VACCINATION REPORTING

Students who are fully vaccinated but have not yet submitted proof of COVID-19 vaccination must complete the vaccination status form.

WEEKLY TESTING REQUIREMENT FOR UNVACCINATED STUDENTS

Students who are not fully vaccinated, must certify they have tested for COVID-19 each week and complete the certification form.

In order to be compliant with this mandate, students must submit their testing certification each week by Thursday at 11:59 p.m. to be allowed entry to campus for the following week. Students will receive weekly email reminders to meet this requirement or to provide proof of vaccination.

Students who are repeatedly not compliant are subject to be dropped from in-person classes.

Students must keep documentation of their weekly test result to provide proof of a negative test result when requested to do so.
