

Transfer Agreement

between the

College of Agricultural, Consumer and Environmental Sciences

University of Illinois at Urbana-Champaign

and

College of Lake County

College of Lake County (CLC) and the College of Agricultural, Consumer and Environmental Sciences (ACES) of the **University of Illinois at Urbana-Champaign (UIUC)** form a cooperative relationship through this agreement to better serve our public constituents, to facilitate transfer, to minimize duplication of instruction, and to build on community college and university learning experiences. Both institutions recognize that by working together, their collective efforts are stronger than their individual efforts.

The two institutions agree to the following:

1. Any student who has completed the prescribed Transfer Agreement program at CLC (with the required program GPA) and submits required application and supporting documentation will be admitted to the College of ACES, UIUC at the junior level in a relevant field of study.
2. Specifically, students completing the attached prescribed course sequences at CLC will be admitted to the College of Agricultural, Consumer and Environmental Sciences at UIUC. Acceptance into specific UIUC College of ACES field of study is based on the individual student's meeting of the requirements, conditions and considerations listed for that program.
3. The courses listed in the attached prescribed CLC Transfer Curriculum Guide have been reviewed and accepted for transfer to UIUC.
4. Relationships between CLC and UIUC faculty and administration are in the spirit of cooperation and provide the basis for this agreement.
5. Representatives of both institutions agree to meet on a regular basis to assess curricular changes and other conditions that may affect the nature of this agreement.

6. This agreement does not preclude either institution from making curriculum changes as it may solely deem appropriate, in which case appropriate prior notice will be given to the operative academic personnel at the cooperating institution.
7. Appropriate publications and promotional materials regarding this agreement will be made available to all CLC students and potential students.
8. Either UIUC or CLC may dissolve this agreement by giving one year's advance notice to the cooperating institution's president or academic vice president.
9. The agreement is effective with the 2016-17 academic year and is subject to renewal biannually.
