CLC CLASSES
FALL 2021
NONCREDIT COURSES

CHANGING lives.
Dear Friends,

Each season, we hope to highlight how CLC is a resource for you, your family and area businesses. Leading into the fall we are excited to share commitments we’re making around educational partnerships, community & cultural enrichment and workforce solutions intended to benefit all residents.

CLC exists as an affordable option bridging from high school to a bachelor’s degree and that requires seamless transitions with our K-12 and university partners. Earning college credit while in high school is one way we help make higher education accessible, as well as economical. This is called dual credit and it’s a commitment we’ve made for decades across the county. New partnerships through the University Center of Lake County are another demonstration of ensuring students have local and affordable choices to earn a bachelor’s degree after CLC. Check out the latest degree options at www.ucenter.org.

What better way to emerge from this last year but through celebration in the arts? The upcoming year brings a milestone 25th anniversary for the James Lumber Center for the Performing Arts. We are taking important health and safety precautions as we reopen the theaters and once again bring culturally enriching performances for all ages to Lake County.

Bringing workforce solutions to businesses is a key component of CLC’s mission and for the manufacturing industry, we have a major commitment unfolding in Gurnee. At the corner of Grand Avenue and Rollins Road, the college is repurposing a former big box store into a state-of-the-art Advanced Technology Center set to open in early 2022. For residents, this means more training opportunities in high-skill, high-wage careers. For businesses, this means a robust talent pipeline to meet workforce needs.

As you flip through these pages, we hope you connect to how CLC can be a resource to you, your family or your business.

With encouragement,

Ali O’Brien
Vice President, Community and Workforce Partnerships
New partnership with DePaul University at CLC offers working adults affordable bachelor’s degree

College of Lake County, the University Center of Lake County and DePaul University have formed a new partnership offering students the opportunity to start their affordable educational career with an associate degree at CLC and end with a Bachelor of Arts Degree in Professional Studies (BAPS) with a major in business administration from DePaul – entirely in Grayslake. To learn more, visit www.clcillinois.edu/depauluniversitypartnership.

25 years of the James Lumber Center for the Performing Arts

The James Lumber Center for the Performing Arts at College of Lake County is celebrating its 25th Anniversary Season. Planning is underway for a pre-season Open House event on September 18 and a fantastic roster of professional shows starting with the season opener, Colin Mochrie’s HYPROV, on Friday, October 8. For updates about this milestone celebration and event details, visit www.clcillinois.edu/jlc.

Advanced Technology Center, Opening Soon

Opening early 2022, the college’s Advanced Technology Center (ATC) will play an important role in the fourth industrial revolution (Industry 4.0) – the ongoing manufacturing automation through smart technology. Read more about the ATC on the inside back cover or visit www.clcillinois.edu/atc.

Are you the person that always knows the best restaurants and events in Lake County? Come be part of the action! Whether you dream of working at a local brewery, creating fine dining meals or anything in between, these courses may be for you.

SERVSAFE FOOD PROTECTION MANAGER CERTIFICATION

This course will prepare you to be certified or re-certified through the National Restaurant Association ServSafe Foundation. You will cover all major sanitation points, including how food becomes unsafe, proper precautions, personal hygiene, food contamination, regulations and inspection standards. The nationally recognized ServSafe Exam is given as part of this course. Upon successful completion of the ServSafe Exam, you will receive a copy of your ServSafe Food Protection Manager certificate, which is nationally recognized.

Note: As of January 1, 2018, the Illinois Department of Public Health will no longer require a state FSSMC certificate.

A textbook is required and may be purchased in the CLC Bookstore prior to class. Note: It is highly recommended that students read the textbook and review chapter quizzes prior to class in order to prepare for the certification test at the end of the course.

Fall dates are coming soon!

Business and Information Technology

The business world is always improving with new software, systems and ways to be more effective. These courses will help you cutting edge skills to make a positive impact on your current and future organizations.

Information Technology

Unsure which Microsoft level is right for you? Call (847) 543-2990 or email professionalworkshops@clcillinois.edu for help! Note: A textbook is required for each Excel class (except when noted) and may be purchased in the CLC Bookstore prior to class. Visit www.clcillinois.edu/bookstore for hours and information.

MICROSOFT EXCEL 2019: LEVEL 1
Learn to create a basic worksheet and modify the contents and appearance. You will perform calculations, modify the appearance of data within a worksheet, manage Excel workbooks and print the contents.

3964  PCTR 15-001
Wednesday, September 22
9 a.m. to 5 p.m.
1 Session
University Center of Lake County, 311
$205  S. Bajt

3965  PCTR 15-002
Friday, October 29
9 a.m. to 5 p.m.
1 Session
Southlake Campus, TBA
$205  S. Bajt

MICROSOFT EXCEL 2019: LEVEL 2
Learn how to work faster and more productively by using many of Excel's powerful features. Organize worksheet and table data using various techniques. Create and modify charts, work with graphic objects, calculate with advanced formulas, sort and filter data and analyze data using PivotTables, Slicers and PivotCharts.

Prerequisite: Microsoft Excel Level 1 or equivalent knowledge and use of advanced formulas.

3983  PCTR 16-001
Wednesday, October 6
9 a.m. to 5 p.m.
1 Session
University Center of Lake County, 311
$205  S. Bajt

3984  PCTR 16-002
Friday, November 12
9 a.m. to 5 p.m.
1 Session
Southlake Campus, TBA
$205  S. Bajt

MICROSOFT EXCEL 2019: LEVEL 3
Upon successful completion of this course, students will be able to troubleshoot large, complex workbooks, automate repetitive tasks, engage in collaborative partnerships involving workbook data, construct complex Excel functions and use those functions to perform rigorous analysis of extensive, complex datasets using conditional logic to construct and apply elaborate formulas.

Prerequisite: Microsoft Excel Level 2 or equivalent knowledge.

3985  PCTR 17-001
Wednesday, October 20
9 a.m. to 5 p.m.
1 Session
University Center of Lake County, 311
$205  S. Bajt

3986  PCTR 17-002
Friday, December 3
9 a.m. to 5 p.m.
1 Session
Southlake Campus, TBA
$205  S. Bajt

SPECIALIZED TRAINING IN MICROSOFT EXCEL PIVOTTABLES
In this half-day class, students will learn how to use PivotTables to selectively summarize and analyze large amounts of data. They will learn how to interact with the PivotTable data by filtering, sorting, and manipulating report formats. Students will learn how to use sophisticated slicers to further analyze data. They will also see how to create a chart from a PivotTable, modify the PivotTable and use a variety of options to adapt to their information needs. This analysis allows users to answer common business questions about their data. A textbook is required and may be purchased in the CLC bookstore prior to class.

4040  PCTR 27-001
Wednesday, November 3
9 a.m. to 1 p.m.
1 Session
University Center of Lake County, 311
$115  S. Bajt

Featured Online Course

Fundamentals of Supervision and Management

Master the basics of business by learning the language of management. Develop skills in time management, delegation, team motivation, problem-solving and conflict resolution so you can accomplish your job more effectively.

$425 A. Kaufman

Are you a licensed PMP?

PMP holders need to earn 60 professional development units (PDUs) over three years to maintain the credential. If you are looking for a convenient way to refresh your skills and earn PDUs, sign up for Essentials of Project Management and Advanced Project Management and earn 14 PDUs for each section. Call (847) 543-2990 for more information.

Note: Experience, education and exam requirements are needed to obtain PMP certification in addition to the project management education fulfilled by the three courses offered here. For more information, visit https://bit.ly/3i4A701

About Your Instructors

Andy

Andy has managed and led business teams for over thirty years. He works with leaders of multinational corporations and the United Nations to improve their ability to lead and deliver. His son, Barrett, founded a film production studio and has managed projects from pre-production to distribution over the past decade.

Barrett

Both Barrett and Andy bring their unique experiences to the classroom, preparing individuals for the Project Management Professional and Agile Project Management Certifications. Join them to further your own ability to lead and deliver.

Lean Six Sigma

Attend a virtual information session on Wednesday, August 25 at 12 p.m. to learn more about the Lean Six Sigma Certification. The session is free, but pre-registration is recommended. Visit www.clcillinois.edu/wpdiinfosessions to pre-register.

LEAN SIX SIGMA CERTIFICATION WORKSHOP
Join us for the Green Belt 2.0® Lean Six Sigma Certification Workshop. This five-week course, taught by certified Black Belts, will give you the thinking, methods and tools needed to solve problems and stay on top of change. Gain access to dozens of videos and hundreds of practice exam questions. The perfect complement to your PMP.

Participants will learn:

• The Green Belt body of knowledge in a form that is immediately useful at work.
• How to spot and solve problems, working in teams and individually.
• The best methods for problem-solving, continual improvement of operations and personnel development.

Class fee includes downloadable digital materials, practice exams, final exam grading, project review and certification diploma. Participants will need a computer with internet access and MS Excel 2010 or newer. Must know Excel basics and charting. Students will meet for the live webinars on the designated dates at the scheduled times.

3 Sessions
Southlake Campus, TBA
$199 W. Paprocki

3972 PRLE 3-002
Tuesday and Thursday, November 9-11
5:30-10 p.m.
AND
Saturday, November 13
8 a.m. to 2 p.m.
3 Sessions
Online Live Zoom
$199 W. Paprocki

REAL ESTATE HOME STAGING 101
First impressions matter, especially when it comes to selling real estate property. Through this home staging class, you will learn techniques to prepare your property to be the most desirable listing on the market. Learn what catches a buyer’s eye and what will set you apart from the competition. Realtors, homeowners, investors and builders will benefit from our instructor, who has helped homes sell quickly with her unique ideas and strategies.

3968 PRLE 41-001
Wednesday, October 6
1-4 p.m.
1 Session
University Center of Lake County, 312
$69 J. Delaclyuse

BEAUTIFYING A HOME
WITH THE RIGHT COLORS
For a home to look its best, it should have paint colors that complement the finishes in the home. Studies have shown that the wrong paint colors are one of the top five reasons that people will not be interested in a home. Many people take a “one color fits all” approach to selecting paint colors, but every home is unique and needs just the right colors to create maximum appeal. Whether you are buying or selling a home or simply redecorating, this course will help you to select paint colors that bring out the best in the home. A book is required and can be purchased from the instructor for $10 in class.

3969 PRLE 42-001
Wednesday, October 13
1-4 p.m.
1 Session
University Center of Lake County, 312
$69 J. Delaclyuse

“Paprocki and the class were engaging and very knowledgeable. I learned so much and incorporate it into my daily practice.” – Claire H.

Not only has Wayne Paprocki achieved financial success working in the real estate industry, he has been nationally recognized for sharing his talents through education and mentorship. His vast experience enables Wayne to teach students everything they could want to know about how to succeed in real estate.

Attend a virtual information session to learn about real estate courses on Thursday, August 26 at 6:30 p.m. The session is free, but pre-registration is recommended. Visit www.clcillinois.edu/wpdi/infosessions to pre-register.

A textbook is required for Real Estate Broker courses and may be purchased in the CLC Bookstore prior to class. Visit www.clcillinois.edu/bookstore for hours and information.
Communication and Humanities

Put your creative energy to work and explore these offerings that will help you express your best ideas.

Digital Media Design

These are co-listed classes and originated as “for credit courses” that students on a degree track can take for credit. We are opening up the classes for those who would like to take the courses, but do not wish to earn college credits. The classes will be graded pass/no pass.

PHOTOSHOP CREATIVE CLOUD: LEVEL 1
If you are a professional who wants to prepare photos for print or web or enhance graphics for marketing materials, newsletters, blogs and websites, this class will help get you started. Learn key techniques for working in Photoshop such as how to correct, enhance and distort digital images and create image composites. You should be familiar with the basic functions of your computer’s operating system such as creating folders, launching programs and have basic skills such as copying and pasting objects, formatting text and saving files.

4037 PCTR 40-001
Wednesday, August 25 to September 22
6-8:50 p.m.
5 Sessions
Online Live Zoom
$205 E. Lopez

ADOBE ILLUSTRATOR: LEVEL 1
Draw and manipulate simple shapes to create logos using advanced tools. Combine text and graphics to create dynamic advertisements.

4038 PCTR 65-001
Wednesday, September 29 to October 27
6-8:50 p.m.
5 Sessions
Online Live Zoom
$205 E. Lopez

ADOBE INDESIGN: LEVEL 1
Learn how to create in the InDesign environment by exploring the elements, setting preferences and defaults and using InDesign Help. Create a document by placing text, graphics and using color swatches. Place Photoshop images in document frames and create layers and export documents to PDF. You will also learn how to prepare a document for commercial printing. You will need a basic knowledge of working in the computer environment such as saving files, using different fonts and inserting text.

4039 PCTR 75-001
Wednesday, November 3 to December 8
6-8:50 p.m.
6 Sessions
Online Live Zoom
$205 E. Lopez

Featured Online Course: Keys to Effective Communication

Increase your confidence as a conversationalist and make great first impressions. Learn how to use communication to build warm and respectful rapport.

Questions regarding online classes? Turn to page 46 for a list of FAQs.
Education and Social Sciences

Designed for those looking to keep up-to-date on current trends in teaching or build on their vocational skills, these courses are perfect for current educators and those that love to learn.

Personal Success Program

The Personal Success Program (PSP) offers a variety of vocational courses to meet the needs of students 18 years and older with mild to moderate cognitive impairment. The program’s focus is on gaining vocational skills to acquire entry-level employment.

Each class is led by a content expert who has experience teaching people with disabilities. A special education teacher is present in most classes to provide additional support. The curriculum is designed to be delivered at a level and pace appropriate to each student’s needs.

All new students must be interviewed by the program coordinator to determine eligibility prior to enrolling in classes. For a new student interview, please call (847) 543-2990. Visit https://bit.ly/36viGQU for course information.

READING FOR THE WORKPLACE 1
Unlock the keys to better reading and spelling to help you be more successful at work and in your daily life. Find out why “buzz” is spelled that way, how to divide words into syllables and what happens when you add an “e” to the end of a word. You will learn by seeing, hearing, and physically experiencing the concepts. The first hour of class will feature lessons based on the SLANT System for Structured Language Training. The second hour will consist of reading and spelling games and activities to practice the previously taught concepts.

4005   PPSP 2-001
Tuesday, September 14 to December 7
10 a.m. to 12 p.m.
12 Sessions
Online Live Zoom
$399    M. Berman

READING FOR THE WORKPLACE 3
This is a continuation class for students who have completed Reading for the Workplace 2. Unlock the keys to better reading and spelling to help you be more successful at work and in your daily life. This class will focus on vowel teams, r-controlled syllables, and diphthong syllables, while also placing more emphasis on comprehension. You will learn by seeing, hearing, and physically experiencing the concepts. The first part of the class will feature lessons based on the SLANT System for Structured Language Training. The last portion will consist of reading, spelling, and comprehension activities to practice the previously taught concepts.

4007   PPSP 8-001
Wednesday, September 15 to December 8
10 a.m. to 12 p.m.
12 Sessions
Online Live Zoom
$399    M. Berman

RETAIL SKILLS 2 - CASHIER TRAINING
This course is designed to provide cashier training that recognizes the individual needs and learning pace of each student. The skills will be taught through a combination of instructor-led lectures, hands-on group activities, and computer-based cashier training that will provide students with thorough practice in the customer and payment scenarios they will encounter on the job. The training is designed to familiarize students with point-of-sale (POS) technology, payment methods, and current processes that they will be expected to know as a cashier in the modern world of retail.

4008   PPSP 26-001
Thursday, September 23 to November 11
10 a.m. to 12 p.m.
8 Sessions
University Center of Lake County, 311/314
$299    G. Johnson

PET CARE I
Are you a cat or dog lover? By taking the Pet Care 1 course, you will learn how your ability in caring for animals can turn into a successful career. Gain a better understanding of pet health, development, and nutritional needs. Learn training techniques to promote good behavior and obedience, and learn fun activities that you can enjoy with pets. Also, discover the great number of job opportunities that exist in the pet care industry. This class is designed to prepare students for entry-level employment in pet care. Some of the jobs that students might consider upon completion include dog bather/groomer assistant, dog walker, pet sitter, or employment at a pet store or animal shelter.

4041   PPSP 20-001
Friday, September 17 to December 10
10 a.m. to 12 p.m.
12 Sessions
University Center of Lake County, 312/314
$399    B. Heidner
Professional Development Courses

NEW! CREATIVE GROWTH THROUGH ART
Do you love arts and crafts? Have you ever thought about crafting and gifting or selling your creations? Does crafting help you to self-regulate and center yourself? By participating in this 8-week course, you will not only have fun learning by doing, but you will also gain confidence through your artistic expression. Join us for this exciting, project-based class where you’ll explore your creative side and discuss ways to promote your work for a profit. Class supplies are included in the course fee.

4042  PPSP 32-001
Thursday, September 23 to November 11
1-3 p.m.
8 Sessions
University Center of Lake County, 312/314
$399  G. Johnson

NEW! SOCIAL DETERMINANTS OF SUBSTANCE USE
This course will provide the student with resources to understand “social determinants of health” and their impact on treatment and prevention of substance use disorders. Students will learn how to create diagrams to depict the various levels of physical and social environments, their intersectionality, and their influence on prevention and treatment. Using that information, evidence-based interventions will be explored that successfully address issues across multiple levels in preventing use and providing treatment. This course is appropriate for counselors, social workers, students, leaders, and supervisors in the helping fields. Eligible for 15 CEs to licensed social workers/counselors.

4049  PSWC 2-001
Tuesday and Thursday, August 24 to September 28
6-8:50 p.m.
10 Sessions
Grayslake Campus, T227
$99  K. Gananjit

NEW! ADHD AND SUBSTANCE USE
Attention Deficit and Hyperactive Disorder (ADHD) frequently presents itself as a co-occurring disorder with substance use disorders. This class will look at the role that attention, impulse control, and hyperactivity play in ADHD and their impact on effective recovery.

Both medication-based treatments and non-medication treatments of ADHD will be reviewed. The research on the risks of abuse of stimulant medications used in the standard treatment of ADHD will also be reviewed. This course is appropriate for counselors, social workers, students, and supervisors in the helping fields. Eligible for 15 CEs to licensed social workers/counselors.

Questions regarding online classes? Turn to page 46 for a list of FAQs.
POLICE EVIDENCE TECHNICIAN BASIC
Law enforcement officers will develop CSI skills which will give them the knowledge and practical experience to do every forensic and evidence technician investigation in a professional manner. Topics include photography of crime scene and evidence, diagrams and field sketches, crime scene processing, trace evidence, bloodstain evidence, crime scene management and fingerprint processing. Special emphasis will be given in: burglary, theft, fire and arson investigations, death and sexual assault investigations, impression evidence, macro photographic techniques, tool and bite marks, firearms and report writing. Students must bring departmental camera, tripod and flash. This course is certified and reimbursable through the Illinois Law Enforcement Training and Standards Board for Illinois officers.

The Evidence Technician class is designed for law enforcement professionals; however, we have opened seats to college students in forensic science studies, high school forensic science teachers and insurance or fire investigators. Requests to attend will be reviewed and approved on a case-by-case basis. Contact (847) 543-2990 or professionalworkshops@clcillinois.edu to determine eligibility.

WELDING FOR HOBBYISTS
Take your creativity to the next level! This course allows artists, general fabricators, hobbyists and anyone interested in applying the fundamentals of welding to their projects or profession. Students will practice the four primary processes of arc welding and learn which best suits their desired application. The course will begin with an overview of safety and equipment operation. Each week will feature instruction and practice in each of the four welding disciplines. Students will also learn which equipment and processes are best to continue their practice at home.

Safety equipment is included in the cost of the course. Students must furnish their own pair of work boots and wear appropriate welding work attire, such as long pants, in the lab. Course takes place on the Lake County Tech Campus, located near the Grayslake Campus of CLC.

Featured Online Course  Certified Indoor Air Quality Manager

Gain the knowledge required to improve your building’s indoor air and raise awareness about common mistakes that can escalate into major problems. http://bit.ly/onlineindoorqualityairprogram

Questions regarding online classes? Turn to page 46 for a list of FAQs.
Students will engage in classroom instruction and behind-the-wheel training in this 160-hour basic training course that meets all state and federal requirements. Students will receive the knowledge and support necessary to pass their CDL permit exam during the first week of class. They will then gain the experience and skills required to prepare for the state-issued Commercial Driver’s License (CDL) exams, including the pre-test inspection tests, skills tests and road tests. Students will learn CDL laws, use of controls, safe driving techniques and defensive driving. Students will be taught and mentored by experienced trainers, with a low instructor-to-student ratio to provide individualized training and support. Job placement assistance is also included.

If you are interested in this class, please contact us at (847) 543-2990 or professionalworkshops@clcillinois.edu. You will be given instructions on how to enroll as a CLC student and be scheduled to attend an in-person orientation. At orientation you will fill out qualifying paperwork to make sure that you are eligible to participate. Please note: Students must be at least 21 years of age. Students must have a valid Illinois Driver’s License Class “D” or above. They must not have committed a serious traffic violation in a commercial motor vehicle within the past 12 months. Students must provide a copy of their Motor Vehicle Report (MVR) from the Secretary of State’s office. Students currently on bond or parole are not eligible. Students must not have any physical limitation that affects their driving ability. Students will be directed on how to complete the required physical and drug tests. Because all CDL testing is conducted in English, students must be able to speak, read, write and understand English. Language support may be available if needed.

At orientation, students will also receive information about scheduling. This program is flexible and can be completed during days, evenings, and weekends. Students may choose to attend full time or part time with in-person practice at the training site in Park City.

Please note that training spots may be limited, and format/schedules may need to be adjusted to accommodate State of Illinois restrictions and requirements.

**NLN PRE-ENTRANCE EXAM PREPARATION**
Most Health Career programs at the College of Lake County require potential students to take the National League for Nursing (NLN) pre-entrance exam. This preparation course should ideally be taken several months BEFORE you plan to take the exam. Content experts will review basic test-taking strategies, key math concepts, biology, chemistry, physics, reading comprehension and word knowledge skills. The course is designed to help you create a study plan, determine where you should most focus and provide resources to assist in preparing. There is no book required for this class

Veterinary Assistant Training

Attend a virtual information session to learn about CLC’s Veterinary Assistant program on Thursday, August 12 at 5 p.m. The session is free, but pre-registration is recommended. Visit www.clcillinois.edu/wpdi/infosessions to pre-register.

If you have a nurturing spirit and a desire to help animals, consider a career in the veterinary field! This course trains students to assist veterinarians and veterinary technicians in providing medical care to companion animals. Students training as veterinary assistants will also learn front office procedures as well as how to assist in examinations, hospital procedures, surgical preparation, and laboratory tests, medical terminology, pharmacology, diagnostic imaging and client relations.

The training will take place through online readings, assignments, and exams with four in-person lab sessions and two in-person exam reviews. This 250-hour NAVTA approved course includes a 100-hour clinical externship experience. This portion requires successful completion of important tasks during the site’s regular business hours. Students must complete a background check at an approved provider in order to participate in the clinical externship portion of the program. Students will also be required to provide proof of current health insurance. Prior felony convictions may prevent participation in the program. The fee for this service is NOT included in the course fee. Join our online Information Session to learn how you will gain valuable experience to prepare you for a Veterinary Assistant role in this changing world!

Course Prerequisites and Special Notes:
A high school diploma or GED is required. In addition, students must have the following minimum abilities: psychomotor skills (eye-hand coordination and finger dexterity), visual acuity (normal or corrected), and the ability to lift 30 pounds in the clinical setting.

Students may be required to meet specific health requirements and drug testing prior to placement in the clinical portion of the course. This is based on the requirements of the externship site and will be determined at placement. Any fees to meet health requirements are NOT included in the course fee.

Students age 16-17 may register for Voice-over classes with a parent or authorized adult. Call (847) 543-2980 or email CPEInfo@clcillinois.edu for registration assistance.

All fall voice-over classes will be live online via Zoom. Students will need the following: computer with webcam, headphones (optional) and a valid email address to receive class handouts. Voice-Over: Fundamentals is the prerequisite for all Voice-Over Breakout classes.

VOICE-OVER: INTRODUCTION
If you are curious about the world of voice-over and whether it is right for you, enjoy this introduction to the technical and business aspects of voice-over performance. Gain valuable hands-on vocal production experience in recording, editing and post-production. Explore voice-overs in commercials, audio books, podcasting, character creation and more. This class will be held live online via Zoom. Recommended prior to taking Voice-Over: Fundamentals.

VOICE-OVER: FUNDAMENTALS
Enjoy an expanded deep-dive into voice-over performance. Discover the technical and business aspects and gain lots of hands-on experience. Receive coaching and guidance as you create vocal projects for a new career or a new hobby. Class will cover commercials, audio books, pod casting, character creation and more! Get experience with vocal production including recording, editing and post-production. This class will be held live online via Zoom.

VOICE-OVER BREAKOUT: VOCAL PRODUCTION
Your speaking voice is an instrument. Using it correctly for speaking is important for voice-over work, acting or even personal and professional presentations. Learn important information about vocal production. Work with the Vocal Tool Kit to strengthen and hone your vocal skills. Receive helpful coaching and guidance as you practice using your instrument effectively. Record a sample of the projects you create.

VOICE-OVER BREAKOUT: AUDIOBOOKS
Audiobooks are growing in popularity and provide plenty of opportunities for voice-over narrators. Discover the performance and technical skills needed to create audiobooks and learn how to find and audition for narration jobs. Receive guidance and practice on how to create audiobook auditions and final products. Gain experience recording a sample of an audiobook selection. Students will need the following: computer with webcam, headphones (optional), a flash drive and/or your CLC email for shared Google drive.

VOICE-OVER BREAKOUT: CARTOON CHARACTERS AND VIDEO GAME VOICE-OVERS
"I'll get you, my pretty..." Do you like creating silly, scary or unique voices? Take a fun and focused look at creating character voices for video games, cartoons, audiobooks and more. Enjoy guidance and practice as you learn how to identify character and vocal traits and how to create them. Record a sample of the characters you create.

CREATING A TASTE OF GLASS
Intended for beginners with little to no hot shop experience, this hands-on class will concentrate on making four different round paperweights using various processes and colors: urchin, pen/ring/note holder, flower and window sparkler.

3936 CCRF 2-031
Tuesday, October 26
6-9 p.m.
1 Session
$125  P. Patterson

UNIQUE GLASSBLOWN SPHERES AND ORBS
In this four-hour class, you will use current hot shop skills to create three spheres. You will leave with a sense of accomplishment having used cane, shards, and glow powder materials.

3950 CCRF 3-031
Tuesday, October 12
6-9 p.m.
1 Session
$150  P. Patterson
Textile Arts

BEGINNER SEWING: SEW HAPPY TOGETHER
Now that you can make masks see what else you can create. Get acquainted with your machine: needles, threading and troubleshooting. Learn how to read a pattern and choose fabric. Enjoy cutting, assembling and completing your own sewing project. A supply list will be provided before the first night of class. Bring your own sewing machine, sharp scissors and a box of pins to the first class. The instructor will discuss additional supplies in class. Class size is limited. Returning students are welcome.

4043 CCRF 31-001
Tuesday, September 7 to October 12
6:30-8:30 p.m.
6 Sessions
Grayslake Campus, C106
$179    M. Wagner-Webb

4044 CCRF 31-002

6 Sessions
Grayslake Campus, C106
$179    M. Wagner-Webb

SEWING PROJECT OF YOUR CHOICE
Reluctant to begin a sewing project you have always wanted to tackle? Get the helpful support and guidance you need to start and finish your project. Our seasoned instructor will answer questions, offer suggestions, and give direction that will keep you motivated. Learn and create in a fun environment with fellow project conquerors.

4045 CCRF 47-001
Thursday, September 16 to November 4
6:30-8:30 p.m.
8 Sessions
Grayslake Campus, C106
$199    M. Wagner-Webb

Abstracts and Art Journaling

STENCILED ABSTRACTS
Stencils can be used a variety of ways in mixed media art. Learn how to build “visual texture”: patterns with rhythm and movement along with colors. This course utilizes multiple techniques to create visual texture and luscious layers. The final project is an abstract (11”x14”) using the skills acquired.

4090 CCRF 18-001
Tuesday
September 14 to October 5
3-5 p.m.
4 Sessions
Grayslake Campus, TBA
$50    J. Evans

CREATIVE ART JOURNALING
Learn how to work through thoughts and emotions by journaling with symbols, color, images and words. Art journaling can be a powerful tool for managing anxiety, as well as exploring new creative ideas. Each session will explore a technique and allow for free writing to complete a 2-page spread in your art journal.

4063 CCRF 16-001
Friday, October 15 to November 5
3-5 p.m.
4 Sessions
Grayslake Campus, TBA
$50    J. Evans

Students age 14-17 may register for Photography classes and attend with a registered parent or other authorized adult. Call (847) 543-2980 for more information.

iPhone PHOTOGRAPHY: LEARN THOSE FEATURES AND BOOST YOUR IMAGES

So, you have a new iPhone with the fancy camera – now what? Uncover the hidden secrets of using iPhone’s built in Camera app and the editing features of the Photos app for a deep dive into iPhone photography. Learn some basic photography tips to instantly boost your images. Best of all, as part of the instructor’s “Inform. Practice. Feedback.” teaching model, practice what you learn in a field shooting session with personal coaching and feedback on the images you have created. This class will focus specifically on iPhones. Androids will not be covered.

WELL, SHOOT!

Sometimes you need a little push for inspiration. If your camera work could use a fresh dose of enthusiasm, let professional photographers Mike Caplan and John Petrovic’s contagious zeal provide that creative nudge and motivate you to excellence. Through classroom exercises, image critiques and a Saturday field workshop on November 20 at a location chosen by the students, learn to maximize your camera skills to produce more striking images. Practice close-up/macro, portraiture, light painting, landscape and food photography. Your new skills will transfer to whatever specialty you like best. Reignite and enjoy your passion for this art form. Class requirements: fundamental knowledge of your camera controls including how to adjust aperture, shutter speed, ISO, WB, and focusing.

PHOTOGRAPHING IN NATURE - FIELD COURSE

Eager to improve your nature photography images? Learn how to boost your photography skills and capture beautiful images of what you see in nature. Understand how to create your best scenic or close-up nature image. Following the “Inform. Practice. Feedback.” model, enjoy a weekly classroom session devoted to learning new techniques and image review and a separate fun, hands-on experience at a local field location where you can practice what you have learned and receive personalized coaching. The final session is devoted to instructor feedback of your field trip images and assignments. This course is designed for users of a digital SLR camera, but smartphone users will definitely benefit from the topics presented as well. Prerequisite: working familiarity with your equipment and basic camera settings such as f-stop, ISO, shutter speed, etc. and ability to load your images to a flash drive. To the first class, please bring up to five sample images in jpg format on a USB flash drive, an adjustable digital SLR camera with a manual setting, (or smartphone), your camera manual and a tripod. You are responsible for your own transportation to the field locations.

Online Courses for Adults and Youth

Our instructor-led online courses offered through ed2go are informative, fun, convenient and highly interactive. We focus on creating warm, supportive communities for our learners. New course sessions begin monthly. Visit our website for start dates. Complete any of these courses entirely from your home or anywhere, any time.

DRAWING FOR THE ABSOLUTE BEGINNER
Gain a solid foundation in drawing and become the artist you’ve always dreamed you could be!

DISCOVER DIGITAL PHOTOGRAPHY
Explore the fascinating world of digital photography equipment.

MATH REFRESHER
Gain confidence in your basic math skills and start using math to your advantage.

INTRODUCTION TO ALGEBRA
Understand how algebra is relevant to almost every aspect of your daily life, and become skilled at solving a variety of algebraic problems.

SPEED SPANISH
Learn six easy recipes to glue Spanish words together into sentences, and you’ll be engaging in conversational Spanish in no time.

GRAMMAR REFRESHER
Develop your English grammar skills and take your writing and speaking to the next level of excellence in this course.

DISCOVER SIGN LANGUAGE
Discover the fun of learning sign language and using your hands to communicate.

STOCKS, BONDS, AND INVESTING: OH, MY!
Learn how to make wise investment decisions so that you have enough money to live comfortably through your retirement.

INTRODUCTION TO INTERIOR DESIGN
Explore interior design fundamentals as you learn how to transform any room into a beautiful and functional space.

WRITING ESSENTIALS
Master the essentials of writing so you can excel at business communications, express yourself clearly online, and take your creative literary talents to a new level.

BEGINNING WRITER’S WORKSHOP
If you have a story that needs to be written, an online writing workshop is a great place to start. This course will help improve your writing skills and discover new ways to stretch your creative muscles.

Learn from the comfort of your home!
- 24-hour access
- Discussion areas
- 6-week format

Explore the world with College of Lake County!

Each year, we offer a tour to some of the world’s most exciting places: London, Paris, Tuscany, Greece, Spain, Ireland, and Scotland, to name just a few of our previous tours. Parkland Tours offer you the convenience, safety, and affordability you want for international travel.

Travel with us to England!

We would like to invite you to join us as we travel to England in June of 2022. Stroll along the Thames, soak up the majesty of Buckingham Palace, explore Covent Garden, Big Ben, and Trafalgar Square all while taking advantage of the countless charming pubs and eclectic eateries that London has to offer! Explore the history of Windsor Castle and the awe inspiring Stonehenge.

As part of our journey to the greater London area, we can promise an expert tour director and various cultural and historical tours from local guides.

For more information, please contact Personal Enrichment at CPEinfo@clcillinois.edu or (847) 543-2980.
Looking Ahead – Future Trips and Tours

Take your next outing with us! Discover unique places and people. Enjoy interactive, behind-the-scenes access. Choose from the following:

Cathedral Tours
Visit and hear the stories of architectural gems in Chicago and Milwaukee. A delight to anyone interested in architecture, church history, photography and the arts.

Out of the Way Places
Farms, festivals, fairs. Relish new places, experiences and flavors. Leave the driving to us.

Culinary Tours
Explore the cuisine you have heard about or seen on TV. Meet the chefs, enjoy the food and make new foodie friends.

Embark:
Real life skills classes for young adults.

If it matters to you, it matters to us. Embark on a smooth voyage to the isle of adulthood.

Explore: Fast-Paced Program for Gifted 7th & 8th Graders

Challenge your gifted seventh or eighth grade student with our exciting and thought-provoking Fast-Paced math and verbal course. All are designed to engage and equip your bright student for academic success.

Visit www.cclillinois.edu/fastpaced for more program and qualification criteria.

FAST-PACED 7TH AND 8TH GRADE MATH (FALL AND SPRING)
This two-year experience will challenge and help build your student’s confidence through math topics not typically included in traditional seventh and eighth grade Algebra or Geometry classes.

FAST-PACED 7TH AND 8TH GRADE VERBAL (FALL AND SPRING)
This two-year experience will challenge and help build your student’s confidence in reading, writing, speaking and listening. Verbal topics include Greek and Latin stems, grammar, literature, creative writing, speech writing, oral presentations and digital portfolios.

Check with your Lake County school district gifted coordinator in January 2022 for information about your sixth grader’s eligibility for 2022-2023. Home school, private and parochial school parents may email CPEInfo@cclillinois.edu for information about submitting their children's scores.
Engage: Chemistry

PREPARE FOR HIGH SCHOOL CHEMISTRY – MATH AND MOLES (GRADES 10)

Get a head start on high school chemistry. Designed specifically for upcoming high school sophomores who will be starting chemistry in the fall, this course will concentrate on providing students with the math skills necessary for success in high school chemistry. Each day will focus on specific skills and demonstration of how they translate to chemistry problem solving. Students will engage in activities emphasizing the importance of mathematical concepts in problem solving including: significant figures, scientific notation, algebra, dimensional analysis, average and percentages, Moles and molar mass, balancing chemical equations and stoichiometry. Lay the groundwork that will let you ‘hit the ground running’ when you begin your high school chemistry class. This class will be held online live via Zoom and Canvas. Students will need their CLC email and login to participate.

Engineering Night 2021
Ready to explore your education options for an engineering degree? Curious as to what the profession entails? Come to College of Lake County to learn about engineering and computer science and meet with representatives from area engineering schools.

At the event, engineering employers will share their insights on the skill sets they seek in new hires and CLC Engineering professors will present a general overview of the engineering college search process. Students and their parents can attend sessions (25 minutes each) hosted by various four-year engineering programs to learn more about the participating college and university programs. The CLC Engineering Transfer program will also be hosting sessions and will include information on internships, scholarships and guaranteed admission partnerships.

STEM for Girls
STEM Day is a free event for girls in grades 7 through 12 who are interested in STEM programs (Science - Technology - Engineering - Math). It is designed for school groups, scout groups, youth groups and individual girls. The overall vision of STEM is to motivate middle school and high school girls interested in STEM careers to become innovative and creative thinkers and to pursue careers in this area by introducing them to college life at CLC through a series of hands-on activities and inspiring presentations.

Save the date! April 9, 2022
Maker Faire Lake County
Maker Faire is a gathering of fascinating, curious people who enjoy learning and who love sharing what they can do. From engineers to artists to scientists to crafters, Maker Faire is a venue for these “makers” to show hobbies, experiments and projects. We call it the Greatest Show (& Tell) on Earth—a family-friendly showcase of invention, creativity and resourcefulness. Glimpse the future and get inspired! Admission to the Maker Faire is free, but some activities and workshops will charge for supplies and kits.

Stay tuned to www.clcillinois.edu/stem for more information on upcoming STEM events.
FOREIGN POLICY ROUNDTABLE
Interactive discussion designed to engage your introspective thought process and inform you about international affairs, along with the process of diplomacy. The Foreign Policy Roundtable provides the forum in which to share ideas and serves as a catalyst for developing awareness, understanding and informed opinions. Our classes on the topic of foreign policy and global issues are a balanced nonpartisan dialogue.

VOTING – HOW ACCESS TO THE POLLS IS CHANGING
Voting laws are changing in many states. Many of these changes stem from the 2013 Supreme Court decision on the 1965 Voting Rights Act as well as the results of the 2020 election. This class will explore how voting laws are being changed in several states, some amidst charges of voter fraud. We will also look at efforts by Congress to pass federal legislation that will standardize voting rights, along with other campaign regulations. Don’t miss this talk about a crucial aspect of our electoral process.

POLITIES IN FILM
The last presidential election is good reason to look at four films about politics. Participants will discuss a film about Gary Hart’s flameout as well as a comic look at Stalin, a plot against Abraham Lincoln and the demise of Richard Nixon. Participants will be challenged to vote to decide which film is the scariest and the race will be close.

RETIREMENT PLANNING TODAY
Living a rich retirement takes more than money. Because of tax law changes and the uncertain future of Social Security, a sound financial plan has never been more vital. Learn five strategies to manage investment risks, 11 ways to save money on taxes, questions to ask before buying insurance, how to handle your company retirement plan and how to calculate savings needed to retire. A $25 fee for the 235-page textbook is payable to the instructor at the first class.

GRANT – GENERAL AND PRESIDENT
Overly trusting of others while overly confident in himself, without a challenge to focus his energy, he was his own worst enemy. When faced with a challenge, he was tireless in overcoming it. A man of few words and fewer social graces who inspired intense loyalty from those who knew him best. He defeated Robert E. Lee and the Ku Klux Clan.

THE PRESIDENCY OF GEORGE W. BUSH
Eight months after Bush took office, terrorists attacked our country and the national agenda he outlined in his inaugural address was cast aside as he redefined his primary goal as a war on terror. Bush has been out of office for 13 years and we can now begin to assess the quality of his presidency.

COOLIDGE AND HOOVER: THE ROARING 20’S WITH PROHIBITION AND THE GREAT DEPRESSION
These two Presidents rank among the bottom third of all who have held the office. Yet, during the nine and half years of their combined Presidencies, significant events pummelled our country and the world. Their often tepid responses to those events contributed to many of the problems the next President would face.

CONVERSATIONAL SPANISH I
This is a fun and interactive class designed for students who are primarily interested in developing the ability to understand and generate simple questions and answers in Spanish. In this course, students are introduced to basic grammar concepts and taught how to manipulate regular and irregular verbs in the present tense. Typical vocabulary such as greetings, family members, foods, clothing and other common conversational items and situations will be covered. In addition, students will be exposed to cultural elements of Spanish-speaking countries including family life, foods, politics and geography. A textbook is required and may be purchased in the CLC Bookstore prior to class.

THE EYES ARE THE WINDOW TO THE SOUL
In this course, we will cover ocular health topics and the way that systemic health conditions (hypertension, diabetes, high cholesterol, etc.) can have an impact on the eyes. We will also discuss dry eye and the impact on eyes and vision, as well as the potential systemic link. At the end of the course, students should have a better understanding of the importance of systemic health, ocular health and eyecare.

AUGUSTINE VS. PELAGIUS
Augustine, other than Jesus and the apostle Paul, is arguably the most influential figure in Christian history. His teaching on original sin—that humans are born in sin and helpless to do anything good on their own—shaped Western Christianity from the 5th century to the present. But not everyone agreed with Augustine that without baptism, all people—even babies—were destined for Hell. Pelagius, an Irish monk and Augustine’s contemporary, taught that Adam’s sin was his alone and that humans are born good. An epic theological battle ensued, filled with heated exchanges, intrigue and bribery until a victor emerged and changed Christianity.

TEMPEL FARMS: V.I.P. BEHIND-THE-SCENES
Did you know that there are seven species of Equus? Learn about the historical highlights regarding the working relationship between equine and man in this talk and tour documentary facilitated by Tempel Farms. Discover the background lineage of their specialty breed of equine. Thursday will be a talk and tour documentary at the Grayslake Campus. On Friday, experience a V.I.P behind-the-scenes tour of Tempel Farms, 17000 W. Wadsworth Road, Old Mill Creek, IL.

Students are responsible for their own transportation. Wear footwear appropriate for rocky and uneven terrain. An effort is made to conduct all tours as described. Substitutions may be necessary when situations arise that are beyond our control. Refunds for tours may be made up to seven business days before the tour. After that no refund is possible.

$59 Staff
1. **How will I know that a course will be online?**
The course will be listed as an online course when you register and noted in this schedule, as well as on our website. If we need to shift the course to an online format, you will receive an email from CLC staff or your instructor. Check your CLC email regularly for updates. Contact helpdesk@clcillinois.edu for CLC email assistance.

2. **What technology will I need to complete an online course?**
For all online courses, you will need a reliable internet connection. In addition to a connection and device (it is recommended to have a laptop, desktop or tablet), some courses may require additional software downloaded or a second device to practice on while viewing live instructions. Please check your CLC email regularly for requirements from CLC staff or your instructor.

3. **What if I don’t have internet at home?**
If you are using a computer or device off-campus, use a secure Wi-Fi connection with a strong signal. There are several options for free internet access during this time on the CLC website: www.clcillinois.edu/student-services/tutoring-and-academic-support/succeed/lancers-keep-learning.

4. **What will an online class be like?**
Some courses will be asynchronous, which means you will watch videos and complete activities on your own time while receiving access to an instructor who can answer questions. These courses do not have specific times listed with them and are available 24/7. Other courses are synchronous. In these classes, you and your classmates will be engaged at the same time as the instructor delivers material on a platform like Zoom. There are specific times associated with these courses.

5. **Who can help me with technology issues?**
CLC is here to help! For technology questions, call (847) 543-4357. Select option #2 and be prepared to answer identity verification questions such as courses taken in previous terms or student ID number. Chat 24/7 is also offered at www.clcillinois.edu/aboutclc/depts/hlp.

6. **What information do I need to be successful in my Zoom class?**
Instructors may use Zoom, a video conference tool, for class discussions. To get started with Zoom, you’ll need an internet connected computer, laptop, tablet or phone (ideally with a microphone) and a “meeting ID number” or link from your instructor. You might also want to use ear buds with a mic if you have them. This can help reduce background noise.

CLC is committed to the safety and security of online instruction and is constantly adapting to offer the best experience for all users. To help ensure security, a password to enter the Zoom session will be provided to assist with these measures.

Directions on use can be found on the CLC website: www.clcillinois.edu/student-services/tutoring-and-academic-support/succeed/lancers-keep-learning.

7. **What is important for me to remember for synchronous online classes?**
Check your CLC email for details about delivery from your instructor. Take a look at the location and time settings on your computer and email accounts. Since courses are delivered at a specific time, it is important that your device reflects the accurate time zone.

8. **Why are some classes moved to an online format, but others are not?**
We are committed to providing the best quality instruction that complies with industry standards. Some courses, such as those requiring proctored final exams, are not compatible with our online learning methods at this time.

9. **How do I get the book(s) for my class?**
Reach out to the CLC Bookstore to inquire about current process. Full contact information can be found at www.clcbkst.com.

10. **Who can I speak to if I have further questions?**
For questions about Professional Development courses, email professionalworkshops@clcillinois.edu or call (847) 543-2990. For questions about Personal Enrichment courses, email cpeinfo@clcillinois.edu or call (847) 543-2980.
Steps to Register in Noncredit Courses

1. Select Course(s)
   - Navigate to learn.clcillinois.edu to browse Professional Development and Personal Enrichment courses.
   - Click on a course name to see section availability. Select a section to begin the enrollment process.
   - If “Add to Cart” is displayed, continue to Step 2: Create a Noncredit Account and Pay
   - If “Begin Enrollment Process” is displayed, skip to Step 3: Apply for Admission

2. Create a Noncredit Account and Pay
   - This login information is different from your CLC ID/Login and begins with an “X”
   - Complete your personal and contact information. Read and check the box stating you understand the privacy policies.
   - Select courses require an application to allow enrollment. Complete the online application and check the email associated with your Noncredit account for enrollment instructions.
   - Resume the enrollment process by clicking on the shopping cart icon at the top of the page. Advance the process by clicking “Continue Checkout” after reading page content.
   - Enter your credit or debit card information when prompted. All other payment methods need to be processed through a Noncredit office. Contact us at learn.help@clcillinois.edu with questions.
   - Once you click “Confirm” you will reach a confirmation page and a receipt will be sent to the email address associated with your Noncredit account.

3. Apply for Admission, Register and Pay (Only required for some courses)
   - To get your CLC ID, complete the Student Admission Form at clcillinois.edu/apply
   - You will be emailed a CLC myLogin username and temporary password in two separate emails after application processing (usually one business day).

   - Contact the ITS Service Desk for login assistance at clcillinois.edu/helpdesk or (847) 543-4357.
   - With a CLC ID, enter the myCLC student portal at clcillinois.edu with login information and select “Student Center.”
   - Click “Search for Classes” and specify the semester and subject. Select class by clicking on “Shopping Cart,” checking the box next to your class and clicking enroll. For more information, visit clcillinois.edu/admission.
   - You will be emailed when your billing statement is available in myCLC. It is the responsibility of the student to meet payment deadlines. Payment plans (when applicable) and payment should be finalized before the first day of class.
   - Visit clcillinois.edu/paying-for-college/how-to-pay for more information.

Registration Help
   - For Personal Enrichment courses, call (847) 543-2980 or email cpeinfo@clcillinois.edu for assistance
   - For Professional Development courses, call (847) 543-2990 or email professionalworkshops@clcillinois.edu for assistance
   - Hours of operation for both departments are Monday-Friday, 8 a.m. to 4:30 p.m.

Withdrawals and Refunds
   - Students who do not attend or do not plan to complete a class they have enrolled in are responsible for officially dropping the class.
   - Students who do not attend or stop attending class, but do not officially drop, will remain responsible for all tuition/fees for the class.
   - Refund requests will be reviewed and issued to eligible students.
   - Unless otherwise noted in the course description, students who enroll through the Noncredit Registration system must drop at least one day before their scheduled class begins for a full refund. Questions for these courses can be addressed to learn.help@clcillinois.edu.
   - Courses in myCLC post individual drop deadlines. This can be found in “My Class Schedule” after clicking on the calendar icon next to the class. Further information on drop deadlines for these courses can be addressed to the Office of Registrar and Records at (847) 543-2061.

Senior Citizens
All in-district residents who are 60 years of age or older at the time of registration may receive a 50% tuition discount for select courses through Professional Development. Fees remain unchanged. The only eligible noncredit courses are those that require registration through the myCLC student portal. Contact professionalworkshops@clcillinois.edu or (847) 543-2990 to learn more.

Room Assignment
Check your schedule in learn.clcillinois.edu or the myCLC student portal, depending on registration point.

Clery Act
The College of Lake County is committed to maintaining a safe and secure educational environment. This report is available on the CLC Police Department website at www.clcillinois.edu/clery.

Courses start at various dates throughout the term; some courses begin as late as December. Keep this schedule handy and refer to it through December 2021. The information contained within is accurate as of July 2021, but is subject to change.

Continuing Education Vocational Credits
Continuing Education Vocational Credits do not apply to any degree or certificate program offered at the college in the academic divisions. Vocational credits will not be added to a student’s academic credit hours or included in the GPA. Students receive a grade of P (Pass) or N (No Pass). Call (847) 543-2990 for more information.
Save Lives with Defensive Driving

Judicial Services offers opportunities to improve your future and the future of your community through courses, workshops and volunteer opportunities.

Partnering with the 19th Judicial Circuit Court for over 30 years, Judicial Services offers the National Safety Council’s award-winning Defensive Driving Courses including the “Alive at 25” program. This course is proven to save the lives of young drivers.

Distracted driving is on the rise. Motorists of all levels can benefit from learning defensive driving skills. Register for a course today.

“I just missed being killed by about three seconds.”

— Christine Burke praising CLC’s defensive driving course.

Christine Burke of Lake Barrington enrolled in our Defensive Driving Course. While driving less than a week later, she used a lesson from the course to narrowly avoid getting smashed broadside by a car that ran a red light.

Burke said that she hesitated at the intersection, recalling a tip she learned in the defensive driving course called “delayed acceleration” waiting two or three seconds before entering an intersection if yours is the first car there. She credits this decision with saving her life.
With a continually changing work environment, preparing your organization with proficiencies is a smart strategy. Whether you want to improve skills or you need to develop a specific group, we have the expertise to provide a solution for small, mid-sized and large organizations.

**Upskill Your Business’s Workforce**

- Identify and close critical skill gaps
- Mobilize talent with the right skills to capitalize on new opportunities
- Upskill and reskill current employees to stay current in their existing roles
- Prepare next generation of workers, managers, leaders and high-potentials
- Customize training crafted to meet your organization’s specific needs

Apprenticeship Spotlight

An apprenticeship is a structured “Learn and Earn” program that combines job related classroom learning along with a structured on-the-job training guided by a mentor. These programs offer employers the opportunity to strengthen and build their workforce by developing a tailored high-quality talent pipeline. The goal for apprenticeship programs is to provide workers with a set of skills that meet the specific needs of local employers using a flexible learning approach.

Mystica Rivera is one of two female students in the Automotive Collision Repair (ACR) Apprenticeship Program.

“Participating in the apprenticeship program will help me reach my goal of being a successful and talented ACR technician. I decided to participate in the ACR apprenticeship program because it gives me exposure into this career and an opportunity to have real hands-on experience. You don’t see many female technicians in this industry and this inspires me to make a difference.”

– Mystica Rivera

BizHub Services Help Small Businesses

The Illinois SBDC International Trade Center (SBDC/ITC) at College of Lake County recently formed a partnership with leading technology platform Startup Space. This new relationship allows local entrepreneurs to access BizHub – a free online hub providing connections to valuable resources and information to assist with the process of starting a business.

“The Small Business Development & International Trade Center (SBDC/ITC) at College of Lake County works hard to ensure Lake County small businesses have access to important resources.”

“I am thrilled to provide access to BizHub because it is a digital platform that makes it easy for any business to find the people, organizations and information they need to succeed.”

– Mitch Bienvenue, manager of the SBDC/ITC

Any entrepreneur in Lake County can utilize BizHub for immediate access to entrepreneurship resources, a community calendar and to join the conversation.

Modern manufacturing training in ATC begins April 2022

Work is underway for the development of CLC’s Advanced Technology Center (ATC) in Gurnee. This state-of-the-art educational facility will provide next-level training to prepare tomorrow’s workforce and meet the needs of Lake County’s industrial sector. Most importantly, this vital resource will be local, affordable and accessible to all.

“The ATC will offer students industry certifications and degrees embedded in hands-on classes with engaging, detailed and guided instruction. They’ll develop precise technical skills on the same sophisticated technology they will see in modern manufacturing.”

– Dr. Richard Ammon, Dean, Engineering, Mathematics and Physical Sciences

Our speed-to-launch plan projects a phase one opening in April 2022 which will include the welding/fabrication lab, industrial maintenance systems and atrium on the south half of the main floor. Phase two plans include program spaces for automation, robotics, mechatronics, mechanical engineering, industrial engineering and computer numerical controlled (CNC) machining.

Stay up to date on the ATC’s progress by visiting www.clcillinois.edu/atc
NEW QUICK AND EASY SIGN UP

We’ve been listening!

In response to your feedback, we have taken steps to change our registration process for noncredit courses. A new system has been developed to provide an improved process that will bring you ease in enrolling for your classes of interest.

We are excited to launch this new advancement aimed at enhancing your experience. As you navigate the new method of registration, we welcome your input! We are committed to continuous improvement and your voice can help inform us as we move forward. If you would like to provide feedback, please email learn.help@clcillinois.edu.

Ready to view our new platform and browse courses? Visit https://learn.clcillinois.edu or scan the QR code.
