

Attend a FAFSA & Alternative Application In-Person or Virtual Workshop!

Did you know that you have to fill out your FAFSA (Free Application for Federal Student Aid) application every single year in order to receive financial aid and many scholarships?

If you are not eligible to complete a FAFSA you may now be eligible to complete a Alternative Application for Illinois Financial Aid!

Attend a valuable, FREE FAFSA and Alternative Application Workshop in person or via Zoom!

Registration is not required for in person sessions.

For virtual sessions registration is required. Please send email to fa.facoach@clcollinois.edu with your two preferred dates and times. You will then receive a Zoom invite with the time and date that was available for you. This will be on a first come first serve basis. We will have several staff from the Financial Aid department available to assist for each day and time slot.
