

**Statement of Intent to Complete a Bachelors of Science Degree in the  
College of Agricultural, Consumer and Environmental Sciences (ACES)  
at the University of Illinois at Urbana-Champaign**

Upon completion of my Associate's Degree at \_\_\_\_\_ College, I desire to enter the College of ACES as a major in \_\_\_\_\_ with a concentration in \_\_\_\_\_.

I have been given a Curriculum Guide which explains the procedures for applying for admission as a transfer student to the College of ACES and the requirements for admission into my desired major. I can find additional information on the College's webpages:

<http://academics.aces.illinois.edu/> and <http://academics.aces.illinois.edu/future-students/transfer>.

I understand that if I complete all academic requirements listed in the Curriculum Guide, including earning the stated minimum grade point average, I will be admitted to the College of ACES.

I also know that every effort will be made to admit me to my preferred major and concentration. However, if this is not possible, I will be offered admission to a related academic program in the College of ACES.

I am aware that I can contact Casey McFadden, Transfer Coordinator in the Office of Academic Programs in the College of ACES at (217) 333-3380 or by email at [caseylm@illinois.edu](mailto:caseylm@illinois.edu) at any time I have a question or would like advising assistance.
