## DePaul University Transfer Planning Guide

This transfer guide is designed to assist students with their academic planning. Every effort is made to maintain accurate information; however, this information is subject to frequent change. Students should contact the member institution to keep informed of changes, as final responsibility for verifying information rests with the student.

### TRANSFER OPTIONS

- **Completed AA or AS degree**: Does not necessarily meet the graduation requirements for DePaul. Students should select courses from the program guide or select only courses that have been IAI approved to ensure a smooth transfer.

- **IAI GECC**: DePaul participates in the General Education Core Curriculum of the Illinois Articulation Initiative (IAI); however, there are courses which are mission-related at DePaul and a student will need to take additional courses beyond the IAI core as noted in the CLC catalog. Additional requirements include Experiential Learning requirement, Philosophical Inquiry and Religious Dimensions. With the IAI, students may select any IAI Math course and are not limited to the DePaul courses noted under the DePaul domain of Quantitative Reasoning. You may call a Transfer Counselor at DePaul for more information.

- **Completing some courses at CLC**: If transferring prior to completing the IAI General Education Core at CLC, students will be required to follow DePaul’s general education requirements to complete the baccalaureate degree.

- **The DePaul Admission Partnership Program (DAPP)**: CLC is a DAPP-participating community college. DAPP is a pre-transfer preparation program for students planning to complete a bachelor’s degree at DePaul after completing course work at College of Lake County. The program allows students to lock in DePaul degree requirements for 3 years, meet regularly with DePaul transfer admission counselors, qualify for DAPP scholarships, and participate in the DePaul Accelerated Transfer Admission process. Students must have graduated from high school and have fewer than 30 semester hours of college level credit at the time of application to DAPP. For more information on joining DAPP, please visit [www.depaul.edu/DAPP](http://www.depaul.edu/DAPP).

### TRANSFER CREDITS

The maximum number of semester hours transferable from a community college is 66 (this does not include CLEP, IB, and/or AP credits). Grades of "D" are usable towards some degree requirements. Exceptions include ENG 101 and 102, any core business courses for the Driehaus College of Business, and any major level courses, all of which must be earned with a C- or better to meet degree requirements.

**Course equivalencies** can be viewed at [www.depaul.edu/transfercourses](http://www.depaul.edu/transfercourses).

### ADMISSION REQUIREMENTS

- Students with 30 (or more) transferable hours (excluding developmental coursework) completed at the time of application are evaluated without high school materials; students with less than 30 transferable hours completed at the time of application must submit a high school transcript and ACT or SAT scores.

- For consideration the minimum cumulative GPA is 2.0 (exceptions: College of Business and the College of Education is 2.5; and School of Music is 2.75 with required audition). Transfer students may need to take Writing and Math placement tests after admission based on previous coursework completed.

### CALCULATION OF ADMISSION GPA

DePaul requires a cumulative GPA from all colleges and universities (excluding developmental coursework). GPA is calculated by total quality points divided by total credits. Only the most recent attempt of a repeated course is considered. After one term, an incomplete grade is computed as a failure.
