### TRANSFER OPTIONS

- **Completed AA or AS degree at CLC:** Transfer students who have received an AA or AS degree will have met Loyola's Core Curriculum requirements, with the exception of our mission-specific courses.
- **Completed GECC:** Transfer students without a degree but who have completed the IAI General Education Core Curriculum (GECC) requirements will also have satisfied Loyola's Core Curriculum requirements and only need to complete the mission-specific courses.
- **Completing some courses at CLC:** If you enter Loyola with fewer than 30 hours of credit your courses will be articulated to Loyola courses on a course-by-course basis. You will then complete Loyola's Core Curriculum.

**\*Mission-specific Core requirements:** If a student is interested in completing part of the Mission-specific Core requirements, it is recommended that they complete two of the following courses prior to transfer as these will meet all but one of the mission-specific Core requirements: PHI 121, PHI122, PHI 123, PHI 125, PHI 126, PHI128, PHI 221. These courses will be counted toward this requirement after a student has already met the GECC Humanities Requirement. Be advised that it benefits the student to speak directly to a Loyola advisor regarding the mission-specific core requirements, as course recommendation may vary depending on student transcript.

**Additional Note:** Students entering with 2 or 3 mission-specific courses will still need to take a transfer-student course at Loyola in philosophy or theology; students entering with 0 or 1 mission-specific course will take a transfer-student course in philosophy or theology and an additional mission-specific course not yet completed; and while not recommended, if a student enters Loyola with 4 or 5 mission specific Core courses, they will have completed the mission-specific Core requirements.
