AGENDA ITEM X.C. APPROVAL TO ENTER A LICENSE AGREEMENT WITH THE LAKE COUNTY FOREST PRESERVE DISTRICT TO OPERATE THE GREEN YOUTH FARM

Lead Staff: Ali O'Brien, Vice President for Community & Workforce Partnerships

College of Lake County (CLC) has been presented the opportunity to operate the Green Youth Farm at the Greenbelt Forest Preserve in North Chicago. For the past 20 years, this farm has been run by the Chicago Botanic Garden's (CBG) Windy City Harvest department, serving as a paid work experience and youth development program annually for 15-20 high school students from Waukegan and North Chicago. The Lake County Forest Preserve District (LCFPD) has allowed the location to be licensed to CBG for farm operations and workforce training. Both CBG and LCFPD are interested in having a Lake County-based organization manage the operations and programming at the Green Youth Farm to extend the learning that occurs on the farm into postsecondary education and career pathways in agriculture, health and wellness sciences, and entrepreneurship.

The program and maintenance of the farm have been financially supported by a combination of earned revenue from fresh produce sales, tours and field trip fees and raised revenue from family foundations and private donations. Youth stipends have been paid directly to participants from Lake County Workforce Development Department through the summer youth employment program. These financial structures would remain in place as CLC assumes programmatic and operational responsibility. There will not be a direct operating fund impact to launch the farm under CLC's leadership during FY2023.

The Green Youth Farm strategically aligns with CLC's efforts in sustainable and urban agriculture. The Farm creates a pipeline for high school students into CLC's postsecondary programs that exist at the Grayslake Campus Farm and the planned Lakeshore Campus Urban Farm Center. The Farm will allow CLC to achieve immediate produce production into the local food distribution system and creates an early, small scale opportunity for a VeggieRx program to launch with health care partners until the Urban Farm Center opens.

There is no cost to the College for the license agreement with LCFPD. As partners, the agreement outlines the responsibilities of each party clearly and provides for mutual benefit to both organizations. In year one of the agreement, the responsibilities of each party will be as follows:

Lake County Forest Preserve District will be responsible for:

- Preparing planting beds, including tilling soil and installation of compost or other soil amendments. Assist with ½ day planting day (using volunteers and/or staff from LCFPD and CLC).
- Engaging a contract grower to provide growing services.
- General landscape maintenance of mowed areas within and around the Licensed Premises.

Agenda Item X.C.

College of Lake County will be responsible for:

- Hiring a Green Youth Farm Coordinator/Program Manager.

- Creating and implementing a program curriculum.
- Recruiting, hiring, and managing student workers.
- Identifying individuals or organizations to benefit from free or low-cost access to the produce grown.

AGENDA ITEM X.G. FISCAL YEAR 2024 ANNUAL EMPLOYEE SALARY INCREASE AND SALARY STRUCTURE ADJUSTMENT

The Board approves non-union salary increases with the adoption of the College of Lake County budget each fiscal year. FY 2024 employment contracts will be posted with the June Board agenda.

In alignment with Board guidance during the FY 2024 budget development process and in consideration of the Total Rewards Philosophy CIP methodology, it is proposed that the College provide a base salary increase of 5.00% for regular, full-time and regular, part-time, non-union employees (Classified, Specialist, Administrative and Professional), if hired prior to April 1, 2023.
