This training is for those who have been identified as a Campus Security Authority (CSA), as defined by the Jeanne Clery Campus Security Policy and Crime Statistics Disclosure Act of 1990 (Clery Act). This federal law requires every institution of higher education that receives financial aid funds from the federal government to provide training annually in their responsibilities to individuals at their institutions. As a CSA, you are responsible for maintaining current training certifications each calendar year. For your convenience, CLC makes these training sessions available to you online.

**Clery Act Training:**

- The **first** time you take the training, the session is approximately 1.5 hours (can be completed in sections).
- In the subsequent two **calendar years**, you are only required to complete the CSA **Recertification** course, which takes about one hour.
- In your **fourth** year as a CSA, you must repeat the full training.
- These courses will be made available to you in the online system annually in January as they become due.

**How to access the online training program:**

- You can take this training on your PC, Tablet or Smart Phone
- Watch the video below for a short 6 minute introduction on navigating through the platform and your training.
