UW-Milwaukee offers the Bachelor of Science degree (B.S.) in nursing at the UW-Parkside campus through a consortial program. Students in the program attending UW-Parkside take classes at the Kenosha campus and are issued their degree from UW-Milwaukee. Students accepted into the program will complete the same curricular requirements as students enrolled on the UW-Milwaukee campus and meet the same eligibility requirements for admission to the nursing major.

1. Application Procedure

   A UW System application is required for admission to the university, along with an application fee, official high school and all official college transcripts. To apply, visit https://apply.wisconsin.edu. Application information and eligibility criteria for the major can be found at http://uwp.edu/catalog-pdfs/nurs.pdf. Pre-nursing students who seek to enter the nursing major are required to file an application with the nursing advisor. The College of Nursing Undergraduate Program Committee reviews the application and makes recommendations for admission.

2. Transfer Policies

   Courses may be repeated only once. No more than three required courses may be repeated. All credit for required courses must have been earned in the 10 years preceding progression into the nursing major. Grades of less than 2.0 (C) must be replaced by grades greater than 2.0 (C) no later than August for fall applicants. Students transferring from non-baccalaureate institutions to UW baccalaureate-granting institutions may generally transfer up to 72 credits earned at non-baccalaureate institutions toward the credits required for degree completion. UW institutions may accept additional credits toward the degree where appropriate.

3. Nursing Program Requirements (102 credits)

   The following requirements are in addition to UW-Milwaukee general education requirements.

   **A. Pre-Nursing Prerequisites (44 credits)**

   * UWP/UWM consortia program will accept CLC’s BIO 244 and 245 for the A&P I and II requirements for the program and CLC’s ENG 122 for the Advanced Composition requirement for the program. Should the student decide to switch majors to a different major at UWP, these courses may not transfer as direct equivalencies.
   
   ** See UW-P nursing advisor for list.
   
   ***If planning to take CHM 125 at CLC, student will need CHM 121 to meet the prerequisite.
