.[]
More quiet study areas.
- 805 Nov 4, 2010 9:57 PM Better room labeling and signage to direct visitors/students. More fine-tuned HVAC in the A-wing to keep a more comfortable working environment. Better lighting/projectors/chalkboards in classrooms that are constantly maintained to high standards for a good learning environment.
- 806 Nov 4, 2010 9:59 PM 2. ALL smart classrooms fully equipped, including document cameras (University Center is a good model)[]
3. Re-decorate Lancer's[]
- 807 Nov 4, 2010 10:17 PM nothing:)
- 808 Nov 4, 2010 10:23 PM Less grass and more useable space outdoors.
- 809 Nov 4, 2010 10:47 PM Additional parking.
currently working on it right now. i also think that there should be more security in the parking lot,
- 810 Nov 4, 2010 10:49 PM like cameras because a number of people i know have had their cars damaged/hit and run and had no evidence who did it.

- 811 Nov 4, 2010 11:31 PM have the library and computer labs open more longer and/or open sooner (before 8 a.m.)
- 812 Nov 4, 2010 11:35 PM more help in the help center
The work out center to stay open later, move the parking lots closer to the school :). More industry equipment, ie a cmm machine for the cnc room and training on it. As well as a
- 813 Nov 4, 2010 11:38 PM meterology courses. The library to be open later and have atleast one weekend day.
green. everything looks tired. better lighting in the atrium at nite would be great. or at least doll the place up a bit. put in some faux wrought iron street light or something, make it look like a
- 814 Nov 4, 2010 11:45 PM cheerful outdoor cafe. ☺
- 815 Nov 5, 2010 12:00 AM Only more convenient parking.
- 816 Nov 5, 2010 12:11 AM It kind of seems like it's a little "behind the times." Things could be updated, or made to look more modern/newer, and also more comfortable.
- 817 Nov 5, 2010 12:21 AM See #4
- 818 Nov 5, 2010 1:15 AM There should be tables in the classrooms rather than the desks with 72 square inches of surface area. Especially for book and note intensive classes. Ridiculous!
- 819 Nov 5, 2010 1:22 AM The administration offices (ex: fin. aid) could be staffed a bit heavier during VERY busy times of the year!!!
- 820 Nov 5, 2010 1:34 AM more security in the parking lots
- 821 Nov 5, 2010 1:56 AM get somebody to run financial aide that can actually answer questions and help students.
- 822 Nov 5, 2010 2:25 AM the library computer keyboards are so dirty, looks they are never dusted or cleaned. I always thought libraries were a " quiet"place sometimes it is so noisy.

- 823 Nov 5, 2010 3:39 AM More appealing landscape. An updated study/library area with more outlets for laptop connections.
- 824 Nov 5, 2010 4:29 AM bigger bookstore and nice cafeteria
- 825 Nov 5, 2010 11:07 AM NA
- 826 Nov 5, 2010 12:55 PM There is not enough security cameras. Campus safety is a great concern for me.
- 827 Nov 5, 2010 1:21 PM I have been in some classrooms where the temperature has been quite cold. The worst was when I took a Saturday morning class in the spring semester. The room was always cold.
- 828 Nov 5, 2010 2:46 PM There are some dark areas on the student's parking lot facing Washington street it would be nice if there were more light there.
- 829 Nov 5, 2010 2:49 PM none at the moment
- 830 Nov 5, 2010 3:34 PM much paved space). More places for students to gather in small groups (with outlets for their laptops and technology). Enlarge the daycare facility so they can take more kids and will have room for infants (there are only 4 spots open at the tech campus and they are always full).
- 831 Nov 5, 2010 4:48 PM more native plants around instead of grass and lawn, use prairie, maybe some maps of building
- 832 Nov 5, 2010 4:55 PM Classrooms really need better technology.
- 833 Nov 5, 2010 8:10 PM Suggest relocating the dumpsters in front of the Job Center elsewhere. Seeing 2 overflowing dumpsters while walking to the main building is kind of a turn off.
- 834 Nov 5, 2010 8:47 PM HVAC NEEDS to be updated in the older buildings! We could use a parking garage. Technology in classrooms should be consistent from room to room.

- 835 Nov 5, 2010 8:55 PM Please put in eco-friendly electric hand dryers in the bathrooms. Paper towels are wasteful. strategically positioned, clearly visible, easy to read and follow, and aesthetically appealing.
- 836 Nov 5, 2010 9:21 PM Plant large trees to enhance landscaping and provide shady areas with nearby student/visitor seating and that will provide more of a cozy and "green" environment common to residential
- 837 Nov 5, 2010 9:24 PM Bigger parking space and whiteboards strategically positioned, clearly visible, easy to read and follow, and aesthetically appealing.
- 838 Nov 5, 2010 9:25 PM Plant large trees to enhance landscaping and provide shady areas with nearby student/visitor seating and that will provide more of a cozy and "green" environment common to residential
- 839 Nov 5, 2010 9:43 PM cleaner classrooms
- 840 Nov 5, 2010 10:00 PM Add more maps or directories of the campus inside buildings or make signs clearer.
- 841 Nov 5, 2010 10:16 PM LIGHTING i cant repeat it anymore. and Parking and making the school as much like the Twing as possible its a wonderful facility and maybe some more computers in the library on the second level.
- 842 Nov 5, 2010 10:33 PM Maybe a Taco Bell? haha
- 843 Nov 5, 2010 11:55 PM Build more dance studios, add more electrical plugs.
- 844 Nov 6, 2010 12:18 AM More outlets. Larger areas to cater to students doing homework. More labs specifically for digital art students.
- 845 Nov 6, 2010 12:47 AM In regards to parking, it needs MAJOR improvement. It's hard to get as close to the doors as possible and that means it's a very cold, long walk in the winter. Too bad there weren't any heated parking garages with an enclosed walkway connecting them to the main building.
- 846 Nov 6, 2010 12:51 AM Washrooms need to be freshened. Women's Bldg. B is always bad.

- 847 Nov 6, 2010 1:42 AM The bathrooms definitely need to be updated, especially around the A wing and D wing.
Some improvements that I would like to see is maybe having more comfortable desks in every
848 Nov 6, 2010 2:54 AM room. Some of the rooms with plastic desks can get uncomfortable if you sit in them for an
extended period of time. I would also like to see maybe adding a swimming pool on campus.
- 849 Nov 6, 2010 3:17 AM better gym is all
- 850 Nov 6, 2010 4:07 AM Improve the appearance of the A and B courts[]
Update all signage throughout the campus
- 851 Nov 6, 2010 4:13 AM A large garden area would be great!
- 852 Nov 6, 2010 6:37 AM None.
I think the smoking section should not be near the main doors where people enter into the
853 Nov 6, 2010 2:35 PM building such as near the parking lots. Smoking sections should be near other exits such as the
exit near the downstairs lunchroom.
- 854 Nov 6, 2010 3:14 PM Larger classrooms in the older sections of the campus.
- 855 Nov 6, 2010 3:48 PM Parking lots and more quiet spaces.
- 856 Nov 6, 2010 4:03 PM Maybe some new paint or some art work to warm it up, it is kind of gray/brown inside.
- 857 Nov 6, 2010 4:11 PM Better rooms for club meetings, the glass room is too small
- 858 Nov 6, 2010 4:33 PM A cleaner environment and maybe staff who cares more about the students.

- 871 Nov 6, 2010 10:54 PM Better bathrooms
- 872 Nov 6, 2010 11:19 PM cleaner bathrooms, cafeteria needs to be kept cleaner, and ready made sandwiches are not always fresh.
- 873 Nov 6, 2010 11:36 PM I would like to see all of the large "spots" removed from the sidewalk areas outside of the "B" and "C" entrances. These buildings are very nice, but the outside areas look unkept because of the things that have been dropped on the walkways over the years.
- 874 Nov 7, 2010 12:16 AM Faculty offices, upgrades to classroom seating and some computer lab desks, remodel for Lancer's.
- 875 Nov 7, 2010 4:48 AM some classrooms still have desks I used in middle school in the 1980's.
- 876 Nov 7, 2010 5:42 AM Heat in the D- wing. sixty-nine degrees would suffice.
- 877 Nov 7, 2010 7:00 AM Bathrooms could use a bit of updating if possible. Somehow making the temperature uniform throughout the college, or at least the upper and lower floor classrooms of each wing. Addition of parking space.
- 878 Nov 7, 2010 7:18 AM MORE PARKING FOR EMPLOYEES....IN THE TECH AREA.....
- 879 Nov 7, 2010 8:05 AM A college pool would be extremely great!
- 880 Nov 7, 2010 4:19 PM More paintings or sculptures.
- 881 Nov 7, 2010 5:06 PM I don't see how the parking issue can be resolved without a lot of construction.
- 882 Nov 7, 2010 6:46 PM Other than the parking lot improvements, I think that the counseling area could be organized a bit during busy times of the semester. Sometimes, it feels as though there is no organization.

- 883 Nov 7, 2010 6:51 PM The only problem I could foresee in the future would be an issue with parking. From what I have heard, enrollment has greatly increased and parking could be an issue in the future.
- 884 Nov 7, 2010 7:08 PM Parking around the perimeter of the building! A warmer feel when you walk in and in study areas. It is very sterile feeling!
- 885 Nov 7, 2010 7:22 PM Just to realize my objective
- 886 Nov 7, 2010 10:40 PM For the science labs there are not enough microscopes for each classroom, usually we have to share and end up disrupting someone else's class time.
- 887 Nov 7, 2010 11:16 PM Maybe get new carpet in some of the older classrooms.
- 888 Nov 7, 2010 11:34 PM better parking, sidewalks or shuttles
- 889 Nov 7, 2010 11:43 PM I think the desks have got to go!! There is no work space on them and it's very difficult to take notes/look at a book or do anything else on them. I think long tables work best, with 3-4 chairs for each. That way students can spread out their work and be more efficient during class time.
- 890 Nov 8, 2010 12:12 AM I would love to see a bus shuttle from the far parking lots during the cold months
- 891 Nov 8, 2010 12:41 AM 'has a job' or money; if anything, we are worse than people who live paycheck to paycheck [unless a student is lucky enough to get a job, have money, somehow get work experience from employers who are looking for people who have work experience for entry-level positions, etc]),
- 892 Nov 8, 2010 12:52 AM Some of the desks can be replaced with new ones.
- 893 Nov 8, 2010 1:07 AM I think the classrooms should have white-boards because they are a lot easier to see from far away and just seem to be less of a hassle.
- 894 Nov 8, 2010 2:07 AM chairs are congregated. I would like a vending machine that offers bottled water on the first floor of Bldg C. The exteriors of the buildings are rather dated and could be "warmer" and more inviting. They are very institutional. Bathrooms with automatic faucets.

- 907 Nov 8, 2010 8:04 PM I would like to see more improvements in the guidance department.
- 908 Nov 8, 2010 8:40 PM Restore the walking area near the D parking lots.
- 909 Nov 8, 2010 11:22 PM I would like to see more quiet/study areas, or simply places where people can hang out and talk.
- 910 Nov 8, 2010 11:34 PM One improvement I would like to see is bigger parking lots. I feel like I always have to park so far away, and these lots seem to appear smaller each semester that passes.
- 911 Nov 8, 2010 11:44 PM n/a
- 912 Nov 9, 2010 2:10 AM Some areas are outdated.
Should start a shuttle/bus route/system that serves the whole campus area. ex: from the main building to the University Center, Fire Station or fitness center. Also, the nurse, police/security
- 913 Nov 9, 2010 2:22 AM offices should be located closer to the center of the main building.
- 914 Nov 9, 2010 2:26 AM Add tables to all classrooms, get rid of small desks.
- 915 Nov 9, 2010 4:10 AM more parking closer to campus, more places to print documents
- 916 Nov 9, 2010 4:42 AM More informative signs, building directories, and more vibrant colors to revamp the school.
More areas for student to gather. Especially in the winter time.... the court yard does not cut it when there is snow and the temperature is below zero. There is also not enough seating in
- 917 Nov 9, 2010 4:44 AM Lancers for that many students to gather
I'd be nice to have a game room, such as table tennis, billards table, etc. with television. It'd be extremely helpful to keep student relaxed after many studying hours.¶
- 918 Nov 9, 2010 5:18 AM For the library: I think there should be more group study rooms that can be reserved for group

- 919 Nov 9, 2010 10:25 AM I would like for staff to take the students evaluations for the teachers a bit more serious. We are encourage to evaluate the teachers, but nothing is being done about their behavior.
- 920 Nov 9, 2010 2:00 PM mentioned above...
- 921 Nov 9, 2010 2:26 PM More focus on improvements to benefit the student/customer. Let's start at the basics, how about well placed DETAILED maps?
- 922 Nov 9, 2010 2:45 PM the main lobby needs to be cleared out of the ponds and made into a seating area with noise restrictions
- 923 Nov 9, 2010 2:51 PM More renewable energy installations; focus on sustainability that is visible so students and the community can visit, explore the technology or effort, and learn alongside it.
- 924 Nov 9, 2010 2:52 PM More parking lots.
- 925 Nov 9, 2010 2:52 PM More buildings/ classrooms/ lab space. industrial Arts multi use facility
- 926 Nov 9, 2010 2:53 PM HVAC renovation to the A and B mods.
- 927 Nov 9, 2010 2:54 PM More facility parking
- 928 Nov 9, 2010 2:54 PM We need more benches in open areas for students and faculty to sit and enjoy nice days. The walls are very dirty, floors looks very old, A, B, C and D wings looks old and all the posters hanging out does not look good,
- 929 Nov 9, 2010 2:56 PM thought put into making power available in classrooms where future students could plug in laptops. I would like to see more collaborative study spaces that include flexible furniture, a large screen monitor/TV in a setting for 4 to 6 students could work together on a collaborative project. I
- 930 Nov 9, 2010 2:57 PM Students need more space to meet and hang out that is not in the main area where people walk.

- Garbage cans in every classroom.[]
 Make all the smart classroom technology as well maintained at the rooms in the T building.[]
- 931 Nov 9, 2010 3:02 PM More study spaces for students. When I was an adjunct, I had a hard time trying to find a quiet
 * Create a couple more meeting spaces for student group meetings[]
 * Have faculty offices closer to their divisions[]
- 932 Nov 9, 2010 3:05 PM * Comfortable temperatures in offices
- 933 Nov 9, 2010 3:07 PM I definately would add additional seating and tables for the students and some additional lighting
 in the remote areas especially in the T-Wing areas.
 Although I marked that I am satisfied with the parking lots, I was referring to their upkeep.
- 934 Nov 9, 2010 3:10 PM Parking is definitely an issue on the Grayslake campus. Not enough spaces. What about a
 parking garage?
- 935 Nov 9, 2010 3:11 PM More work space and computers for staff.
- 936 Nov 9, 2010 3:25 PM The planting of more trees. I believe the Arbor Day Foundation has a program to encourage[]
 the planting of trees on school grounds. Of course, CLC's horticulture or biology departments[]
 might have some ideas.
- 937 Nov 9, 2010 3:28 PM There should be an area with comfortable chairs for the students to congregate.
 Smoking farther away from the doors. More areas like the Japanese garden area twould be
 nice. Maybe an indoor area like this for the winter. Lancers could offer some different options
- 938 Nov 9, 2010 3:35 PM for food - more variety.
 lounge/area, make the main lounge into a utilized space, have stricter smoking regulations or
 prohibit smoking altogether, and create a system to prevent over-crowding in the courts during
- 939 Nov 9, 2010 3:40 PM activities/events.
 have entered a classroom to teach in the afternoon or evening, only to find papers from other
 professors, desks moved or re-arranged in ways that do not make sense for my class, writing on
- 940 Nov 9, 2010 3:45 PM the chalkboard or white board, etc.
 size it is now. I would like to add while I have the opportunity that I dont believe that temp
 employees should have parking passes. We have approx. 75 issued in our department. I am
- 941 Nov 9, 2010 3:53 PM sorry but they may only be on campus for a few hours but here at eight am to take up a parking
 of students and staff that come through here. Paramedics have difficult time in emergency
 situations due to close quarters/narrow hallways and getting in the door is almost impossible if
- 942 Nov 9, 2010 3:54 PM there are more than one or two students in the reception area. Disabled students with adaptive

- 943 Nov 9, 2010 3:55 PM There is not anything that I currently have in mind that I feel should be changed.
- 944 Nov 9, 2010 4:06 PM Parking is still an issue. I know there are many student lots around the campus, but it is not enough. More student parking would improve the grounds tremendously
- 945 Nov 9, 2010 4:21 PM Don't remove the Kanwischer sculptures from the walls in the entryway with double stair!!!
- 946 Nov 9, 2010 4:34 PM Make the entire campus non-smoking.
road improvements, central entrance, more outdoor space
- 947 Nov 9, 2010 4:44 PM I also commented on the need for more marked pedestrian crosswalks. I should add that more signage is required. Many times I see cars not stopping for pedestrians. We do receive emails telling us to stop; however, that is often not the case.
- 948 Nov 9, 2010 4:54 PM some more quiet study areas other than just the reading room
- 949 Nov 9, 2010 4:57 PM keep supporting natural areas improvements. make it so that non-smokers can also go outside and not be engulfed in a giant cloud of smoke.
- 950 Nov 9, 2010 4:59 PM Additional handicap spots nearer to the tech bldg/library.
- 951 Nov 9, 2010 5:08 PM The dance floors for dance classes should be nicer. A few of my classmates have fallen because it's not sturdy enough.
- 952 Nov 9, 2010 5:11 PM Lighting in rooms set up so it is dark enough by the PowerPoint screen for students to be better able to see what's on the screen. There are some rooms, such as B257, which have spotlight bulbs over the student seating that used to work well for this purpose, but those lights are not
- 953 Nov 9, 2010 5:14 PM I combined my suggestions with my responses to question #4
- 954 Nov 9, 2010 5:16 PM Exhibition space for the Art Department. This is the only art department I know of that does not have exhibition space as part of the Art Department.

- 967 Nov 9, 2010 6:55 PM Fix things listed in #4 and widen the T-wing stairways.
- 968 Nov 9, 2010 6:58 PM Improvements to the cafeteria.
- 969 Nov 9, 2010 7:20 PM same as 4
- 970 Nov 9, 2010 7:38 PM Better traffic flow in heavily used C Wing hallway, remodeling of Main Lobby, more inviting
Lancers Deli.
- 971 Nov 9, 2010 7:50 PM according to proper horticultural practices (pruning, proper tree rings, etc.). Diversify our prairie
restoration and include this with the overall campus management. We need to have some staff
horticulturists on the grounds staff; our current grounds crew guys are very nice, but too few of
- 972 Nov 9, 2010 7:52 PM Parking lot patrols to avoid thefts etc
- 973 Nov 9, 2010 8:01 PM I would like to see more native landscaping and outdoor areas (smoke free) for classes or for
students to gather.
- 974 Nov 9, 2010 8:05 PM Some kind of a shelter which even during good weather can be used for other activities
- 975 Nov 9, 2010 8:11 PM heat and airconditioning improvements - increased parking - general facelift that moves us from
looking like a 1960s facility
- 976 Nov 9, 2010 8:29 PM I would like to use white boards instead of black boards.
- 977 Nov 9, 2010 8:37 PM Better signage.
- 978 Nov 9, 2010 9:12 PM A second coffee/snack shop would be nice, perhaps staying open until 10:30 PM.

- 979 Nov 9, 2010 9:21 PM I think a better system for visiting the counselors, and thats about it.
