The Personal Success Program (PSP) offers a variety of vocational courses to meet the needs of students 18 years and older with mild to moderate cognitive impairment. The program’s focus is on gaining vocational skills to acquire entry-level employment.

Each class is led by a content expert who has experience teaching people with disabilities. A special education teacher is present in most classes to provide additional support. The curriculum is designed to be delivered at a level and pace appropriate to each student’s needs. All new students must be interviewed by the program coordinator to determine eligibility prior to enrolling in classes. For a new student interview, please email Sandy Schwab at sschwab@clcillinois.edu.

PSP continues to grow and deliver new and valuable vocational class topics. Below is a list of courses that rotate from semester to semester and students can chose to enroll in those classes that are of interest to them. We also welcome your ideas for new learning opportunities and potential instructors. Reach out with your ideas to Sandy at sschwab@clcillinois.edu.

Summer 2020 Course  
Career Exploration - Online

Explore the world of work with such topics as getting and keeping a job, employment readiness, time management skills, getting along with coworkers and supervisors, team building, career exploration, job searching techniques, completing an application and resume and interview skills. This program is the core of the personal success program and is recommended for first-time participants. This class will have online delivery via Zoom with a dedicated virtual classroom time where students and instructors connect together at the same time in their virtual classroom space.
