We are all in this *together*

May 2020

Dear Friends,

As College of Lake County wraps up the celebration of its 50th anniversary year, never did we imagine the circumstances we've faced over the last few months. The expressions of humanity, compassion and generosity on display at CLC and throughout Lake County make me proud to be a part of this community. Many of our students were able to continue their learning because of the support of others. Local business partners are continuing to navigate these unprecedented times with the help of expertise from CLC and our key workforce partners. It is gratifying to see the college sustain its operations to support Lake County residents, students and businesses so they can look to the future, grow and learn despite the current challenges.

This summer we hope you and your family take advantage of the wonderful programs and courses available at the college. As you emerge from this spring season, CLC can provide you opportunities to engage in new learning, new professions or new cultural enrichment opportunities. We're all in this together.

In Service,

A handwritten signature in black ink, reading "Lori Suddick".

Lori Suddick
College of Lake County President

learning *never* stops

- ✓ Start a new career
- ✓ Pursue a hobby
- ✓ Open your own business
- ✓ Enhance your skillset

Soon, it'll be summer, but maybe not the summer you previously imagined. It's time to move forward, set goals and think about what you want to accomplish. We have lifelong learning options for everyone, including online courses, because learning *never* stops.

Small Business Workshops

Apply, Register and Pay

These classes will plan to run unless other determinations are made based off of the current health climate and pending regulations. No student will face a financial penalty if the courses need to move to an alternative delivery format or are canceled.

Arts, Entertainment, and Hospitality

Are you the person that always knows the best restaurants and events in Lake County? Come be part of the action! Whether you dream of working at a local brewery, creating fine dining meals or anything in between, these courses may be for you.

SERVSAFE FOOD PROTECTION MANAGER CERTIFICATION

This course will prepare you to be certified or re-certified through the National Restaurant Association ServSafe Foundation. You will cover all major sanitation points, including how food becomes unsafe, proper precautions, personal hygiene, food contamination, regulations and inspection standards. The nationally recognized ServSafe Exam is given as part of this course. Upon successful completion of the ServSafe Exam, you will receive a copy of your ServSafe Food Protection Manager certificate, which is nationally recognized.

Note: As of January 1, 2018, the Illinois Department of Public Health will no longer require a state FSSMC certificate.

A textbook is required and may be purchased in the CLC Bookstore prior to class. **Note:** It is highly recommended that students read the textbook and review chapter quizzes prior to class in order to prepare for the certification test at the end of the course.

Thursday, August 6
8:30 a.m. to 5 p.m.
1 Session
Grayslake Campus, E119
\$425 A. Kaufman

Are you a licensed PMP?

PMP holders need to earn 60 professional development units (PDUs) over three years to maintain the credential. If you are looking for a convenient way to refresh your skills and earn PDUs, sign up for Essentials of Project Management and Advanced Project Management and earn 14 PDUs for each section. Call (847) 543-2990 for more information.

Note: Experience, education and exam requirements are needed to obtain PMP certification in addition to the project management education fulfilled by the three courses offered here. For more information, visit www.clcillinois.edu/professional/projmgmt.

Real Estate

BROKER PRE-LICENSING TOPICS ONLINE

This 60-hour course will prepare you for the educational requirements to obtain your broker's license in Illinois. Course topics include: introduction to the license law and real property; basics of agency, seller and buyer relationships and counseling; local, state and federal laws effecting real estate; brokerage, marketing and advertising; market analysis and appraisal; financing, contracts, independent contractor and employee status, occupational disciplines and business planning.

This Internet-based class is offered as an option for completing the 60 hours of the broker pre-licensing curriculum without having to attend class meetings. Students can access the Internet learning portal 24 hours a day and reach out to the instructor M-F. A Zoom Webinar Orientation is required on Monday, June 8 from 5:15-6:15 p.m. and students will be required to take their final exam on campus or proctored over the internet. Exam delivery will be determined by CLC policy on live meetings.

BEAUTIFYING A HOME WITH THE RIGHT COLORS

For a home to look its best, it should have paint colors that complement the finishes in the home. Studies have shown that the wrong paint colors are one of the top five reasons that people will not be interested in a home. Many people take a "one color fits all" approach to selecting paint colors, but every home is unique and needs just the right colors to create maximum appeal. Whether you are buying or selling a home or simply redecorating, this course will help you to select paint colors that bring out the best in the home.

A complete list of Professional Development's online classes is available at www.clcillinois.edu/professional/onlineclasses. These courses are instructor-led, online courses that are provided by one of our learning partners. You do not need to have a CLC student ID number to enroll, as all registration and payment will be handled by the learning partners. These courses are not accessed through Canvas; you will receive log-in information after enrollment. Questions? Call (847) 543-2990 or email professionalworkshops@clcillinois.edu.

Education and Social Sciences

Designed for those looking to keep up-to-date on current trends in teaching or build on their vocational skills, these courses are perfect for current educators and those that love to learn.

Personal Success Program

The Personal Success Program (PSP) offers a variety of vocational courses to meet the needs of students 18 years and older with mild to moderate cognitive impairment. The program's focus is on gaining vocational skills to acquire entry-level employment.

Each class is led by a content expert who has experience teaching people with disabilities. A special education teacher is present in most classes to provide additional support. The curriculum is designed to be delivered at a level and pace appropriate to each student's needs.

All new students must be interviewed by the program coordinator to determine eligibility prior to enrolling in classes. For a new student interview, please call (847) 543-2990. Visit www.clcillinois.edu/professional/personalsuccess for course information and a summer 2020 registration form.

CAREER EXPLORATION

Explore the world of work with such topics as getting and keeping a job, employment readiness, time management skills, getting along with coworkers and supervisors, team building, career exploration, job searching techniques, completing an application and resume and interview skills. This program is the core of the personal success program and is recommended for first-time participants. This class will have online delivery via Zoom with a dedicated virtual classroom time where students and instructors connect together at the same time in their virtual classroom space.

Teacher Education PDs

NEW! DEVELOPING STEM COMPETENCIES THROUGH ROBOTICS

This two-day course provides middle and high school educators an introduction to using Tetrax robotics kits to for competition. The intended audience is teachers who plan to coach or mentor teams in the Lake County Robotics Competition (LCRC). This is a hands-on class in which participants will both learn about and assemble structural components, motors, servos, gears, power supplies and more. Basics of digital fabrication as applied to robotics assembly will be discussed, including lasers, 3D printing, CNC routers and electronics.

Essentials of the IDE interface and use of existing Arduino block coding to control the robots will be reviewed. Participants who complete the course and are interested in entering a team into the next year's LCRC will receive a loaner kit worth \$1,500 for use with their team, which significantly lowers the cost to participate in the competition. Enrollment is limited to eight teams of one to two people.

This course will be offered via Zoom if live meetings continue to be on hold.

Eligible for 15 PDs for teacher continuing education.

NEW! FORENSIC CLASSROOM: ENHANCING STEM PROFICIENCY WITH DETECTIVE SCIENCE

Forensic Classroom is a six-day workshop program for educators who want to use crime scene investigation content material to engage their students in the science curriculum. This hands-on program will help educators understand the tools, techniques and scientific principles of crime scene investigations.

Forensic Classroom goes beyond simply providing information about criminal investigations. The course material is designed to assist teachers in meeting the National Science Education Standards for developing meaningful, high-interest, inquiry based classroom activities involving real-world problem solving.

During the course of this workshop, participants will draw on the practical knowledge and abilities of experienced law enforcement officers in order to become familiar with content area material that will

captivate the imagination and interest of their students. Participants will have the opportunity to work with and learn to use various crime scene processing equipment, be exposed to real-life crime scene examples and will learn practical exercises that they can immediately take back to the classroom.

While developed to assist with programs at the high school level, any teacher using crime scene investigations as a means of educating their students will benefit from this workshop.

Eligible for 48 PDs for teacher continuing education.

Pharmacy Technician Training

You can begin your career in healthcare as a Pharmacy Technician. Pharmacy Technicians are in demand and job growth will continue to increase 12 percent by 2026. Technicians work in a variety of settings, that include pharmacies, hospitals, clinics, assisted living facilities, retail stores and mail-order pharmacies. They are responsible for receiving and filling prescriptions under the supervision of licensed pharmacists as well as performing duties such as maintaining patient profiles, answering phones and working the register. This program will provide you with the knowledge and skills for an entry level position and prepare you to pass the national certification exam required of all pharmacy technicians in the State of Illinois. Textbooks are required and are available for purchase in the bookstore.

Program requirements: High school diploma or G.E.D, basic 9th and 10th grade math (algebra), Proficiency in English (verbal and written communication skills), no prior criminal record, 18 years old (some exceptions), hand to eye coordination and finger agility.

This is an online course that requires using Canvas and Zoom.

Continuing Education Certificates

We are proud to partner with The University Center in offering Certificates to support continuing education needs. As a consortium-based center located on the CLC Grayslake campus, academic programs from across public and private universities are brought directly to students through online, in-person or hybrid classes.

The University Center and Professional Development are both committed to continuous and life-long learning opportunities in constantly changing environments. For those searching for ways to advance their skillset beyond the baccalaureate degree, these Certificates offer solutions to diversify skills for today's workforce.

Please note that these classes are not accessed through Canvas.

Please be sure to check your email for instructions on how to access your courses.

Professional Development Online Classes FAQs

1. **How will I know that a course will be online?**
The course will be listed as an online course when you register and noted in this schedule, as well as on our website. If we need to shift the course to an online format, you will receive an email from CLC staff or your instructor. Check your CLC email regularly for updates. Contact helpdesk@clcillinois.edu for CLC email assistance.
2. **What technology will I need to complete an online course?**
For all online courses, you will need a reliable internet connection. In addition to a connection and device (it is recommended to have a laptop, desktop or tablet), some courses may require additional software downloaded or a second device to practice on while viewing live instructions. Please check your CLC email regularly for requirements from CLC staff or your instructor.
3. **What if I don't have internet at home?**
If you are using a computer or device off-campus, use a secure Wi-Fi connection with a strong signal. There are several options for free internet access during this time on the CLC website: www.clcillinois.edu/student-services/tutoring-and-academic-support/succeed/lancers-keep-learning
4. **What will an online class be like?**
Some courses will be asynchronous, which means you will watch videos and complete activities on your own time while receiving access to an instructor who can answer questions. These courses do not have specific times listed with them and are available 24/7. Other courses are synchronous. In these classes, you and your classmates will be engaged at the same time as the instructor delivers material on a platform like Zoom. There are specific times associated with these courses.
5. **Who can help me with technology issues?**
CLC is here to help! For technology questions, call (847) 543-4357. Select option #2 and be prepared to answer identity verification questions such as courses taken in previous terms or student ID number. Chat 24/7 is also offered at www.clcillinois.edu/aboutclc/depts/hlp.
6. **What is Zoom?**
Instructors may use Zoom, a video conference tool, for class discussions. To get started with Zoom, you'll need an internet connected computer, laptop, tablet or phone (ideally with a microphone) and a "meeting ID number" or link from your instructor. You might also want to use ear buds with a mic if you have them. This can help reduce background noise.

CLC is committed to the safety and security of online instruction and is constantly adapting to offer the best experience for all users. To help ensure security, a password to enter the Zoom session will be provided to assist with these measures.

Directions on use can be found on the CLC website: www.clcillinois.edu/student-services/tutoring-and-academic-support/succeed/lancers-keep-learning.
7. **What is important for me to remember for synchronous online classes?**
Check your CLC email for details about delivery from your instructor. Take a look at the location and time settings on your computer and email accounts. Since courses are delivered at a specific time, it is important that your device reflects the accurate time zone.
8. **Why are some classes moved to an online format, but others are not?**
We are committed to providing the best quality instruction that complies with industry standards. Some courses, such as those requiring proctored final exams, are not compatible with our online learning methods at this time.
9. **How do I get the book(s) for my class?**
Reach out to the CLC Bookstore to inquire about current process. Full contact information can be found at www.clcbkst.com
10. **Who can I speak to if I have further questions?**
Please email professionalworkshops@clcillinois.edu. Alternatively, you can leave a voicemail at (847) 543-2990 and a staff member will return your call.

Continuing Education Vocational Credits

Continuing Education Vocational Credits do not apply to any degree or certificate program offered at the college in the academic divisions. Vocational credits will not be added to a student's academic credit hours or included in the GPA. Students receive a grade of P (Pass) or N (No Pass). Call (847) 543-2990 for more information.

Illinois Small Business Development and International Trade Center

Beekeeping

NATIVE BEES: PROTECTING OUR POLLINATORS

Help save the bees and discover the importance of protecting native bees, our most important pollinators in nature, whose pollination services are essential to nature and our commercial food production. One of our natives, the Rusty Patched Bumblebee, is on the endangered species list. Learn how to create bee sanctuaries in your own backyard and community. Learn what to plant and why. Learn how bees pollinate and their special relationship with nature and plants. Find out how to protect and preserve them from insecticides, pesticides, herbicides and forms of pollution that are toxic to them. Classroom instruction is augmented with an outside field visit to see real-life pollination. Be a bee protector!

Concealed Carry Licensing

On July 9, 2013, Public Act 98-63, the Firearm Concealed Carry Act, became Illinois state law. This course will satisfy the legal training requirements for eligible residents who wish to apply for permission to carry a concealed firearm. All participants will be required to qualify on the range and will attend classroom topics covering state and federal laws relating to the ownership, storage, carry and transportation of a firearm as well as weapons handling as defined in the statute and administrative rules.

Requirements and Course Information: Participants must be at least 21 years of age and if a resident of the State of Illinois, be eligible to possess a valid FOID card. Basic weapon handling knowledge and experience is recommended but not required.

Those who own a 9 mm or a 38 special will use their personal weapon and provide their own ammunition as part of their range exercises. Based on availability, participants who do NOT own a handgun may be able to rent a weapon at a small additional fee in order to complete the range qualification. Students interested in this option should discuss availability with the instructor at the first class.

The College of Lake County is a weapons-free location.

Students are prohibited by law from bringing firearms to campus. This includes all buildings and parking lots. Students should not bring their firearms on campus or to class. Weapons should only be brought to the final class meeting, which is held at a shooting range.

Prior Training: The 12- and 8-hour training classes are listed as department consent. Prior proof of training **MUST** be received before a student can register for either section. Call (847) 543-2980 for more information. For participants with prior training, please refer to chart at www.clcillinois.edu/personalenrichment/CCL. All documentation or certificates proving completed prior training must be submitted to CLC via email at cpeinfo@clcillinois.edu or delivered in person to Room T317 at the Grayslake Campus no less than five business days prior to the start date of any class.

Additional Range Fee of \$20 to be paid on qualification day. Cash/debit/credit cards accepted.

CONCEALED CARRY LICENSE TRAINING - 16 HOURS

This course will satisfy the legal training requirements for eligible residents who wish to apply for permission to carry a concealed firearm. In this course, firearm knowledge, safety and personal protection will be emphasized in order to gain the appropriate mindset and skills needed for responsibly exercising the right to carry. This training program includes live fire range qualification as well as the required classroom hours which will thoroughly cover the directives and restrictions outlined in the new law. Participants in this class must be at least 21 years of age and if a resident of the state of Illinois, be eligible to possess a valid FOID card. All participants will be required to qualify on the range and will attend classroom topics covering State and Federal Laws relating to the ownership, storage, carry and transportation of a firearm as well as weapons handling as defined in the statute and administrative rules. Students are prohibited by law from bringing firearms to campus. This includes all buildings and parking lots. Students should NOT to bring their firearms to class. Weapons should only be brought to the final class meeting, which takes place at a shooting range. Range time is subject to change.

Engage: Nursing and Healthcare

CAMP SCRUBS: NURSING, MEDICAL IMAGING, SURGICAL TECHNOLOGY AND WELLNESS (GRADES 9-12)

Dreaming of a career in healthcare? Enjoy this four-day career test drive, complete with hands-on lab experience, alongside professional healthcare instructors in four areas: nursing, surgical technology, medical imaging and health and wellness. Learn effective strategies to help you reach your career goals. Look the part of a healthcare professional from day one with your own set of scrubs and stethoscope.

Monday: Introduction to Nursing

Explore nursing concepts and skills in the Simulation Technology Center and Nursing Lab. See how nursing simulation helps students learn in a practice hospital setting, with realistic manikin patients and actual hospital equipment so no one gets hurt. Experience nursing simulation scenarios and asepsis using computerized and static manikins. Learn what asepsis means. Observe and practice nursing skills in a computerized nursing IV game, develop stethoscope skills and learn how naso-gastric tubes work.

Tuesday: Medical Imaging

Learn what bones tell us about human identification. Investigate, evaluate, and document the injury or cause of death by imaging phantoms in the laboratory.

Wednesday: Surgical Technology

Surgical Technology. Explore the surgical equipment and instrumentation a surgical technologist utilizes in supporting the surgical team. See how to set up the operating room for procedures, organize the necessary surgical and sterile supplies and equipment, and maintain the quality, safety, and efficiency of the sterile field throughout the surgery.

Thursday: Health And Wellness

The Summer 2021 Olympics are coming - as is the excitement of watching the best performers in the world. Discover very cool technology designed to enhance health and human performance. Try out some of the latest and greatest equipment, including goniometry (for motion), dynamometry (for strength), sphygmomanometry (for vital signs), and other technology to assess muscle power, reaction time and more.

8988 CENG 1-001

Monday-Thursday, August 3-6

9:30 a.m. to 12:30 p.m.

4 Sessions

Grayslake Campus

\$195 R. Hawarny, J. Durso,
E. Eggler and L. Aguilar

CAMP SCRUBS: DENTAL HYGIENE, MEDICAL ASSISTING, PHLEBOTOMY, NURSE ASSISTING

Dreaming of a career in healthcare? Enjoy this four-day career test drive, complete with hands-on lab experience, alongside professional healthcare instructors in four areas: dental hygiene, medical assisting, phlebotomy and nurse assisting. Learn effective strategies to help you reach your career goals. Look the part of a healthcare professional from day one with your own scrubs top.

Monday: Dental Hygiene

See how hygienists practice in a dental hygiene lab with realistic manikin patients and actual dental equipment.

Tuesday: Medical Assisting

Discover how medical assistants support doctors, patients and other healthcare professionals.

Wednesday: Phlebotomy

See how this field is critical to the diagnosis and treatment of disease. Learn the secrets to finding a good vein. Practice patient interaction.

Thursday: Nurse Assisting

Find out what is involved in this ever-growing career field. Learn to help and support patients and other healthcare professionals in a variety of settings.

This experience is available exclusively at CLC's Lakeshore Campus.

8910 CENG 13-011

Monday-Thursday, August 10-13

9:30 a.m. to 12:30 p.m.

Engage: Driver Safety for Teens

ALIVE AT 25 (AGES 16-18)

Lack of experience coupled with peer pressure and risk-taking behavior, means a heightened crash risk for teens. Driver Education at school and the Graduated Driver Licensing (GDL) program are effective, but you can benefit from an additional layer of training on decision making. Alive at 25 is a highly interactive program that teaches you how to make safe, respectful, and legal driving decisions. Learn how to take control of situations by taking personal responsibility for your own actions, attitudes and driving behaviors.

This award winning program was created by the National Safety Council. Be sure to check with your insurance agency for possible discounts upon presentation of the completion certificate. Visit www.nsc.org for additional information.

Visit www.ed2go.com/clc for a
complete list and to register.
See page 35 for details.

Steps to Apply, Register and Pay for Noncredit Courses

1. Apply for Admission

- Students who wish to take a Professional Development or Personal Enrichment course need a CLC student ID prior to registering.
- To get your CLC ID, please complete the Student Admission Form at www.clcillinois.edu/apply
- When your application has been processed (usually within one business day), you will be given a CLC myLogin username and temporary password as part of the admission process. If you provided an email address on your application your username and password will be emailed to you in two separate emails. All new students will also receive an official admission letter with their login information via U.S. mail.
- Once you have your username and temporary password, you can set up myLogin.
- If you need login help, contact the ITS Service Desk at www.clcillinois.edu/helpdesk or call (847) 543-HELP (4357).

2. Steps to Register Online

- If you already have your CLC ID, you may register online through the myCLC student portal. After entering your login, select the "Student Center" option to be taken to the student registration system.
- At myCLC Student Portal click on "Search for Classes."
- Specify the semester and then a subject to view the classes available.
- When you find the specific open class section you want click "Select Class" and add it to your shopping cart.
- Click on "Shopping Cart" check the box next to your selected class and click enroll.
- When you want to add or drop a class, check for a "Success" or "error" message.
- Register for classes at www.clcillinois.edu.
- For more information, visit www.clcillinois.edu/admission.

3. Steps to Register by Phone

- In order to enroll in a noncredit course over the phone, students must have already completed the CLC application and allowed time for processing.
- If information on student account is outdated or invalid, enrollment requests cannot be completed until information is corrected in the system.
- To enroll in a Personal Enrichment course, call (847) 543-2980.
- To enroll in a Professional Development course, call (847) 543-2990.
- Hours of operation for both departments are Monday-Friday, 8 a.m. to 4:30 p.m.

4. Pay Tuition and Fees

- Payment plans are available for noncredit classes.
- Noncredit classes are not eligible for Financial Aid.
- Log into myCLC to view your billing statement and class schedule.
- Paper billing statements are no longer mailed to your home. Email notifications will be sent to your student email once your statement is ready to view on myCLC.
- A billing statement will be sent only on unpaid accounts. It is the responsibility of the student to meet payment deadlines. Again, establishing a payment plan or paying for a class should occur prior to the first day of the class regardless of when the student enrolled in the class.
- Visit www.clcillinois.edu/paying-for-college/how-to-pay for more information.

Withdrawals

- Students who do not attend or do not plan to complete a class they have enrolled to take are responsible for officially dropping the class.
- Students who do not attend or stop attending class, but do not officially drop, will remain responsible for all tuition/fees for the class.
- Tuition and fee refunds will be issued to eligible students based upon the effective date of withdrawal, which is recorded in the system at the time the student drops the class.
- The official deadline for dropping or for withdrawing is defined individually for each class.
- If you find you have been dropped from a noncredit course and you did not request to be dropped, please call the appropriate department for that course (Personal Enrichment or Professional Development).

Refund Schedule

- To check the deadline dates, log on to myCLC and choose "My Class Schedule." When your schedule appears, click on the calendar icon next to the class, and the deadline dates will be displayed. These dates are also displayed in the schedule of classes.
- If you are not sure of the deadlines, please check with the Office of Registrar and Records at (847) 543-2061.

Refunds for Semester-long Classes

- Withdrawal on or before start of class = 100 percent refund
- Withdrawal before 15 percent of class time passes = 100 percent refund
- Withdrawal after 15 percent of class days pass = no refund

Refunds for One-day and "Series" Classes

- Withdrawal the day before class = 100 percent refund*
 - Withdrawal on or after day of class = no refund
- * Exceptions: Due to the nature of some noncredit courses, cancellations with a full refund are only made up to seven business days before the class. After that no refund is possible.

Senior Citizens

All in-district residents who are 60 years of age or older at the time of registration may enroll in vocational credit courses (1.6 vocational credit) offered by Professional Development at one-half the regular tuition rate with all other fees remaining unchanged. The senior citizen waiver does not apply to Personal Enrichment classes.

Room assignment

Please check your schedule for any updates to room assignments by logging in to MyCLC and checking MyStudentCenter prior to the class start date.

Clergy Act

The College of Lake County is committed to maintaining a safe and secure educational environment. This report is available on the CLC Police Department website at www.clcillinois.edu/clergy.

Summer Hours

All CLC campuses will be closed on Fridays and Saturdays from June 8 to July 31. During this time, office hours of operation will be Monday-Thursday, 8 a.m. to 4:30 p.m.

Courses start at various dates throughout the term; some courses begin as late as August. Keep this schedule handy and refer to it through August 2020. The information contained within is accurate as of April 2020, but is subject to change.

These classes will plan to run unless other determinations are made based off of the current health climate and pending regulations. No student will face a financial penalty if the courses need to move to an alternative delivery format or are canceled.

Save lives with defensive driving

Judicial Services offers opportunities to improve your future and the future of your community through courses, workshops and volunteer opportunities.

Partnering with the 19th Judicial Circuit Court for over 25 years, Judicial Services offers the National Safety Council's award-winning Defensive Driving Courses including the "Alive at 25" program.

Distracted driving is on the rise. Motorists of all levels can benefit from learning defensive driving skills. Register for a course today.

"I just missed being killed by about three seconds."

– Christine Burke praising CLC's defensive driving course.

Christine Burke of Lake Barrington enrolled in our Defensive Driving Course. While driving less than a week later, she used a lesson from the course to narrowly avoid getting smashed broadside by a car that ran a red light.

Burke said that she hesitated at the intersection, recalling a tip she learned in the defensive driving course called "delayed acceleration" waiting two or three seconds before entering an intersection if yours is the first car there. She credits this decision with saving her life.

WE WANT TO BE YOUR TALENT DEVELOPMENT PARTNER

Use this time of transition to upskill your workforce with CLC, your talent development partner

With continually changing work environment, preparing your organization with proficiencies is a smart strategy. Whether you want to improve skills, or you need to develop a specific group, we have the expertise to provide a solution.

Multiple Talent Development Services available:

- Talent assessment
- Employee development plans
- Flexible training options
- Customized training crafted to meet your organization's specific needs
- Training delivered onsite, online or at one of our three campuses
- Instructor-led, online or hybrid delivery

I saw the camp director every morning and afternoon and wanted to let her know! My son is enrolled in another camp at CLC and is looking forward to it!"

– Mrs. J., mom of Explore camp student

Schedule subject to change. Online version has most current information. www.clcillinois.edu.

The College of Lake County (CLC) is committed to maintaining an environment free from harassment and discrimination for everyone and does not discriminate on the basis of race, sex, national origin, religion, sexual orientation, gender identity or expression, or any other protected status. CLC complies with the requirements of Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex in any educational, employment, or extracurricular activity. Sexual misconduct, as described in this policy, is a form of sexual harassment, which is a form of discrimination and is prohibited by Title IX of the Education Amendments of 1972. Domestic violence, dating violence and stalking are also prohibited conduct as defined by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as amended by the Violence Against Women Reauthorization Act of 2013. Responsibility for coordination of compliance efforts and receipt of inquiries has been delegated to the Dean of Student Life, 19351 W. Washington St., Grayslake, IL 60030 (847) 543-2288.
