Managers
Employees:

1. **Q: How do I enter comp time in Absence Management?**
   
   A: Comp time is not entered as an absence request in Absence Management. Once Time and Labor is implemented, you will be able to choose to either receive pay or comp time for overtime hours worked. Once the system has a comp time balance available, you may utilize comp time hours for time off work vs. paid time off. This entry will be made in Time and Labor.

2. **Q: Can I enter paid time off for less than one hour?**
   
   A: Yes you can, but it is discouraged. It is advisable for you to work with your Manager to make up the time in the week/pay period the time is missed.

3. **Q: Can I request Vacation during my probationary period?**
   
   A: The system will allow you to submit an absence request for Vacation, but if you are within your probationary period or employed less than 3 months (Facilities & Police Union employees) the time requested will go to Unpaid Status. You will not be paid for this time off. *(Please refer to the “Tables of Data Entry Rules” in the Absence Management for Employees User’s Guide located on the Human Resources Intranet.)*

4. **Q: Can I enter absence requests even when I’m not at the College?**
   
   A: Yes! You will need to sign on to the CLC Portal to access PeopleSoft Employee Self Service. You may also utilize the Mobile App in June 2016 when it is activated.

5. **Q: What is available on the CLC Mobile App?**
   
   A: You will have the ability to view paid time off balances, view absence request history, and in June 2016, complete and submit absence requests.

6. **Q: How can I copy someone on my absence request submitted?**
   
   A: Absence Management does not have the ability to do this. You will receive an email once you have submitted a request. You can forward a copy of this email to whomever you choose.
7. **Q: Will the system allow me to submit an absence request if I don’t have enough of a balance available in a paid time off category?**

   A: Yes it will. The system is designed to sequence to other paid time off categories until all are exhausted, at which time the time off would go to Unpaid Status. It is highly recommended that employee’s check their available leave balances prior to submitting an absence request.

8. **Q: How does the system calculate for the Summer Hour work schedule?**

   A: Summer Hours are a work schedule update in the system. The summer work schedule will be input to deduct nine (9) hours for a day requested off. If you request an absence that straddles the current and future summer work schedule, the system will know which dates are for the current schedule and which ones are for the summer work schedule.

   If you request an absence for the summer work schedule before the schedules are updated, the system will show a calculate duration of 8 hours, but when the absence processes, the correct hours will be deducted (9 hours).

   Managers will be responsible for ensuring their part-time employee’s schedules are accurate. They will need to update the new summer work schedule or any other changes to their employee’s schedule in Absence Management. Human Resources will update the summer work schedule for applicable part-time employees for the summer 2016 year and change the schedule back at the end of this summer to the regular work schedule.

9. **Q: Will my current navigation to view my paid time off leave balances still work?**

   A: No it will not. The new navigation to view balances is: Main Menu > Self Service > Time Reporting > View Time > Absence Balances.

10. **Q: How often do my paid time off leave balances update?**

    A: Balances will be updated every Monday if absences are entered on a timely basis for time off in the week prior.

11. **Q: If I request 2 weeks' vacation, will my vacation balance update automatically?**

    A: No it will not. This request will not deduct until the week the vacation time falls within. You will have to keep this time off in mind if you request further vacation, as your balance will actually not yet reflect the previous request.

    To help you keep track of what time you have previously submitted, you may view your absence request history. The navigation to view your absence request history is: Main Menu > Self Service > Time Reporting > View Time > Absence Request History
12. Q: Can I view my future dated absence requests submitted to see if my Manager approved them?

A: Yes! You can view your Absence Request History to see the status of all absence requests you have submitted or saved for later. The navigation to do so is: Main Menu > Self Service > Time Reporting > View Time > Absence Request History.

13. Q: Does the Absence Management implementation affect our current department procedures for submitting absence requests?

A: No. Please follow your department procedures up to submittal of an absence request.

14. Q: If my Manager has left the College and he/she has not been replaced, who will approve my absence requests?

A: In this situation, your “reports to” person moves up one level for absence request approvals. All requests will automatically route to this individual. No employee can approve his/her own absence request.

15. Q: How do I enter an absence request if I need to use more than one leave type for the same day?

11. **Q: Can I delegate indefinitely? For example, to have an Office Manager approve absence requests on my behalf?**

    A: No you cannot. Human Resources procedure is that you can only delegate for a period up to 30 days maximum and may not be open-ended. This will be tracked.
