

**Concordia University Chicago**  
**Transfer Planning Guide – LIBERAL STUDIES (General Education)**  
 Use in tandem with Concordia general transfer guide

Below is a list of recommended courses for the student's first two years. You will notice the courses are divided into core areas (i.e. Humanities) and acceptable courses are listed. However, a specific major may require additional lower division courses as part of the student's major. Final decision regarding the acceptance of credit rests with Concordia University.

If a student completes the 37-41 semester hour package of the General Education Core of the Illinois Articulation Initiative (IAI), Concordia will consider all Lower Level General Education Requirements completed for Bachelor of Arts degree programs in the College of Arts and Sciences with the exception of any mission specific required coursework.
